

PROSPECTUS

J. Crew Group, Inc.

Offer to Exchange Series B 13 1/8% Senior Discount Debentures due 2008, which have been registered under the Securities Act of 1933, as amended, for any and all outstanding Series A 13 1/8% Senior Discount Debentures due 2008

The Exchange Offer will expire at 5:00 p.m., New York City time, on April 3, 1998, unless extended. J. Crew Group, Inc., a New York corporation (the "Issuer" or "Holdings"), hereby offers, upon the terms and subject to the conditions set forth in this Prospectus and the accompanying letter of transmittal (the "Letter of Transmittal" and such offer being the "Exchange Offer"), to exchange Series B 13 1/8% Senior Discount Debentures due 2008 of the Issuer (the "New Debentures"), which have been registered under the Securities Act of 1933, as amended (the "Securities Act"), pursuant to a Registration Statement of which this Prospectus is a part, for an equal principal amount of outstanding Series A 13 1/8% Senior Discount Debentures due 2008 of the Issuer (the "Old Debentures"), of which \$142,000,000 aggregate principal amount at maturity is outstanding as of the date hereof. The New Debentures and the Old Debentures are collectively referred to herein as the "Debentures."

Any and all Old Debentures that are validly tendered and not withdrawn on or prior to 5:00 P.M., New York City time, on the date the Exchange Offer expires, which will be April 3, 1998 unless the Exchange Offer is extended (such date, including as extended, the "Expiration Date"), will be accepted for exchange. Tenders of Old Debentures may be withdrawn at any time prior to 5:00 P.M., New York City time on the Expiration Date. The Exchange Offer is not conditioned upon any minimum principal amount of Old Debentures being tendered for exchange. However, the Exchange Offer is subject to certain customary conditions, which may be waived by the Issuer, and to the terms of the Registration Rights Agreement, dated as of October 17, 1997, by and among the Issuer and Donaldson, Lufkin & Jenrette Securities Corporation and Chase Securities Inc. (the "Initial Purchasers") (the "Registration Rights Agreement"). Old Debentures may only be tendered in integral multiples of \$1,000 of principal amount at maturity. See "The Exchange Offer."

The New Debentures will be entitled to the benefits of the same Indenture (as defined herein) that governs the Old Debentures and that will govern the New Debentures. The form and terms of the New Debentures are the same in all material respects as the form and terms of the Old Debentures, except that the New Debentures have been registered under the Securities Act and therefore will not bear legends restricting the transfer thereof. See "The Exchange Offer" and "Description of the New Debentures."

The New Debentures will be represented by permanent global debentures in fully registered form and will be deposited with, or on behalf of, The Depository Trust Company ("DTC") and registered in the name of a nominee of DTC. Beneficial interests in the permanent global debentures will be shown on, and transfers thereof will be effected through, records maintained by DTC and its participants.

Based on interpretations by the staff of the Securities and Exchange Commission (the "Commission"), as set forth in no-action letters issued to third parties, including Exxon Capital Holdings Corporation, SEC No-Action Letter (available May 13, 1988), Morgan Stanley & Co. Incorporated, SEC No-Action Letter (available June 5, 1991) and Shearman & Sterling, SEC No-Action Letter (available July 2, 1993) (collectively, the "Exchange Offer No-Action Letters"), the Issuer believes that the New Debentures issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by each holder (other than a broker-dealer who acquires such New Debentures directly from the Issuer for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act and other than any holder that is an "affiliate" (as defined in Rule 405 under the Securities Act) of the Issuer) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Debentures are acquired in the ordinary course of such holder's business and such holder is not engaged in, and does not intend to engage in, a distribution of such New Debentures and has no arrangement with any person to participate in a distribution of such New Debentures. By tendering Old Debentures in exchange for New Debentures, each holder, other than a broker-dealer, will represent to the Issuer that: (i) it is not an affiliate (as defined in Rule 405 under the Securities Act) of the Issuer; (ii) it is not a broker-dealer tendering Old Debentures acquired for its own account directly from the Issuer; (iii) any New Debentures to be received by it will be acquired in the ordinary course of its business; and (iv) it is not engaged in, and does not intend to engage in, a distribution of such New Debentures and has no arrangement or understanding to participate in a

distribution of New Debentures. If a holder of Old Debentures is engaged in or intends to engage in a distribution of New Debentures or has any arrangement or understanding with respect to the distribution of New Debentures to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction.

(continued on next page)

FOR A DISCUSSION OF CERTAIN FACTORS THAT SHOULD BE CONSIDERED BY PARTICIPANTS IN THE EXCHANGE OFFER, SEE "RISK FACTORS" BEGINNING ON PAGE 16 OF THIS PROSPECTUS.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION NOR HAS THE SECURITIES AND EXCHANGE COMMISSION OR ANY STATE SECURITIES COMMISSION PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

[GRAPHIC OMITTED]The date of this Prospectus is March 6, 1998

(continued from cover page)

Each broker-dealer that receives New Debentures for its own account pursuant to the Exchange Offer (a "Participating Broker-Dealer") must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such New Debentures. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Debentures received in exchange for Old Debentures where such Old Debentures were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. Pursuant to the Registration Rights Agreement, the Issuer has agreed that it will make this Prospectus available to any Participating Broker-Dealer for a period of time not to exceed one year after the date on which the Exchange Offer is consummated for use in connection with any such resale. See "Plan of Distribution."

The Issuer will not receive any proceeds from this offering. The Issuer has agreed to pay the expenses of the Exchange Offer. No underwriter is being utilized in connection with the Exchange Offer.

THE EXCHANGE OFFER IS NOT BEING MADE TO, NOR WILL THE ISSUER ACCEPT SURRENDERS FOR EXCHANGE FROM, HOLDERS OF OLD DEBENTURES IN ANY JURISDICTION IN WHICH THE EXCHANGE OFFER OR THE ACCEPTANCE THEREOF WOULD NOT BE IN COMPLIANCE WITH THE SECURITIES AND BLUE SKY LAWS OF SUCH JURISDICTION.

The Old Debentures have been designated as eligible for trading in the Private Offerings, Resale and Trading through Automated Linkages ("PORTAL") market. Prior to this Exchange Offer, there has been no public market for the New Debentures. If such a market were to develop, the New Debentures could trade at prices that may be higher or lower than their principal amount. The Issuer does not intend to apply for listing of the New Debentures on any securities exchange or for quotation of the New Debentures on The Nasdaq Stock Market's National Market or otherwise. The Initial Purchasers have previously made a market in the Old Debentures, and the Issuer has been advised that the Initial Purchasers currently intend to make a market in the New Debentures, as permitted by applicable laws and regulations, after consummation of the Exchange Offer. The Initial Purchasers are not obligated, however, to make a market in the Old Debentures or the New Debentures and any such market making activity may be discontinued at any time without notice at the sole discretion of the Initial Purchasers. There can be no assurance as to the liquidity of the public market for the New Debentures or that any active public market for the New Debentures will develop or continue. If an active public market does not develop or continue, the market price and liquidity of

the New Debentures may be adversely affected. See "Risk Factors--Absence of a Public Market."

AVAILABLE INFORMATION

The Issuer is not currently subject to the periodic reporting and other informational requirements of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Issuer will become subject to such requirements upon the effectiveness of the Registration Statement (as defined herein). Pursuant to the indenture by and among the Issuer and State Street Bank and Trust Company (as trustee), dated as of October 17, 1997 (the "Indenture"), the Issuer has agreed to file with the Commission and provide to the holders of the Old Debentures annual reports and the information, documents and other reports which are required to be delivered pursuant to Sections 13 and 15(d) of the Exchange Act.

This Prospectus constitutes a part of a registration statement on Form S-4 (together with all amendments and exhibits, the "Registration Statement") filed by the Issuer with the Commission, through the Electronic Data Gathering, Analysis and Retrieval System ("EDGAR"), under the Securities Act, with respect to the New Debentures offered hereby. This Prospectus omits certain of the information contained in the Registration Statement, and reference is hereby made to the Registration Statement for further information with respect to the Issuer and the securities offered hereby. Although statements concerning and summaries of certain documents are included herein, reference is made to the copies of such documents filed as exhibits to the Registration Statement or otherwise filed with the Commission. These documents may be inspected without charge at the office of the Commission at Judiciary Plaza, 450 Fifth Street, N.W., Washington, D.C. 20549, and copies may be obtained at fees and charges prescribed by the Commission. Copies of such materials may also be obtained from the Web site that the Commission maintains at <http://www.sec.gov>.

PROSPECTUS SUMMARY

Prior to the Recapitalization (as defined herein), Holdings owned all of the stock, directly or indirectly, of the various subsidiaries that had carried on the businesses described herein. In connection with the Recapitalization, Holdings organized J. Crew Operating Corp., a Delaware corporation ("Operating Corp"), and immediately prior to the consummation of the Recapitalization, Holdings transferred substantially all of its assets and liabilities to Operating Corp. Holdings' current operations are, and future operations are expected to be, limited to owning the stock of the Operating Corp. Holdings and its subsidiaries are collectively referred to herein as the "Company." The following summary is qualified in its entirety by the more detailed information and financial statements and the Unaudited Pro Forma Consolidated Financial Data of the Issuer, including the notes thereto, appearing elsewhere in this Prospectus. Except as otherwise set forth herein, references herein to "pro forma" financial data of the Issuer are to financial data of the Issuer which gives effect to the Recapitalization, including the issuance of the Debentures, the issuance of the Holdings Preferred Stock (as defined herein), the Holdings Common Equity Contribution (as defined herein) and the Operating Corp Distribution (as defined herein). References herein to fiscal years are to the fiscal years of Holdings, which end on the Friday closest to January 31 in the following calendar year. Accordingly, fiscal years 1992, 1993, 1994, 1995 and 1996 ended on January 29, 1993, January 28, 1994, February 3, 1995, February 2, 1996 and January 31, 1997. All fiscal years for which financial information is included in this Prospectus had 52 weeks, except fiscal 1994 which had 53 weeks.

The Company

Overview

The Company is a leading mail order and store retailer of women's and men's apparel, shoes and accessories operating primarily under the J. Crew(R) brand name. Under the direction of Emily Woods and Arthur Cinader (co-founders of the J. Crew brand and father and daughter), the Company has built a strong and widely recognized brand name known for its timeless styles at price points that the Company believes represent exceptional product value. The J. Crew image has been built and reinforced over its 14-year history through the circulation of more than one-half billion catalogs that use magazine-quality photography to portray a classic American perspective and aspirational lifestyle. Many of the original items introduced by the Company in the early 1980s (such as the rollneck sweater, weathered chino, barn jacket and pocket tee) were instrumental in establishing the J. Crew brand and continue to be core product offerings. The Company has capitalized on the strength of the J. Crew brand to provide customers with clothing to meet more of their lifestyle needs, including casual, career and sport. The strength of the J. Crew brand is demonstrated by a compound annual growth rate of 15.4% in J. Crew brand revenues between fiscal 1992 and fiscal 1996.

The J. Crew merchandising strategy emphasizes timeless styles and a broad assortment of high-quality products designed to provide customers with one-stop shopping opportunities at attractive prices. J. Crew catalogs and retail stores offer a full line of men's and women's basic durables (casual weekend wear), sport, swimwear, accessories and shoes, as well as the more tailored men's sportswear and women's "Classics" lines. Approximately 60% of the Company's J. Crew brand sales are derived from its core offerings of durables and sport clothing, the demand for which the Company believes is stable and resistant to changing fashion trends. The Company believes that the J. Crew image and merchandising strategy appeal to college-educated, professional and affluent customers who, in the Company's experience, have demonstrated strong brand loyalty and a tendency to make repeat purchases.

J. Crew products are distributed exclusively through the Company's catalog and store distribution channels. The Company currently circulates over 76 million J. Crew catalogs per annum and owns and operates 49 J. Crew retail stores and 42 J. Crew factory outlets. In addition, J. Crew products are distributed through 67 free-standing and shop-in-shop stores in Japan under a licensing agreement with Itochu Corporation and Itochu Fashion System Co., Ltd. (collectively "Itochu").

In addition to the Company's J. Crew operations, the Company operates Clifford & Wills, Inc. ("C&W"), a mail order and factory store women's apparel business that targets older, more conservative customers, and Popular Club Plan, Inc. ("PCP"), a direct selling catalog merchandiser of consumer branded goods through a "club" concept that provides credit sales to lower-income customers. During the twelve-month period ended November 7, 1997, the Company generated total revenues of \$836.7 million, of which \$583.1 million or approximately 70% was attributable to the J. Crew brand, and total Adjusted EBITDA of \$47.6 million. See "--Summary Unaudited Pro Forma Consolidated Financial Data" for a description of Adjusted EBITDA.

Business Strengths

Since its inception, the Company has pursued a consistent operating strategy which has resulted in the following key strengths and distinguishing characteristics:

- Strong, Recognizable Brand. The Company has created a recognizable, differentiated brand image reflecting an American aspirational lifestyle. The J. Crew image is consistently communicated through all aspects of the Company's business including its merchandise design, distinctive catalogs and retail store environment. The Company's high-quality products, strong brand image and customer loyalty have resulted in strong gross margins and retail sales productivity.
- Premium Quality Products and Distinctive Designs at Attractive Price Points. The Company offers premium quality products reflecting a classic, clean aesthetic with a consistent design philosophy. All J. Crew products are designed by an in-house team of 15 designers led by Emily Woods. The Company believes that its in-house design capabilities ensure a coherent set of product offerings from season to season and year to year that provides significant value to its customers through attractive price points.
- Proven Retail Store Concept. J. Crew retail stores historically have generated strong and stable operating results. The Company believes that its sales per gross square foot are among the highest in its industry segment. J. Crew retail stores open during all of fiscal 1996 generated the following key operating statistics:

	Fiscal 1996

	Average

Sales per gross square foot	\$575
Store contribution margin	25.9%

Approximately 81% of the J. Crew retail stores that were open during all of 1996 had store contribution margins above 20%. All of the Company's J. Crew retail stores are profitable and have generated positive store contribution within the first twelve months of operation. In addition, J. Crew retail stores opened since fiscal 1992 have averaged approximately \$550 in sales per gross square foot and 23.0% store contribution margin during the first twelve months of operation.

- Broad and Stable Product Offering. The Company's J. Crew product offering includes a broad array of items which appeal to a diverse customer base, spanning gender and age segments. A substantial portion of the J. Crew product line consists of basic durables, such as chinos, jeans and sweaters, which are not significantly modified from year to year and, in the Company's opinion, are resistant to shifting fashion trends. In 1996, sales of durables and sport clothing represented approximately 60% of total J. Crew brand revenues, having increased at a compound annual growth rate of approximately 15% since 1992.
- Synergistic Distribution Channels. The Company believes that the concurrent operation of the J. Crew mail order business and J. Crew retail stores provides a distinct advantage in the development of the J. Crew brand. Visibility and exposure of the brand are enhanced by the broad circulation of catalogs, aiding the expansion of the retail concept. In addition, the Company believes that the retail operations help attract first-

time "walk-by" customers to the catalog and improve the salability of fit-critical items through the catalog. The Company further believes that diversified distribution channels help insulate the Company against circumstances and events uniquely affecting one distribution channel or the other.

- **Tightly Controlled Distribution.** By selling products exclusively through J. Crew catalogs, J. Crew retail stores and J. Crew factory outlets, the Company is able to present and maintain a consistent brand image, control the presentation and pricing of its merchandise, provide a higher level of customer service, and closely monitor retail sell-through. The Company believes that tight control over the distribution of its products provides competitive advantages over other branded apparel retailers that distribute their goods through department stores.

Opportunities

The Company believes that substantial opportunities exist to enhance revenue and profitability by increasing efficiencies in the J. Crew mail order business and by expanding the J. Crew retail business.

- **Implement Tactical Cost Savings Opportunities.** While the Company believes that gross margins in the J. Crew mail order business have been strong, overall catalog profitability has been depressed by unnecessarily high operating expenses. The Company has identified a number of tactical cost savings that could be realized without affecting the Company's franchise or brand image. Included in Adjusted EBITDA are \$7.5 million in estimated annual savings resulting from actions implemented prior to the Recapitalization, including the recent renegotiation of its catalog vendor contract, selected headcount and net payroll reductions and the insourcing of certain photography functions. The Company has identified approximately \$7 million of further potential annual savings that are not reflected in Adjusted EBITDA, including process efficiencies currently under review, reduction of the Base Book trim size, installation of automatic sorting equipment and consolidation of the J. Crew and C&W New York corporate offices. The Company believes these additional cost savings could be implemented by mid-1998.
- **Realize Cash Flow Increases Through J. Crew Mail Order SKU Rationalization.** The Company's J. Crew mail order product offerings have increased from 33,000 stock-keeping units ("SKUs") in 1992 to 66,000 SKUs in 1996, partly as a result of a proliferation in colors and sizes offered. In recent season-to-season testing on the Company's swimwear and chino lines, the Company reduced SKUs by 33% and 45%, respectively, while posting category revenue increases. By eliminating slower-selling colors and sizes from its core offering, the Company believes it will be better able to forecast demand, increase fill rates and increase inventory turns, resulting in enhanced operating cash flow.
- **Increase J. Crew Catalog Productivity Through Increased Segmentation.** The Company believes that it circulates fewer and less-targeted catalog editions than its competitors, and that catalog productivity (as measured by initial demand per page circulated) could be enhanced by more precise targeting of catalog mailings through further customer segmentation. For example, in 1996 the Company introduced a Women's catalog which to date has achieved 20% higher initial demand per page circulated than that of the Company's primary mailing, the Base Book. To further enhance its segmentation efforts, the Company has recently introduced a College catalog and plans to introduce a Swimwear catalog in 1998. From 1997 to 1998, the increased segmentation is expected to result in an approximately 5% increase in the number of catalogs circulated, but an approximately 8% decrease in total pages circulated. Reductions in total pages circulated should result in a decrease in paper and postage expenses.
- **Expand J. Crew Retail Operations.** The Company's J. Crew retail store expansion strategy is to continue to increase its market share in its existing markets and to penetrate new markets. The Company expects to open a total of 12 stores in fiscal 1997, ten of which were open as of November 7, 1997. The Company currently intends to open 12 to 20 stores annually, funded primarily by cash flow generated from operations, resulting in approximately 100 stores in operation by the end of fiscal 2000. Historically, new stores have cost the

Company an average of \$1.5 million in building improvements and working capital expenditures and have experienced a pay-back period of approximately 20 months. The Company has established an administrative infrastructure that it believes is sufficient to accommodate the retail expansion plan, providing the Company with additional margin improvement through overhead leverage. In addition, the Company believes, with a store base of only 49 stores, its markets are underpenetrated relative to its competitors and enough suitable locations exist nationwide to accommodate its expansion plan.

Holdings was incorporated under the laws of the State of New York in 1988 as a successor to Popular Services, Inc. Holdings maintains its principal executive office at 770 Broadway, New York, New York, 10003, and its telephone number is (212) 209-2500.

J. Crew (R) is a registered trademark of a wholly-owned subsidiary of the Company.

The Recapitalization

Holdings, its shareholders (the "Shareholders") and TPG Partners II, L.P. ("TPG Partners II") entered into a Recapitalization Agreement dated as of July 22, 1997, as amended as of October 17, 1997 (the "Recapitalization Agreement") which provided for the recapitalization of Holdings (the "Recapitalization"). Pursuant to the Recapitalization Agreement, Holdings purchased from the Shareholders all outstanding shares of Holdings' capital stock, other than shares having an implied value of \$11.1 million, almost all of which continues to be held by Emily Woods, and which represented 14.8% of the outstanding shares of common stock, par value \$.01 per share, of Holdings ("Holdings Common Stock") immediately following the transaction.

In connection with the Recapitalization, Holdings organized Operating Corp and immediately prior to the consummation of the Recapitalization, Holdings transferred substantially all of its assets and liabilities to Operating Corp. Holdings' current operations are, and future operations are expected to continue to be, limited to owning the stock of Operating Corp. Operating Corp has repaid substantially all of the Company's funded debt obligations existing immediately before the consummation of the Recapitalization (the "Debt Retirement"). At October 17, 1997, the aggregate principal amount of the Company's funded indebtedness was \$186.0 million, consisting of \$85.0 million aggregate principal amount of Senior Notes (the "Retired Senior Notes"), \$99.0 million outstanding under a seasonal revolving credit facility (the "Retired Bank Credit Facility") and \$2.0 million outstanding under an industrial revenue bond (the "Industrial Revenue Bond").

Cash funding requirements for the Recapitalization (which was consummated on October 17, 1997) totalled \$559.7 million (including \$99.0 million in seasonal borrowings) and were satisfied through the purchase by TPG Partners II and investors of an aggregate \$188.9 million in Holdings' equity securities together with an aggregate \$330.8 million in borrowings and \$40.0 million in proceeds from the securitization of certain of the Company's accounts receivable, as follows: (i) the purchase by TPG Partners II, its affiliates and other investors of shares of Holdings' Common Stock (representing 85.2% of the outstanding shares) for \$63.9 million (the "Holdings Common Equity Contribution"); (ii) the purchase by TPG Partners II, its affiliates and other investors of \$125.0 million in liquidation value of preferred stock issued by Holdings (the "Holdings Preferred Stock"); (iii) gross proceeds of \$75.3 million from the issuance and sale by Holdings of the Old Debentures (the "Offering"); (iv) \$150.0 million from the gross proceeds of the offering by Operating Corp of the 10 3/8% Senior Subordinated Notes due 2007 (the "Operating Corp Senior Subordinated Notes") in a separate offering in which the Initial Purchasers acted as initial purchasers; (v) \$40.0 million in proceeds from the securitization of certain of the Company's accounts receivable (the "Securitization"); (vi) \$70.0 million of borrowings under a senior secured term loan facility among Operating Corp, Holdings, the several lenders from time to time parties thereto (collectively, the "Banks"), The Chase Manhattan Bank, as administrative and collateral agent ("Chase"), and Donaldson, Lufkin & Jenrette Securities Corporation, as syndication agent ("DLJ"), (the "Term Loan Facility"); and (vii) \$35.6 million of borrowings under a senior secured revolving credit facility among the Operating Corp, Holdings, the Banks, Chase and DLJ (the "Revolving Credit Facility" and, together with the Term Loan Facility, the "Bank Facilities"). See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital

Resources," "Description of the New Debentures," "Description of Operating Corp Indebtedness" and "Capital Stock of Holdings and Operating Corp."

The Recapitalization was accounted for as a recapitalization transaction for accounting purposes. The repurchase of shares from the Shareholders, the Debt Retirement, the Holdings Common Equity Contribution, the issuance and sale by Holdings of the Holdings Preferred Stock and the Old Debentures, the borrowing by Operating Corp of funds under the Bank Facilities and the Securitization and the issuance and sale by Operating Corp of the Operating Corp Senior Subordinated Notes were effected in connection with the "Recapitalization."

The following table sets forth the sources and uses of funds in connection with the Recapitalization as it occurred on October 17, 1997:

	(dollars in thousands)
Sources:	
Revolving Credit Facility (1).....	\$ 35,559
Term Loan Facility.....	70,000
Securitization (2).....	40,000
Operating Corp Senior Subordinated Notes..	150,000
Debentures issued in the Offering.....	75,257
Holdings Preferred Stock.....	125,000
Holdings Common Equity Contribution.....	63,891

Total Sources.....	\$ 559,707
	=====
Uses:	
Repurchase of Holdings' Capital Stock.....	\$ 316,688
Repayment of Retired Bank Credit Facility (3)	99,212
Repayment of Retired Senior Notes (4).....	93,104
Retirement of Industrial Revenue Bond.....	1,963
Transaction Fees and Expenses and Other Transacayments(5)	48,740

Total Uses.....	\$ 559,707
	=====

- (1) Reflects borrowings to partially refinance seasonal borrowings outstanding under the Retired Bank Credit Facility. Giving effect to the Recapitalization, average outstanding borrowings under the Revolving Credit Facility would have been \$12.2 million during the twelve months ended November 7, 1997. Excludes letters of credit issued to facilitate international merchandise purchases, which had an aggregate outstanding balance of \$37.4 million as of November 7, 1997. See the notes to the "Unaudited Pro Forma Statements of Operations" included herein.
- (2) The Company securitized approximately \$40 million of PCP consumer loan installment receivables off-balance sheet simultaneously with the consummation of the Recapitalization pursuant to a facility arranged by affiliates of the Initial Purchasers. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources" and "Description of Other Issuer Indebtedness--Receivables Facility."
- (3) Includes \$0.2 million of accrued interest.
- (4) Includes a \$5.8 million make-whole premium in connection with the prepayment of the Retired Senior Notes and \$2.3 million of accrued interest.
- (5) Includes Holdings' expenses, management bonuses, financial advisory, consulting and other professional fees and deferred financing costs. See "Certain Relationships and Related Transactions."

Texas Pacific Group

Texas Pacific Group ("TPG") was founded by David Bonderman, James G. Coulter and William S. Price, III in 1992 to pursue public and private investment opportunities through a variety of methods, including leveraged buyouts, recapitalizations, joint ventures, restructurings and strategic public securities investments. The principals of TPG operate TPG Partners, L.P. and TPG Partners II, both Delaware limited partnerships with aggregate committed capital of over \$3.2 billion. Among TPG's investments are branded consumer products companies Beringer Wine Estates, Del Monte Foods Company and Ducati Motor. Other TPG portfolio companies include America West Airlines, Belden & Blake Corporation, Favorite Brands International, Paradyne, Virgin Entertainment and Vivra Specialty Partners. In addition, the principals of TPG led the \$9 billion reorganization of Continental Airlines in 1993.

The Exchange Offer

Registration Rights Agreement.....	The Old Debentures were issued on October 17, 1997 to the Initial Purchasers. The Initial Purchasers placed the Old Debentures with institutional investors. In connection therewith, the Issuer and the Initial Purchasers entered into the Registration Rights Agreement, providing, among other things, for the Exchange Offer. See "The Exchange Offer."
The Exchange Offer.....	New Debentures are being offered in exchange for an equal principal amount of Old Debentures. As of the date hereof, \$142,000,000 aggregate principal amount at maturity of Old Debentures is outstanding. Old Debentures may be tendered only in integral multiples of \$1,000 of principal amount at maturity.
Resale of New Debentures.....	Based on interpretations by the staff of the Commission, as set forth in no-action letters issued to third parties, including the Exchange Offer No-Action Letters, the Issuer believes that the New Debentures issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by each holder thereof (other than a broker-dealer who acquires such New Debentures directly from the Issuer for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act and other than any holder that is an "affiliate" (as defined under Rule 405 of the Securities Act) of the Issuer) without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Debentures are acquired in the ordinary course of such holder's business and such holder is not engaged in, and does not intend to engage in, a distribution of such New Debentures and has no arrangement with any person to participate in a distribution of such New Debentures. By tendering the Old Debentures in exchange for New Debentures, each holder, other than a broker-dealer, will represent to the Issuer that: (i) it is not an affiliate (as defined in Rule 405 under the Securities Act) of the Issuer; (ii) it is not a broker-dealer tendering Old Debentures acquired for its own account directly from the Issuer; (iii) any New Debentures to be received by it were acquired in the ordinary course of its business; and (iv) it is not engaged in, and

does not intend to engage in, a
distribution of such New Debentures
and has no

arrangement or understanding to participate in a distribution of the New Debentures. If a holder of Old Debentures is engaged in or intends to engage in a distribution of the New Debentures or has any arrangement or understanding with respect to the distribution of the New Debentures to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. Each Participating Broker-Dealer that receives New Debentures for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such New Debentures. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Debentures received in exchange for Old Debentures where such Old Debentures were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. The Issuer has agreed that it will make this Prospectus available to any Participating Broker-Dealer for a period of time not to exceed one year after the date on which the Exchange Offer is consummated for use in connection with any such resale. See "Plan of Distribution." To comply with the securities laws of certain jurisdictions, it may be necessary to qualify for sale or register the New Debentures prior to offering or selling such New Debentures. The Issuer has agreed, pursuant to the Registration Rights Agreement and subject to certain specified limitations therein, to register or qualify the New Debentures for offer or sale under the securities or "blue sky" laws of such jurisdictions as may be necessary to permit consummation of the Exchange Offer.

Consequences of
Failure to Exchange Old
Debentures.....

Upon consummation of the Exchange Offer, subject to certain exceptions, holders of Old Debentures who do not exchange their Old Debentures for New Debentures in the Exchange Offer will no longer be entitled to registration rights and will not be able to offer or sell their Old Debentures, unless such Old Debentures are subsequently registered under the Securities Act (which, subject to certain limited exceptions, the Issuer will have no obligation to do), except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. See "Risk Factors--Risk Factors Relating to the Debentures--Consequences of Failure to Exchange" and "The Exchange Offer--Terms of the Exchange Offer."

Expiration Date..... 5:00 p.m., New York City time, on April 3, 1998, unless the Exchange Offer is extended, in which case the term "Expiration Date" means the latest date and time to which the Exchange Offer is extended.

Yield and Interest on the New Debentures.....13 1/8% (computed on a semi-annual bond equivalent basis) calculated from October 17, 1997. The New Debentures will accrete at a rate of 13 1/8%, compounded semi-annually, to an aggregate principal amount of \$142.0 million by October 15, 2002. Cash interest will not accrue on the New Debentures prior to October 15, 2002. Commencing October 15, 2002, cash interest on the New Debentures will accrue and be payable, at a rate of 13 1/8% per annum, semi-annually in arrears on each April 15 and October 15.

Conditions to the Exchange Offer The Exchange Offer is not conditioned upon any minimum principal amount of Old Debentures being tendered for exchange. However, the Exchange Offer is subject to certain customary conditions, which may, under certain circumstances, be waived by the Issuer. See "The Exchange Offer--Conditions." Except for the requirements of applicable federal and state securities laws, there are no federal or state regulatory requirements to be complied with or obtained by the Issuer connection in with the Exchange Offer.

Procedures for Tendering Old Debentures Each holder of Old Debentures wishing to accept the Exchange Offer must complete, sign and date the Letter of Transmittal, in accordance with the instructions contained herein and therein, and mail or otherwise deliver such Letter of Transmittal, together with the Old Debentures to be exchanged and any other required documentation to the Exchange Agent (as defined herein) at the address set forth herein or effect a tender of Old Debentures pursuant to the procedures for book-entry transfer as provided for herein. See "The Exchange Offer--Procedures for Tendering" and "--Book Entry Transfer."

Guaranteed Delivery Procedures..... Holders of Old Debentures who wish to tender their Old Debentures and whose Old Debentures are not immediately available or who cannot deliver their Old Debentures and a properly completed Letter of Transmittal or any other documents required by the Letter of Transmittal to the Exchange Agent prior to the Expiration Date may tender their Old Debentures according to the guaranteed delivery procedures set forth in "The Exchange Offer--Guaranteed Delivery Procedures."

Withdrawal Rights..... Tenders of Old Debentures may be withdrawn at any time prior to 5:00 p.m., New York City time, on the Expiration Date. To withdraw a tender of Old Debentures, a written notice of withdrawal must be received by the Exchange Agent at its address set forth herein under "The Exchange Offer--Exchange Agent" prior to 5:00 p.m., New York City time, on the Expiration Date.

Acceptance of Old
Debentures and
Delivery of

New Debentures Subject to certain conditions, any and all Old Debentures that are properly tendered in the Exchange Offer prior to 5:00 p.m., New York City time, on the Expiration Date will be accepted for exchange. The New Debentures issued pursuant to the Exchange Offer will be delivered promptly following the Expiration Date. See "The Exchange Offer--Terms of the Exchange Offer."

Certain Tax Considerations... The exchange of New Debentures for Old Debentures should not be considered a sale or exchange or otherwise a taxable event for Federal income tax purposes. See "Certain U.S. Federal Tax Considerations."

Exchange Agent..... State Street Bank and Trust Company is serving as exchange agent (the "Exchange Agent") in connection with the Exchange Offer.

Fees and Expenses..... All expenses incident to consummation of the Exchange Offer and compliance with the Registration Rights Agreement will be borne by the Issuer. See "The Exchange Offer--Fees and Expenses."

Use of Proceeds..... There will be no cash proceeds payable to the Issuer from the issuance of the New Debentures pursuant to the Exchange Offer. See "Use of Proceeds."

Summary of Terms of New Debentures

The Exchange Offer relates to the exchange of up to \$142,000,000 aggregate principal amount at maturity of Old Debentures for up to an equal aggregate principal amount of New Debentures. The New Debentures will be entitled to the benefits of the same Indenture that governs the Old Debentures and that will govern the New Debentures. The form and terms of the New Debentures are the same in all material respects as the form and terms of the Old Debentures, except that the New Debentures have been registered under the Securities Act and therefore will not bear legends restricting the transfer thereof. See "Description of the New Debentures."

Maturity Date..... October 15, 2008.

Yield and Interest Rate and Payment Dates..... 13 1/8% (computed on a semi-annual bond equivalent basis) calculated from October 17, 1997. The New Debentures will accrete at a rate of 13 1/8%, compounded semi-annually, to an aggregate principal amount of \$142.0 million by October 15, 2002. Cash interest will not accrue on the New Debentures prior to October 15, 2002. Commencing October 15, 2002, cash interest on the New Debentures will accrue and be payable, at a rate of 13 1/8% per annum, semi-annually in arrears on each April 15 and October 15.

Optional Redemption..... The New Debentures will be redeemable at the option of Holdings, in whole or in part, at any time on or after October 15, 2002, in cash at the redemption prices set forth herein, plus accrued and unpaid interest and Liquidated Damages (as defined herein), if any, thereon to the redemption date. In addition, at any time prior to October 15, 2000, Holdings may, at its option, on any one or more occasions, redeem up to 35% of the aggregate principal amount at maturity of the New Debentures originally issued at a redemption price equal to 113.125% of the Accreted Value (as defined herein) thereof, plus Liquidated Damages, if any, with the net cash proceeds of one or more Equity Offerings (as defined herein); provided that at least 65% of the original aggregate principal amount at maturity of the New Debentures will remain outstanding immediately following each such redemption. See "Description of the New Debentures--Optional Redemption."

Repurchase at the Option of Holders..... Upon the occurrence of a Change of Control (as defined herein) each holder of New Debentures will have the right to require Holdings to repurchase all or any part of such holder's New Debentures at a price in cash equal to 101% of the Accreted Value thereof plus Liquidated Damages, if any, thereon to the date of repurchase in the case of any such purchase on or after October 15, 2002. Holdings does not have, and may not in the future have, any assets other than common stock of Operating Corp (which will be pledged to secure Operating Corp's obligations under the Bank Facilities). As a result, Holdings' ability to repurchase all or any part of the New Debentures upon the occurrence of a Change of Control will be dependent upon the receipt of dividends or other distributions from its direct and indirect subsidiaries. The Bank Facilities and the Operating Corp Senior Subordinated Notes restrict

Operating Corp from paying
dividends and making any

other distributions to Holdings. If Holdings is unable to obtain dividends from Operating Corp sufficient to permit the repurchase of the New Debentures or does not refinance such indebtedness, Holdings will likely not have the financial resources to purchase New Debentures upon the occurrence of a Change of Control. In any event, there can be no assurance that Holdings' subsidiaries will have the resources available to pay any such dividend or make any such distribution. Furthermore, the Bank Facilities provide that certain change of control events will constitute a default thereunder and the Operating Corp Senior Subordinated Notes provide that, in the event of a Change of Control, Operating Corp will be required to offer to repurchase the Operating Corp Senior Subordinated Notes at the price specified therefore. Holdings' failure to make a Change of Control Offer (as defined herein) when required or to purchase tendered New Debentures when tendered would constitute an Event of Default (as defined herein) under the Indenture. See "Description of the New Debentures--Repurchase at the Option of Holders."

Ranking..... The New Debentures will be senior obligations of Holdings. The New Debentures will rank pari passu in right of payment with all future senior indebtedness of Holdings and will rank senior in right of payment to all future subordinated indebtedness of Holdings. The New Debentures will be effectively subordinated to all liabilities of Holdings' subsidiaries. See "Description of the New Debentures."

Covenants..... The Indenture contains certain covenants that, among other things, will limit the ability of Holdings and its Restricted Subsidiaries (as defined herein) to: incur indebtedness and issue preferred stock, repurchase Capital Stock (as defined herein) and certain indebtedness, engage in transactions with affiliates, incur or suffer to exist certain liens, pay dividends or other distributions, make certain investments, sell assets and engage in certain mergers and consolidations. See "Description of the New Debentures--Certain Covenants."

Use of Proceeds

There will be no cash proceeds payable to the Issuer from the issuance of the New Debentures pursuant to the Exchange Offer. The proceeds from the sale of the Old Debentures were used to fund the Recapitalization. See "Use of Proceeds" and "The Recapitalization."

Risk Factors

See "Risk Factors" for a discussion of certain factors that should be considered in evaluating an investment in the Debentures.

Summary Unaudited Pro Forma Consolidated Financial Data

The following table sets forth summary unaudited pro forma consolidated statement of operations data of Holdings for the fiscal year ended January 31, 1997, for the forty weeks ended November 8, 1996 and November 7, 1997 and for the twelve months ended November 7, 1997 and summary unaudited historical and pro forma consolidated balance sheet data at November 7, 1997. The pro forma consolidated statement of operations data for the fiscal year ended January 31, 1997, for the forty weeks ended November 8, 1996 and November 7, 1997, and for the twelve months ended November 7, 1997 give effect to the Recapitalization as if it had occurred at February 3, 1996. The data presented below should be read in conjunction with the Consolidated Financial Statements, including the related Notes thereto, included herein, the other financial information included herein, "Unaudited Pro Forma Consolidated Financial Data" and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

	Fiscal Year Ended ----- January 31, 1997 -----	Forty Weeks Ended ----- November 8, 1996 ----- November 7, 1997 -----	Twelve Months ----- Ended ----- November 7, 1997 -----
	(dollars in thousands)

Total average debt/Adjusted EBITDA (6)			6.5
Cash flows from operating activities...			\$ (1,837)
Cash flows from investing activities...			\$(35,799)
Cash flows from financing activities...			\$ 39,990

(1) Revenues include the pro forma effect of the Securitization of accounts receivable. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources" and "Description of Other Issuer Indebtedness-- Receivables Facility."

(2) In the forty weeks ended November 7, 1997, the Company recognized an extraordinary loss of \$4.5 million, net of income tax benefit, related to the early retirement of debt. The Company also recognized expenses of \$19.9 million in connection with the Recapitalization.

- (3) Capital expenditures are net of proceeds from construction allowances.
- (4) EBITDA represents income (loss) before extraordinary item and cumulative effect of accounting changes, income taxes, interest expense, depreciation and amortization and expenses of \$19.9 million incurred in connection with the Recapitalization. The Issuer believes that EBITDA provides useful information regarding the Company's ability to service its debt; however, holders tendering Old Debentures in

the Exchange Offer should consider the following factors in evaluating such measures: EBITDA and related measures (i) should not be considered in isolation, (ii) are not measures of performance calculated in accordance with generally accepted accounting principles ("GAAP"), (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Company's operating performance or measures of its liquidity. Additionally, because all companies do not calculate EBITDA and related measures in a uniform fashion, the calculations presented in this Prospectus may not be comparable to other similarly titled measures of other companies.

Adjusted EBITDA is defined as EBITDA, as defined above, revised to reflect management's estimate of certain cost savings and cost eliminations implemented prior to the Recapitalization. Holders tendering Old Debentures in the Exchange Offer should consider that Adjusted EBITDA (i) should not be considered in isolation, (ii) is not a measure of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Company's operating performance or measures of its liquidity. See notes to "Unaudited Pro Forma Statements of Operations" included herein. This information should be read in conjunction with the Unaudited Pro Forma Consolidated Financial Data and the related Notes thereto included herein.

Twelve Months Ended

November 7, 1997

(dollars in thousands)

Historical EBITDA	\$40,970
Recapitalization pro forma adjustments:	
Loss on Securitization of accounts receivable	(2,250)
Cost savings and cost eliminations implemented prior to the Recapitalization:	
Renegotiation of catalog vendor contract(a)	2,100
Headcount and net payroll reductions(b)	4,550
Insourcing of photography shop(c)	820
Non-recurring severance(d)	1,400

Total adjustments	6,620

Adjusted EBITDA	\$47,590
	=====

(a) Reflects the recent renegotiation of the Company's catalog vendor contract. The adjustment represents the difference between the amounts previously expensed for such items and the amounts which are expected to be expensed under the terms of the new contract.

(b) Represents compensation savings as a result of the termination of certain positions.

(c) Represents the estimated cost savings from bringing in-house certain photography functions that were previously performed by outside vendors.

(d) Reflects non-recurring severance associated with the termination of certain managers.

(5) Cash interest expense excludes, and total interest expense includes, non-cash interest in respect of the Debentures.

(6) For purposes of computing the ratio of total average debt to Adjusted EBITDA, total average debt on a pro forma basis as of November 7, 1997 reflects average outstanding balances under the Revolving Credit Facility of \$12.2 million during the twelve months ended November 7, 1997 (giving effect to the Recapitalization), \$70.0 million in aggregate principal amount of indebtedness under the Term Loan Facility and \$150.0 million in aggregate principal amount of the Operating Corp

Senior Subordinated Notes and \$75.3 million in initial aggregate principal amount of the Debentures issued in the Offering. See the notes to "Unaudited Pro Forma Statements of Operations" included herein.

- (7) For purposes of computing the pro forma ratio of earnings to fixed charges, pro forma earnings include income before income taxes (adjusted for pro forma interest expense), extraordinary items, cumulative effect of accounting changes and non-recurring expenses incurred in connection with the Recapitalization of \$19.9 million in the periods ended November 7, 1997, plus pro forma fixed charges. Pro forma fixed charges consist of pro forma interest expense and one-third of rental expense (deemed by management to be representative of the interest factor of rental payments). Pro forma earnings were inadequate to cover pro forma fixed charges by \$8,441 and \$2,452 for the twelve months ended November 7, 1997 and January 31, 1997, respectively, and by \$25,589 and \$19,600 for the forty weeks ended November 7, 1997 and November 8, 1996, respectively.

Summary Consolidated Financial And Operating Data

The following table sets forth summary consolidated historical financial, operating and other data of Holdings. The summary financial data for each of the five fiscal years ended January 31, 1997 are derived from the Consolidated Financial Statements of Holdings, which have been audited by Deloitte & Touche LLP, independent auditors. The summary financial data for the forty weeks ended November 8, 1996 and November 7, 1997 have been derived from the Unaudited Condensed Consolidated Financial Statements of the Company and include, in the opinion of management, all adjustments necessary to present fairly the data for such periods. The results for the forty weeks ended November 7, 1997 are not necessarily indicative of the results to be expected for the fiscal year ending January 30, 1998 or for any future period. The data presented below should be read in conjunction with the Consolidated Financial Statements, including the related Notes thereto included herein, the other financial information included herein and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Total net capital expenditures	\$14,965	\$11,086	\$ 13,467	\$ 14,640	\$ 22,481	\$14,947	\$ 28,265
	=====	=====	=====	=====	=====	=====	=====

- (1) In fiscal 1995, Holdings changed its method of accounting for catalog costs and for merchandise inventories and recognized an increase in net income from the aggregate cumulative effect of such accounting changes, net of income taxes, of \$2.6 million. In the same year, Holdings recognized an extraordinary loss of \$1.7 million, net of income tax benefit, related to the early retirement of debt. See Notes 11 and 12 of Notes to Consolidated Financial Statements.

During the forty weeks ended November 7, 1997, the Company recognized an extraordinary loss of \$4.5 million, net of income tax benefit, related to the early retirement of debt and incurred other expenses of \$19.9 million in connection with the Recapitalization.

- (2) Includes the Company's PCP and C&W divisions and finance charge income derived from PCP installment sales.
- (3) EBITDA represents income (loss) before extraordinary items and cumulative effect of accounting changes plus income taxes, interest expense, depreciation and amortization and expenses of \$19.9 million incurred in connection with the Recapitalization. The Company believes that EBITDA provides useful information regarding the Company's ability to service its debt; however, EBITDA does not represent cash flow from operations as defined by generally accepted accounting principles and should not be considered as a substitute for net income as an indicator of the Company's operating performance or cash flow as a measure of liquidity. Holders tendering Old Debentures in the Exchange Offer should consider the following factors in evaluating such measures: EBITDA and related measures (i) should not be considered in isolation, (ii) are not measures of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Issuer's operating performance or measures of its liquidity. Additionally, because all companies do not calculate EBITDA and related measures in a uniform fashion, the calculations presented in this Prospectus may not be comparable to other similarly titled measures of other companies.
- (4) Sales per gross square foot is the result of dividing

annualized net retail sales for the period (reflecting adjustments based on management estimates of the impact of opening stores in different periods during the year) by gross square footage at the end of each fiscal period.

- (5) Store contribution margin is computed as gross profit less in-store operating expenses divided by sales.
- (6) Comparable store sales includes stores that have been open for one full twelve-month period.
- (7) Capital expenditures are net of proceeds from construction allowances.

RISK FACTORS

Prospective holders of the New Debentures should carefully review the information contained and incorporated by reference in this Prospectus and should particularly consider the following matters:

Risk Factors Relating to the Company

Substantial Leverage; Liquidity; Stockholders' Deficit

In connection with the Recapitalization, the Company incurred a significant amount of additional indebtedness, the debt service obligations of which could, under certain circumstances, have material consequences to security holders of Holdings, including holders of New Debentures. The Company had \$342.3 million of indebtedness and its stockholders' deficit was \$194.7 million as of November 7, 1997, as compared to indebtedness of \$142.2 million and stockholders' equity of \$89.1 million as of November 8, 1996. In addition, subject to the restrictions in the Bank Facilities, the Operating Corp Senior Subordinated Notes and the Debentures, the Company may incur additional senior or other indebtedness from time to time to finance acquisitions or capital expenditures or for other general corporate purposes. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources." On a pro forma basis for the forty week period ended November 7, 1997, Holdings has estimated the increase in cash interest expense from borrowings used to finance the Recapitalization to be \$7.0 million and the increase in non-cash interest expense from the amortization of original issue discount of the Debentures and debt issuance costs relating to such borrowings to be \$9.3 million. See "Unaudited Pro Forma Consolidated Financial Data." The Bank Facilities and the Senior Subordinated Note Indenture restrict, but do not prohibit, the payment of dividends by Operating Corp to Holdings to finance the payment of interest on the Debentures. See "Description of Operating Corp Indebtedness" and "Description of the New Debentures."

The level of the Company's indebtedness could have important consequences to the holders of the Debentures, including, but not limited to, the following: (i) the Company's ability to obtain additional financing in the future for working capital, capital expenditures, acquisitions, general corporate purposes or other purposes may be impaired; (ii) a significant portion of the Company's cash flow from operations must be dedicated to the payment of principal and interest on its indebtedness, thereby reducing the funds available to the Company for its operations; (iii) significant amounts of the Company's borrowings will bear interest at variable rates, which could result in higher interest expense in the event of increases in interest rates; (iv) the Indenture, the Senior Subordinated Note Indenture (as defined herein) and the Bank Facilities contain financial and restrictive covenants, the failure to comply with which may result in an event of default which, if not cured or waived, could have a material adverse effect on the Company; (v) the indebtedness outstanding under the Bank Facilities is secured and matures prior to the maturity of the Debentures; (vi) the Company may be substantially more leveraged than certain of its competitors, which may place the Company at a competitive disadvantage; and (vii) the Company's substantial degree of leverage may limit its flexibility to adjust to changing market conditions, reduce its ability to withstand competitive pressures and make it more vulnerable to a downturn in general economic conditions or its business. See "Description of the New Debentures" and "Description of Other Issuer Indebtedness."

The Company's ability to make scheduled payments or to refinance its debt obligations will depend upon its future financial and operating performance, which will be affected by prevailing economic conditions and financial, business and other factors, certain of which are beyond its control. There can be no assurance that the Company's operating results, cash flow and capital resources will be sufficient for payment of its indebtedness in the future. In the absence of such operating results and resources, the Company could face substantial liquidity problems and might be required to dispose of material assets or operations to meet its debt service and other obligations, and there can be no assurance as to the timing of such sales or the proceeds that the Company could realize therefrom. In addition, because significant amounts of the Company's borrowings will bear interest at variable rates, an increase in interest rates could adversely affect, among other things, the Company's ability to meet its debt service obligations. If the Company is unable to service its indebtedness, it may take actions such as

reducing or delaying planned expansion and capital expenditures, selling assets, restructuring or refinancing its indebtedness or seeking additional equity capital. There can be no assurance that any of these actions could be effected on satisfactory terms, if at all.

Dependence on Key Personnel

Emily Woods' leadership in the areas of design, merchandising and operations has been a significant factor in the Company's success. The loss of Ms. Woods' services could have a material adverse affect on the Company. The Company also depends on the services of key members of its design and merchandising teams and other key officers and employees. While the Company believes that it has developed depth and experience among its key personnel, there can be no assurance that the Company's business would not be affected if one or more of these individuals left the Company.

The Company has entered into an employment agreement with Ms. Woods and has employment agreements with certain other employees. See "Management--Employment Agreements and Other Compensation Arrangements." The Company maintains key person life insurance on Ms. Woods.

Fashion and Apparel Industry Risks

The Company believes that its success depends in substantial part on its ability to originate and define product and fashion trends as well as to anticipate, gauge and react to changing consumer demands in a timely manner. There can be no assurance that the Company will continue to be successful in this regard. The Company attempts to reduce the risks of changing fashion trends and product acceptance by devoting a substantial portion of its product line to basic durables which are not significantly modified from year to year. Nevertheless, if the Company misjudges the market for its products, it may be faced with significant excess inventories for some products and missed opportunities with others.

The industry in which the Company operates is cyclical. Purchases of apparel and related merchandise tend to decline during recessionary periods and also may decline at other times. There can be no assurance that the Company will be able to maintain its historical growth in revenues or earnings, or remain profitable in the future. Further, a recession in the general economy or uncertainties regarding future economic prospects could affect consumer spending habits and have an adverse effect on the Company's results of operations.

Increases in Costs of Mailing, Paper and Printing

Postal rate increases and paper and printing costs affect the cost of the Company's catalog and promotional mailings. The Company relies on discounts from the basic postal rate structure, such as discounts for bulk mailings and sorting by zip code and carrier routes. The Company is not a party to any long-term contracts for the supply of paper. The Company's cost of paper has fluctuated significantly during the past three fiscal years, and its future paper costs are subject to supply and demand forces external to its business. The Company's average cost per hundred-pound weight of paper was \$39, \$58 and \$52 during fiscal 1994, 1995 and 1996, respectively, and \$52 and \$41 during the forty weeks ended November 8, 1996 and November 7, 1997, respectively. Consequently, there can be no assurance that the Company will not be subject to an increase in paper costs. Although the Company has recently entered into a new four-year contract for the printing of its catalogs, the contract offers no assurance that the Company's printing costs will not increase following expiration of the contract. Future increases in postal rates or paper or printing costs would have a negative impact on the Company's earnings to the extent that the Company is unable to pass such increases on directly to customers or offset such increases by raising selling prices or by implementing more efficient mailings. See "Business--J. Crew Brand--J. Crew Mail Order--Catalog Creation and Production."

Reliance on Foreign Sourcing

In 1996, approximately 50% of the J. Crew brand and Clifford & Wills merchandise was sourced from independent foreign factories located primarily in the Far East, and many of the Company's domestic vendors import a substantial portion of their merchandise from abroad. The Company has no long-term merchandise supply

contracts and many of its imports are subject to existing or potential duties, tariffs or quotas that may limit the quantity of certain types of goods which may be imported into the United States from countries in those regions. The Company competes with other companies for production facilities and import quota capacity. The Company's business is also subject to a variety of other risks generally associated with doing business abroad, such as political instability (including issues concerning the future of Hong Kong following the transfer of Hong Kong to The People's Republic of China on July 1, 1997), currency and exchange risks and potential local issues. The Company's future performance will be subject to such factors, which are beyond its control, and there can be no assurance that such factors would not have a material adverse effect on the Company's results of operations. See "Business--General--Sourcing, Production and Quality."

The Company requires its licensing partners and independent manufacturers to operate in compliance with applicable laws and regulations. While the Company's internal and vendor operating guidelines promote ethical business practices, the Company does not control such manufacturers or their labor practices. The violation of labor or other laws by an independent manufacturer of the Company or by one of the Company's licensing partners, or the divergence of an independent manufacturer's or licensing partner's labor practices from those generally accepted as ethical in the United States, could have a material adverse effect on the Company's financial condition and results of operations.

Uncertainty Relating to Ability to Implement J. Crew Retail Growth Strategy

The Company intends to expand its base of J. Crew retail stores as part of its growth strategy. There can be no assurance that this strategy will be successful. The actual number and type of such stores to be opened and their success will be dependent upon a number of factors, including, among other things, the ability of the Company to manage such expansion and hire and train qualified associates, the availability of suitable store locations and the negotiation of acceptable lease terms for new locations and upon lease renewals for existing locations. There is no assurance that the Company will be able to open and operate new stores on a timely or profitable basis. In 1996, net of construction allowances, the Company spent \$10.9 million for new stores and remodeling and anticipates spending approximately \$16.2 million in 1997 and \$23.0 million in 1998 for such capital expenditures. See "Management's Discussion and Analysis of Financial Condition and Results of Operations" and "Business--J. Crew Brand--J. Crew Retail--New Store Expansion." The Company believes that the opening of J. Crew retail stores has diverted some customer revenues from the J. Crew mail order operations. There can be no assurance that future store openings will not continue to have such an effect.

Seasonality

The Company experiences seasonal fluctuations in its revenues and operating income, with a disproportionate amount of the Company's revenues and a majority of its income from operations typically realized during the fourth quarter of its fiscal year. Revenues and income from operations are generally weakest during the first and second quarters of the Company's fiscal year. The Company's quarterly results of operations may also fluctuate significantly as a result of a variety of other factors, including the timing of new store openings and of catalog mailings, and the revenues contributed by new stores, merchandise mix and the timing and level of markdowns. See "Management's Discussion and Analysis of Financial Condition and Results of Operations-- Seasonality."

Competition

All aspects of the Company's businesses are highly competitive. The Company competes primarily with other catalog operations, specialty brand retailers, department stores, and mass merchandisers engaged in the retail sale of men's and women's apparel, accessories, footwear and general merchandise. The Company believes that the principal bases upon which it competes are quality, design, efficient service, selection and price. However, certain of the Company's competitors are larger and have greater financial, marketing and other resources than the Company, and there can be no assurance that the Company will be able to compete successfully with them in the future.

Cautionary Statement Concerning Ability to Achieve Anticipated Cost Savings and Forward-Looking Statements

Management of the Company estimates that approximately \$7 million of annualized net cost savings (in addition to the \$7.5 million in estimated annual savings included in Adjusted EBITDA) could be achieved by mid- 1998, including process efficiencies, reduction of the Base Book trim size, installation of an automated sortation system at the Company's Lynchburg, Virginia distribution center and relocation of C&W to the J. Crew corporate headquarters office. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview," "Business--Overview" and "--Opportunities." The cost savings estimates were prepared solely by members of the management of the Company. The estimates necessarily reflect numerous assumptions as to future sales levels and other operating results, the availability of funds for capital expenditures as well as general industry and business conditions and other matters, many of which are beyond the control of the Company. Other estimates were based on a management consensus as to what levels of purchasing and similar efficiencies should be achievable by an entity the size of the Company. All of these forward-looking statements are based on estimates and assumptions made by management of the Company, which although believed to be reasonable, are inherently uncertain and difficult to predict. There can be no assurance that the savings anticipated in these forward-looking statements will be achieved. In addition, there can be no assurance that unforeseen costs and expenses or other factors will not offset the estimated cost savings or other components or the Company's plan in whole or in part.

The information contained herein contains forward-looking statements that involve a number of risks and uncertainties. A number of factors could cause actual results, performance, achievements of the Company, or industry results to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These factors include, but are not limited to, the competitive environment in the apparel industry in general and in the Company's specific market areas; changes in prevailing interest rates and the availability of and terms of financing to fund the anticipated growth of the Company's business; inflation; changes in costs of goods and services; economic conditions in general and in the Company's specific market areas; demographic changes; changes in or failure to comply with federal, state and/or local government regulations; liability and other claims asserted against the Company; changes in operating strategy or development plans; the ability to attract and retain qualified personnel; the ability to control inventory levels; the significant indebtedness of the Company; labor disturbances; the ability to negotiate agreements with suppliers on favorable terms; changes in the Company's capital expenditure plan; and other factors referenced herein. In addition, such forward-looking statements are necessarily dependent upon assumptions, estimates and dates that may be incorrect or imprecise and involve known and unknown risks, uncertainties and other factors. Forward-looking statements regarding revenues and EBITDA are particularly subject to a variety of assumptions, some or all of which may not be realized. Accordingly, any forward-looking statements included herein do not purport to be predictions of future events or circumstances and may not be realized. Forward-looking statements can be identified by, among other things, the use of forward-looking terminology such as "believes," "expects," "may," "will," "should," "seeks," "pro forma," "anticipates" or "intends" or the negative of any thereof, or other variations thereon or comparable terminology, or by discussions of strategy or intentions. Given these uncertainties, prospective purchasers of New Debentures are cautioned not to place undue reliance on such forward-looking statements. The Company disclaims any obligations to update any such factors or to publicly announce the results of any revisions to any of the forward-looking statements contained herein to reflect future events or developments.

Risk Factors Relating to the Debentures

Limitation on Access to Cash Flow of Subsidiaries; Holding Company Structure

Holdings is a holding company, and its ability to pay interest on the Debentures is dependent upon the receipt of dividends from its direct and indirect subsidiaries. Holdings does not have and may not in the future have, any assets other than the common stock of Operating Corp. Operating Corp and its subsidiaries are parties to the Bank Facilities and an indenture relating to the Operating Corp Senior Subordinated Notes (the "Senior Subordinated Note Indenture"), each of which imposes substantial restrictions on Operating Corp's ability to pay dividends to Holdings. Any payment of dividends will be subject to the satisfaction of certain financial conditions set forth in the Senior Subordinated Note Indenture and the Bank Facilities.

The ability of Operating Corp and its subsidiaries to comply with such conditions in the Senior Subordinated Note Indenture may be affected by events

that are beyond the control of Holdings. The breach of any such conditions could result in a default under the Senior Subordinated Note Indenture, the Term Loan Facility and/or the Revolving Credit Facility, and in the event of any such default, the holders of the Operating Corp Senior Subordinated Notes or the lenders under the Bank Facilities could elect to accelerate the maturity of all the Operating Corp Senior Subordinated Notes or the loans under such facilities. If the maturity of the Operating Corp Senior Subordinated Notes or the loans under the Bank Facilities were to be accelerated, all such outstanding debt would be required to be paid in full before Operating Corp or its subsidiaries would be permitted to distribute any assets or cash to Holdings. There can be no assurance that the assets of Holdings would be sufficient to repay all of such outstanding debt and to meet its obligations under the Indenture. Future borrowings by Operating Corp can be expected to contain restrictions or prohibitions on the payment of dividends by Operating Corp and its subsidiaries to Holdings. In addition, under Delaware law, a subsidiary of a company is permitted to pay dividends on its capital stock, only out of its surplus or, in the event that it has no surplus, out of its net profits for the year in which a dividend is declared or for the immediately preceding fiscal year. Surplus is defined as the excess of a company's total assets over the sum of its total liabilities plus the par value of its outstanding capital stock. In order to pay dividends in cash, Operating Corp must have surplus or net profits equal to the full amount of the cash dividend at the time such dividend is declared. In determining Operating Corp's ability to pay dividends, Delaware law permits the Board of Directors of Operating Corp to revalue its assets and liabilities from time to time to their fair market values in order to create surplus. Holdings cannot predict what the value of its subsidiaries' assets or the amounts of their liabilities will be in the future and, accordingly, there can be no assurance that Holdings will be able to pay its debt service obligations on the Debentures. In addition, indebtedness outstanding under the Bank Facilities will be secured by substantially all of the assets of the Company (including the common stock of Operating Corp).

As a result of the holding company structure of Holdings, the Holders of the Debentures will be structurally junior to all creditors of the Holdings' subsidiaries, except to the extent that Holdings is itself recognized as a creditor of any such subsidiary, in which case the claims of Holdings would still be subordinate to any security in the assets of such subsidiary and any indebtedness of such subsidiary senior to that held by Holdings. In the event of insolvency, liquidation, reorganization, dissolution or other winding-up of the Holdings' subsidiaries, Holdings will not receive any funds available to pay to creditors of the subsidiaries. As of November 7, 1997, the aggregate amount of indebtedness and other obligations of Holdings' subsidiaries (including trade payables and other accrued liabilities) was \$508.3 million.

Restrictive Debt Covenants

The Indenture, the Senior Subordinated Note Indenture and the Bank Facilities contain a number of significant covenants that, among other things, restrict the ability of the Company to dispose of assets, incur additional indebtedness, prepay other indebtedness (including the Debentures) or amend certain debt instruments pay dividends, create liens on assets, enter into sale and leaseback transactions, make investments, loans or advances, make acquisitions, engage in mergers or consolidations, change the business conducted by the Issuer or its subsidiaries, make capital expenditures or engage in certain transactions with affiliates and otherwise restrict certain corporate activities. In addition, under the Bank Facilities, Operating Corp is required to comply with specified financial ratios and tests, including minimum interest coverage ratios, leverage ratios below a specified maximum, minimum net worth levels and minimum ratios of inventory to senior debt. See "Description of the New Debentures" and "Description of Operating Corp Indebtedness."

The Company's ability to comply with such agreements may be affected by events beyond its control, including prevailing economic, financial and industry conditions. The breach of any of such covenants or restrictions could result in a default under the Bank Facilities, the Senior Subordinated Note Indenture and/or the Indenture, which would permit the senior lenders, or the holders of the Operating Corp Senior Subordinated Notes and/or the Debentures, or both, as the case may be, to declare all amounts borrowed thereunder to be due and payable, together with accrued and unpaid interest, and the commitments of the senior lenders to make further extensions of credit under the Bank Facilities could be terminated. If the Company were unable to repay its indebtedness to its senior lenders, such lenders could proceed against the collateral securing such indebtedness as described under "Description of Operating Corp Indebtedness."

Fraudulent Transfer Statutes

Under federal or state fraudulent transfer laws, if a court were to find that, at the time the Debentures were issued, the Issuer (i) issued the Debentures with the intent of hindering, delaying or defrauding current or future creditors or (ii) (A) received less than fair consideration or reasonably equivalent value for incurring the indebtedness represented by the Debentures, and (B)(1) was insolvent or was rendered insolvent by reason of the issuance of the Debentures, (2) was engaged, or about to engage, in a business or transaction for which its assets were unreasonably small or (3) intended to incur, or believed (or should have believed) it would incur, debts beyond its ability to pay as such debts mature (as all of the foregoing terms are defined in or interpreted under such fraudulent transfer statutes), such court could avoid all or a portion of the Issuer's obligations to the holders of Debentures, subordinate the Issuer's obligations to the holders of the Debentures to other existing and future indebtedness of the Issuer, the effect of which would be to entitle such other creditors to be paid in full before any payment could be made on the Debentures, and take other action detrimental to the holders of the Debentures, including in certain circumstances, invalidating the Debentures. In that event, there would be no assurance that any repayment on the Debentures would ever be recovered by the holders of the Debentures.

The definition of insolvency for purposes of the foregoing considerations varies among jurisdictions depending upon the federal or state law that is being applied in any such proceeding. However, the Issuer generally would be considered insolvent at the time it incurs the indebtedness constituting the Debentures if (i) the fair market value (or fair saleable value) of its assets is less than the amount required to pay its total existing debts and liabilities (including the probable liability on contingent liabilities) as they become absolute or matured or (ii) it is incurring debts beyond its ability to pay as such debts mature. There can be no assurance as to what standard a court would apply in order to determine whether the Issuer was "insolvent" as of the date the Debentures were issued, or that, regardless of the method of valuation, a court would not determine that the Issuer was insolvent on that date. Nor can there be any assurance that a court would not determine, regardless of whether the Issuer was insolvent on the date the Debentures were issued, that the payments constituted fraudulent transfers on another ground. To the extent that proceeds from the sale of the Debentures are used to make a distribution to a stockholder on account of the ownership of capital stock, a court may find that the Issuer did not receive fair consideration or reasonably equivalent value for the incurrence of the indebtedness represented by the Debentures.

Based upon financial and other information currently available to it, management of the Issuer believes that the Debentures are being incurred for proper purposes and in good faith and that the Issuer (i) is solvent and will continue to be solvent after issuing the Debentures, (ii) will have sufficient capital for carrying on its business after such issuance, and (iii) will be able to pay its debts as they mature. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources."

Possible Inability to Repurchase Debentures upon Change of Control

In the event of a Change of Control, each holder of Debentures will have the right to require Holdings to repurchase all or any part of such holder's Debentures at the offer price specified therefore in the Indenture. Holdings does not have, and may not in the future have, any assets other than common stock of Operating Corp (which is pledged to secure Operating Corp's obligations under the Bank Facilities). As a result, Holdings' ability to repurchase all or any part of the Debentures upon the occurrence of a Change of Control will be dependent upon the receipt of dividends or other distributions from its direct and indirect subsidiaries. The Bank Facilities and the Operating Corp Senior Subordinated Notes restrict Operating Corp from paying dividends and making any other distributions to Holdings. If Holdings does not obtain dividends from Operating Corp sufficient to permit the repurchase of the Debentures or does not refinance such indebtedness, Holdings will likely not have the financial resources to purchase Debentures upon the occurrence of a Change of Control. In any event, there can be no assurance that Holdings' subsidiaries will have the resources available to pay such dividend or make any such distribution. Furthermore, the Bank Facilities provide that certain change of control events will constitute a default thereunder, and the Operating Corp Senior Subordinated Notes provide that, in the event of a Change of Control, Operating Corp will be required to offer to repurchase the Operating Corp Senior Subordinated Notes at the price specified therefore. Holdings' failure to make a Change of Control offer when required or to purchase tendered

Debentures when tendered would constitute an Event of Default under the Indenture. See "Description of the New Debentures" and "Description of Other Issuer Indebtedness."

Original Issue Discount; Limitations on Holders' Claims

Under the Indenture, in the event of an acceleration of the maturity of the Debentures upon the occurrence of an Event of Default, the holders of the Debentures, which have been (in the case of Old Debentures) or will be (in the case of New Debentures) issued at a substantial original issue discount from their principal amount at maturity, may be entitled to recover only the amount which may be declared due and payable pursuant to the Indenture, which will be less than the principal amount at maturity of such Debentures. See "Description of the Debentures--Events of Default and Remedies."

If a bankruptcy case is commenced by or against Holdings under the Bankruptcy Code (as defined herein), the claim of a holder of Debentures with respect to the principal amount thereof may be limited to an amount equal to the sum of (i) the issue price of the Debentures and (ii) that portion of the original issue discount (as determined on the basis of such issue price) which is not deemed to constitute "unmature interest" for purposes of the Bankruptcy Code. Accordingly, holders of the Debentures under such circumstances may, even if sufficient funds are available, receive a lesser amount than they would be entitled to under the express terms of the Indenture. In addition, the same rules as those used for the calculation of original issue discount under federal income tax law and, accordingly, a holder might be required to recognize gain or loss in the event of a distribution related to such a bankruptcy case.

Consequences of Failure to Exchange

Holders of Old Debentures who do not exchange their Old Debentures for New Debentures pursuant to the Exchange Offer will continue to be subject to the restrictions on transfer of such Old Debentures as set forth in the legend thereon as a consequence of the issuance of the Old Debentures pursuant to exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws. In general, the Old Debentures may not be offered or sold, unless registered under the Securities Act, except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. The Issuer does not currently anticipate that it will register the Old Debentures under the Securities Act. To the extent that Old Debentures are tendered and accepted in the Exchange Offer, the trading market for untendered and tendered but unaccepted Old Debentures could be adversely affected.

Absence of Public Market

The Old Debentures have been designated as eligible for trading in the PORTAL market. Prior to this Exchange Offer, there has been no public market for the New Debentures. If such a market were to develop, the New Debentures could trade at prices that may be higher or lower than their principal amount. The Issuer does not intend to apply for listing of the New Debentures on any securities exchange or for quotation of the New Debentures on The Nasdaq Stock Market's National Market or otherwise. The Initial Purchasers have previously made a market in the Old Debentures, and the Issuer has been advised that the Initial Purchasers currently intend to make a market in the New Debentures, as permitted by applicable laws and regulations, after consummation of the Exchange Offer. The Initial Purchasers are not obligated, however, to make a market in the Old Debentures or the New Debentures and any such market making activity may be discontinued at any time without notice at the sole discretion of the Initial Purchasers. There can be no assurance as to the liquidity of the public market for the New Debentures or that any active public market for the New Debentures will develop or continue. If an active public market does not develop or continue, the market price and liquidity of the New Debentures may be adversely affected.

THE RECAPITALIZATION

The Shareholders, Holdings and TPG Partners II are parties to the Recapitalization Agreement which provided for the recapitalization of Holdings. Pursuant to the Recapitalization Agreement, Holdings purchased from the Shareholders all outstanding shares of Holdings' capital stock, other than shares having an implied value of \$11.1 million, almost all of which continues to be held by Emily Woods, and which represented 14.8% of the outstanding shares of Holdings' Common Stock immediately following the transaction.

In connection with the Recapitalization, Holdings organized Operating Corp and immediately prior to the consummation of the Recapitalization, Holdings transferred substantially all of its assets and liabilities to Operating Corp. Holdings' current operations are, and future operations are expected to be, limited to owning the stock of Operating Corp. Operating Corp repaid substantially all of the Company's funded debt obligations existing immediately before the consummation of the Recapitalization. At October 17, 1997, the aggregate principal amount of the Company's funded indebtedness was \$186.0 million, consisting of the Retired Senior Notes, the Retired Bank Credit Facility and the Industrial Revenue Bond.

Cash funding requirements for the Recapitalization (which was consummated on October 17, 1997) totalled \$559.7 million (including \$99.0 million in seasonal borrowings) and were satisfied through the purchase by TPG Partners II and investors of an aggregate \$188.9 million in Holdings' equity securities together with an aggregate \$330.8 million in borrowings and \$40.0 million in proceeds from the Securitization, as follows: (i) the purchase by TPG Partners II, its affiliates and other investors of shares of Holdings' Common Stock (representing 85.2% of the outstanding shares) for \$63.9 million; (ii) the purchase by TPG Partners II, its affiliates and other investors of \$125.0 million in liquidation value of Holdings Preferred Stock; (iii) gross proceeds of \$75.3 million from the issuance and sale by Holdings of Holdings Senior Discount Debentures; (iv) \$150.0 million from the gross proceeds of the Offering; (v) \$40.0 million in proceeds from the Securitization; (vi) \$70.0 million of borrowings under the Term Loan Facility; and (vii) \$35.6 million of borrowings under the Revolving Credit Facility. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources," "Description of the New Debentures," "Description of Operating Corp Indebtedness" and "Capital Stock of Holdings and Operating Corp."

The Recapitalization was accounted for as a recapitalization transaction for accounting purposes. The repurchase of shares from the Shareholders, the Debt Retirement, the Holdings Common Equity Contribution, the issuance and sale by Holdings of the Holdings Preferred Stock and the Holdings Senior Discount Debentures, the borrowing by Operating Corp of funds under the Bank Facilities and the Securitization and the issuance and sale by Operating Corp of the Operating Corp Senior Subordinated Notes were effected in connection with the Recapitalization.

The following table summarizes the sources and uses of funds in the Recapitalization:

	(dollars in thousands)
Sources:	
Revolving Credit Facility (1).....	\$ 35,559
Term Loan Facility.....	70,000
Securitization (2).....	40,000
Operating Corp Senior Subordinated Notes..	150,000
Debentures issued in the Offering.....	75,257
Holdings Preferred Stock.....	125,000
Holdings Common Equity Contribution.....	63,891
Total Sources.....	\$559,707
	=====

Uses:	
Repurchase of Holdings' Capital Stock.....	\$ 316,688
Repayment of Retired Bank Credit Facility	(99,212)
Repayment of Retired Senior Notes (4).....	93,104
Retirement of Industrial Revenue Bond (5)	1,963
Transaction Fees and Expenses and Other Transaction Payments (6).....	48,740
Total Uses.....	\$559,707
	=====

- (1) Reflects borrowings to partially refinance seasonal borrowings outstanding under the Retired Bank Credit Facility. Giving effect to the Recapitalization, average outstanding borrowings under the Revolving Credit Facility would have been \$12.2 million during the twelve months ended November 7, 1997. Excludes letters of credit issued to facilitate international merchandise purchases, which had an aggregate outstanding balance of \$37.4 million as of November 7, 1997. See the notes to the "Unaudited Pro Forma Statements of Operations" included herein.
- (2) The Company securitized approximately \$40 million of PCP consumer loan installment receivables off-balance sheet simultaneously with the consummation of the Recapitalization pursuant to a facility arranged by affiliates of the Initial Purchasers. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources" and "Description of Other Issuer Indebtedness--Receivables Facility."
- (3) The Retired Bank Credit Facility was in an aggregate principal amount of up to \$200.0 million, of which up to \$120.0 million was available for direct borrowings. Borrowings under the Retired Bank Credit Facility were prepaid in whole without penalty or premium and included accrued interest of \$0.2 million.
- (4) The Retired Senior Notes were prepaid in connection with the Recapitalization. The prepayment required the Issuer to pay a make-whole premium in the amount of \$5.8 million. Also included is \$2.3 million of accrued interest.
- (5) The industrial revenue bond was prepaid in whole without penalty or premium.
- (6) Includes Holdings' expenses, management bonuses, financial advisory, consulting and other professional fees and deferred financing costs. See "Certain Relationships and Related Transactions."

TEXAS PACIFIC GROUP

TPG was founded by David Bonderman, James G. Coulter and William S. Price, III in 1992 to pursue public and private investment opportunities through a variety of methods, including leveraged buyouts, recapitalizations, joint ventures, restructurings and strategic public securities investments. The principals of TPG operate TPG Partners, L.P. and TPG Partners II, both Delaware limited partnerships with aggregate committed capital of over \$3.2 billion. Among TPG's investments are branded consumer products companies Beringer Wine Estates, Del Monte Foods Company and Ducati Motor. Other TPG portfolio companies include America West Airlines, Belden & Blake Corporation, Favorite Brands International, Paradyne, Virgin Entertainment and Vivra Specialty Partners. In addition, the principals of TPG led the \$9 billion reorganization of Continental Airlines in 1993.

The principal executive office of TPG is located at 201 Main Street, Suite 2420, Fort Worth, Texas 76102 and its telephone number is (817) 871-4000.

USE OF PROCEEDS

There will be no cash proceeds payable to the Issuer from the issuance of the New Debentures pursuant to the Exchange Offer. The proceeds from the sale of the Old Debentures were used by Holdings to finance the Recapitalization.

CAPITALIZATION

The following table sets forth as of November 7, 1997 the actual unaudited capitalization of the Company. See "The Recapitalization," "Use of Proceeds," "Description of the New Debentures," "Description of Operating Corp Indebtedness" and "Capital Stock of Holdings and Operating Corp." This table should be read in conjunction with the "Selected Consolidated Financial Data" and "Unaudited Pro Forma Consolidated Financial Data" included elsewhere in this Prospectus.

	As of November 7, 1997 Actual (dollars in thousands)
Cash and cash equivalents.....	\$12,992 =====
Debt:	
Revolving Credit Facility(1)	\$47,000
Term Loan Facility	70,000
10-3/8% Senior Subordinated Notes due 2007	150,000
13-1/8% Senior Discount Debentures	75,257
Total debt	342,257
14-1/2% Preferred Stock	125,000
Stockholders' deficit	(194,712)
Total capitalization	\$272,545 =====

(1) Excludes letters of credit issued to facilitate international merchandise purchases, which had an aggregate outstanding balance of \$37.4 million as of November 7, 1997.

UNAUDITED PRO FORMA CONSOLIDATED FINANCIAL DATA

The following unaudited pro forma consolidated financial data with respect to the Company (the "Unaudited Pro Forma Financial Data") is based on the historical Consolidated Financial Statements of the Company included elsewhere in this Prospectus adjusted to give effect to the Recapitalization. The Unaudited Pro Forma Statements of Operations give effect to the Recapitalization as if it had occurred on February 3, 1996. The Recapitalization and the related adjustments are described in the accompanying notes. The pro forma adjustments are based upon preliminary estimates and certain assumptions that management of the Company believes are reasonable in the circumstances. In the opinion of management, all adjustments have been made that are necessary to present fairly the pro forma data. Actual amounts could differ from those set forth below.

The Unaudited Pro Forma Financial Data should be read in conjunction with the notes included herewith, the Company's Consolidated Financial Statements and notes thereto as of February 2, 1996 and January 31, 1997 and for each of the fiscal years in the three-year period ended January 31, 1997, the Company's Unaudited Condensed Consolidated Financial Data as of November 7, 1997 and for the forty week periods ended November 7, 1997 and November 8, 1996, and "Management's Discussion and Analysis of Financial Condition and Results of Operations" included elsewhere in this Prospectus. The Unaudited Pro Forma Financial Data do not purport to represent what the Company's results of operations would have been had the Recapitalization occurred on the dates specified, or to project the Company's results of operations for any future period or date.

The unaudited supplemental data reflect (i) certain pro forma adjustments and (ii) management's estimates of certain cost savings and cost eliminations which management believes will be attained. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Overview."

NOTES TO UNAUDITED PRO FORMA STATEMENTS OF OPERATIONS

- (1) Represents the estimated loss on the Securitization of accounts receivable. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Liquidity and Capital Resources" and "Description of Operating Corp Indebtedness--Receivables Facility."
- (2) Represents the net increase in non-cash interest expense relating to the amortization of debt issuance costs of Operating Corp of \$13.0 million relating to debt issued in connection with the Recapitalization.
- (3) Gives effect to the increase in estimated cash interest expense from the use of borrowings to finance the Recapitalization and future working capital requirements of Operating Corp:

	Fiscal Year Ended January 31, 1997 ----	Forty Weeks Ended ----- November 8, 1996 ----	November 7, 1997 ----	Twelve Months Ended November 7, 1997 ----
	(dollars in thousands)			
Interest on the Operating Corp Senior Subordinated Notes(a)	\$15,563	\$11,972	\$11,972	\$15,563
Interest on the Bank Facilities:				
Term Loan Facility(b)	5,600	4,308	4,308	5,600
Revolving Credit Facility(b)	--	--	978	978
Other	800	615	615	800
	-----	-----	-----	-----
Total	21,963	16,895	17,873	22,941
Less: amounts in historical statement of operations	10,069	7,240	10,907	13,736
	-----	-----	-----	-----
Adjustment to interest expense	\$11,894	\$9,655	\$6,966	\$ 9,205
	=====	=====	=====	=====

- (a) Interest is calculated at an effective interest rate of 10.375% for the period indicated.
- (b) Interest is calculated at an estimated weighted average effective interest rate of 8.0%.
- (c) Interest is based on the average of historical daily outstanding borrowings under the revolving credit facility during the period, reduced (without giving effect to any negative average daily balances) by \$63.5 million, reflecting the application of the proceeds of the Recapitalization. No interest income was assumed.
- (4) Estimated income tax effects of the pro forma adjustments at an effective tax rate of 41%.
- (5) Reflects non-cash compensation expense in connection with a grant of restricted stock.
- (6) Cash interest expense excludes, and total interest expense includes, non-cash interest in respect of the Debentures.
- (7) Represents the increase in non-cash interest expense relating to the amortization of original issue discount of the Debentures at an annual rate of 13.125%, compounded semi-annually, and amortization of debt issuance costs of Holdings of \$2.4 million.
- (8) Historical EBITDA is defined as income before extraordinary items and cumulative effect of accounting changes, interest expense, income tax expense, depreciation and amortization and expenses of \$19.9 million incurred in connection with the Recapitalization. The Issuer believes that EBITDA provides useful information regarding the Company's ability to service its debt; however holders tendering Old Debentures in the Exchange Offer should consider the following factors in evaluating such measures: EBITDA and related measures (i) should not be considered in isolation, (ii) are not measures of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with

GAAP) and (iv) should not be used as indicators of the Company's operating performance or measures of its liquidity. Additionally, because

all companies do not calculate EBITDA and related measures in a uniform fashion, the calculations presented in this Prospectus may not be comparable to other similarly titled measures of other companies.

Adjusted EBITDA is defined as EBITDA, revised to reflect management's estimate of certain cost savings and cost eliminations implemented prior to the Recapitalization. The Issuer believes that EBITDA provides useful information regarding the Company's ability to service its debt; however, Adjusted EBITDA (i) should not be considered in isolation, (ii) is not a measure of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Company's operating performance or measures of its liquidity. The management estimates of cost savings and cost eliminations which are anticipated on a going-forward basis and which are reflected in Adjusted EBITDA are as set forth below:

	Twelve Months Ended
	November 7, 1997
	(dollars in thousands)
Historical EBITDA	\$40,970
Recapitalization pro forma adjustments:	
Loss on Securitization of accounts receivable	(2,250)
Cost savings and cost eliminations implemented prior to the Recapitalization:	
Renegotiation of catalog vendor contract(a)	2,100
Headcount and net payroll reductions(b)	4,550
Insourcing of photography shop(c)	820
Non-recurring severance(d)	1,400
Total adjustments	6,620
Adjusted EBITDA	\$47,590
	=====

(a) Reflects the recent renegotiation of the Company's catalog vendor contract. The adjustment represents the difference between the amounts previously expensed for such items and the amounts which are expected to be expensed under the terms of the new contract.

(b) Represents compensation savings as a result of the termination of certain positions.

(c) Represents the estimated cost savings from bringing in-house certain photography functions that were previously performed by outside vendors.

(d) Reflects non-recurring severance associated with the termination of certain managers.

- (9) For purposes of computing the ratio of total average debt to Adjusted EBITDA, total average debt on a pro forma basis as of November 7, 1997 reflects average outstanding balances under the Revolving Credit Facility of \$12.2 million during the twelve months ended November 7, 1997 (giving effect to the Recapitalization), \$70.0 million in aggregate principal amount of indebtedness under the Term Loan Facility, \$150.0 million in aggregate principal amount of Operating Corp Senior Subordinated Notes and \$75.3 million in initial aggregate principal amount of the Old Debentures. Actual daily outstanding borrowings under the revolving credit facility were reduced (without giving effect to any negative average daily balances) by \$63.5 million, reflecting the application of the proceeds of the Recapitalization, in computing average outstanding borrowings.

SELECTED CONSOLIDATED FINANCIAL DATA

The following table sets forth selected consolidated historical financial, operating, other and balance sheet data of Holdings. The selected financial and balance sheet data for each of the five fiscal years ended January 31, 1997 are derived from the Consolidated Financial Statements of Holdings, which have been audited by Deloitte & Touche LLP, independent auditors. The selected financial data for the forty weeks ended November 8, 1996 and November 7, 1997 have been derived from the Holdings' Unaudited Condensed Consolidated Financial Statements and include, in the opinion of management, all adjustments necessary to present fairly the data for such periods. The results for the forty weeks ended November 7, 1997 are not necessarily indicative of the results to be expected for the fiscal year ending January 30, 1998 or for any future period. The data presented below should be read in conjunction with the Consolidated Financial Statements, including the related Notes thereto, included herein, the other financial information included herein, and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

Total assets	232,582	287,233	324,795	355,249	410,821	454,177	439,391
Total debt	56,783	61,803	69,566	87,329	87,092	142,151	342,257
Stockholders' equity (deficit)	53,584	66,221	82,041	89,633	102,006	89,060	(194,712)

(1) Includes buying and occupancy costs.

(2) In fiscal 1995, Holdings changed its method of accounting for catalog costs and for merchandise inventories and recognized an increase in net income from the aggregate cumulative effect of such accounting changes, net of income taxes, of \$2.6 million. In the same year, Holdings recognized extraordinary losses of \$1.7 million, net of income tax benefit, related to the early retirement of debt. See Notes 11 and 12 of Notes to Consolidated Financial Statements. In the forty weeks ended November 7, 1997, Holdings recognized an extraordinary loss of \$4.5 million net of income tax benefit related to the early retirement of debt.

(3) Includes the Company's PCP and C&W divisions and finance charge income derived from PCP installment sales.

(4) EBITDA represents income (loss) before extraordinary items and cumulative effect of accounting changes plus income taxes, interest expense, depreciation and amortization and expenses of \$19.9 million incurred in connection with the Recapitalization. The Company believes that EBITDA provides useful information regarding the Company's ability to service its debt; however, EBITDA does not represent cash flow from operations as defined by generally accepted accounting principles and should not be considered as a substitute for net income as an indicator of the Company's operating performance or cash flow as a measure of liquidity. Holders tendering Old Debentures in the Exchange Offer should consider the following factors in evaluating such measures: EBITDA and related measures (i) should not be considered in isolation, (ii) are not measures of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Issuer's operating performance or measures of its liquidity. Additionally, because all companies do not calculate EBITDA and related measures in a uniform fashion, the calculations presented in this Prospectus may not be comparable to other similarly titled measures of other companies.

(5) Sales per gross square foot is the result of dividing annualized net retail sales for the period (reflecting adjustments based on management estimates of the impact of opening stores in different periods during the year) by gross square footage at the end of each fiscal period.

(6) Store contribution margin is computed as gross profit less in-store operating expenses divided by sales.

(7) Comparable store sales includes stores that have been open

for one full twelve-month period.

- (8) Capital expenditures are net of proceeds from construction allowances.
- (9) For purposes of computing the ratio of earnings to fixed charges, earnings include income before income taxes, extraordinary items and cumulative effect of accounting changes and expenses incurred in connection with the Recapitalization of \$19.9 million in the forty weeks ended November 7, 1997, plus fixed charges. Fixed charges consist of interest expense and one-third of rental expense (deemed by management to be representative of the interest factor of rental payments). Earnings were inadequate to cover fixed charges by \$9,297 and \$1,023 during the forty weeks ended November 7, 1997 and November 8, 1996, respectively.
- (10) Working capital is computed as current assets less current liabilities, excluding cash and cash equivalents, current portion of long-term debt and borrowings under the revolving credit facility.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis should be read in conjunction with the Selected Consolidated Financial Data and the Consolidated Financial Statements of Holdings and the related notes thereto which are included elsewhere in this Prospectus. The Company's fiscal year ends on the Friday closest to January 31. Accordingly, fiscal years 1992, 1993, 1994, 1995 and 1996 ended on January 29, 1993, January 28, 1994, February 3, 1995, February 2, 1996 and January 31, 1997. All fiscal years for which financial information is included in this Prospectus had 52 weeks, except fiscal 1994 which had 53 weeks.

Overview

The Company's origins date back to the 1947 founding of Popular Merchandising Co. which operated PCP, a direct selling catalog merchandiser of consumer branded goods. In 1983, drawing upon their family's 35- year experience in catalog retailing, Arthur Cinader and Emily Woods, the son and granddaughter of PCP's founder, founded the J. Crew brand with innovative durables products (including the rollneck sweater, weathered chino, barn jacket and pocket tee) that continue to be core J. Crew brand product offerings today. In 1984, C&W was founded as a mail order women's apparel business targeting an older, more conservative customer than J. Crew. Capitalizing on the strength of its J. Crew brand franchise, the Company began developing select retail store locations in 1989. Today, the Company is a leading mail order and store retailer of women's and men's apparel, shoes and accessories operating primarily under the J. Crew brand name. Since the introduction of the J. Crew brand in 1983, the Company has mailed more than one-half billion J. Crew catalogs, opened 49 J. Crew retail stores and 42 J. Crew Factory Outlet stores. In addition, J. Crew products are distributed through 67 free-standing and shop-in- shop stores in Japan under a licensing agreement with Itochu. The Company's J. Crew brand revenues have increased from \$312.9 million in fiscal 1992 to \$556.1 million in fiscal 1996, representing a compound annual growth rate of 15.4%.

The following table sets forth, for the periods indicated, revenues and EBITDA for the Company's major operating divisions:

	Fiscal Year					Forty Weeks Ended		Twelve Months Ended
	-----					-----		-----
						Nov. 8,	Nov. 7,	Nov. 7,
						-----	-----	-----
	1992	1993	1994	1995	1996	1996	1997	1997

(1) Includes net sales from the Company's PCP and C&W divisions and finance charge income derived from PCP installment sales.

(2) EBITDA represents income (loss) before extraordinary items and cumulative effect of accounting changes plus income taxes, interest expense, depreciation and amortization and expenses of \$19.9 million incurred in connection with the Recapitalization. The Company believes that EBITDA provides useful information regarding the Company's ability to service its debt; however, EBITDA does not represent cash flow from operations as defined by generally accepted accounting principles and should not be considered as a substitute for net income as an indicator of the Company's operating performance or cash flow as a measure of liquidity. Holders tendering Old Debentures in the Exchange Offer should consider the following factors in evaluating such

measures: EBITDA and related measures (i) should not be considered in isolation, (ii) are not measures of performance calculated in accordance with GAAP, (iii) should not be construed as alternatives or substitutes for income from operations, net income or cash flows from operating activities in analyzing the Company's operating performance, financial position or cash flows (in each case, as determined in accordance with GAAP) and (iv) should not be used as indicators of the Issuer's operating performance or measures of its liquidity. Additionally, because all companies do not calculate EBITDA and related measures in a uniform fashion, the calculations presented in this Prospectus may not be comparable to other similarly titled measures of other companies.

- (3) Includes EBITDA from the Company's PCP and C&W divisions.

The following sets forth, for the periods indicated, the percentage relationship to revenues of certain items in the Company's consolidated statements of operations for the fiscal periods shown below:

	Fiscal Year			Forty Weeks Ended	
	1994	1995	1996	Nov. 8, 1996	Nov. 7, 1997
	-----	-----	-----	-----	-----
Revenues	100.0%	100.0%	100.0%	100.0%	100.0%

	====	====	====	====	====

The Company's revenues include sales of the Company's merchandise offered through the J. Crew, C&W and PCP catalogs, as well as through the C&W Factory stores, the retail stores operated through Grace Holmes, Inc. ("J. Crew Retail") and the factory outlet stores operated through H.F.D. No. 55, Inc. ("J. Crew Factory Outlet"). Also included in revenues are J. Crew brand licensing royalties and finance charge income derived from PCP installment sales. Cost of goods sold includes the cost of products purchased for sale, design, purchasing and warehousing costs, as well as occupancy costs of the Company's retail and factory stores. Selling, general and administrative expenses include all other operating expenses, principally catalog and other selling costs, payroll, depreciation and corporate expenses.

In fiscal 1995, the Company operations were affected by: (i) an increase in selling, general and administrative expenses tied to a spike in paper prices to levels never before experienced in the Company's history coupled with an increase in catalog circulation; (ii) the unsuccessful repositioning of C&W from targeting more mature, conservative customers to targeting younger, more urban customers; and (iii) negative comparable store sales in the J. Crew Retail and J. Crew Factory Outlet operations, primarily as a result of severe weather conditions during the holiday season and weak menswear performance. Since 1995, paper prices have declined in each period indicated and C&W has been reoriented toward its traditional conservative, career-oriented customer base and its operating results have stabilized.

The Company has identified a number of tactical cost savings that could be realized without affecting the Company's franchise or brand image. The Company implemented actions prior to the Recapitalization which management believes will result in estimated annual savings of \$7.5 million. These actions include the recent renegotiation of its new catalog vendor contract, selected headcount and net payroll reductions and insourcing of certain photography functions. The Company has identified approximately \$7 million of further potential savings through process efficiencies, reduction of the Base Book trim size, installation

of automatic sorting equipment and consolidation of J. Crew and C&W New York corporate offices. The Company believes these additional cost savings could be implemented by mid-1998. See "Risk Factors--Cautionary Statement Concerning Ability to Achieve Anticipated Cost Savings and Forward-Looking Statements."

In August 1997, United Parcel Service ("UPS"), which had traditionally shipped approximately 60% of merchandise orders for J. Crew Mail Order and C&W, experienced a two-week strike. In anticipation of the strike, J. Crew Mail Order, C&W and PCP made alternative arrangements with the United States Postal Service to ensure uninterrupted delivery service for the same volume of shipments as ordinarily made during the affected period. However, under the perception that orders would not be filled in a timely manner, many consumers hesitated to place orders for catalog merchandise during the strike, adversely affecting operations of J. Crew Mail Order, C&W and PCP. The Company also delayed, by approximately three weeks of the "back-to-school" season mailing of its J. Crew College catalog during the pendency of the strike.

Results of Operations

The Forty Weeks Ended November 7, 1997 Compared to the Forty Weeks Ended November 8, 1996

Revenues

Revenues increased 5.2% to \$566.6 million in the forty weeks ended November 7, 1997 from \$538.7 million in the forty weeks ended November 8, 1996, as a result of increased sales of J. Crew brand merchandise. J. Crew brand revenues increased by 7.7% to \$377.3 million in the forty weeks ended November 7, 1997 from \$350.3 million in the comparable 1996 period. Other divisions contributed \$189.3 million of revenues during the forty weeks ended November 7, 1997 as compared to \$188.4 million in the same period in 1996.

J. Crew Mail Order revenues decreased 4.9% to \$157.8 million in the forty weeks ended November 7, 1997 from \$166.0 million in the forty weeks ended November 8, 1996. The percentage of the Company's total revenues derived from J. Crew Mail Order decreased to 27.9% in the forty weeks ended November 7, 1997 from 30.8% in the forty weeks ended November 8, 1996. The decrease in J. Crew Mail Order revenues was primarily the result of the UPS strike. Gross sales were down 19% from July 18, 1997 to the end of the UPS strike on August 23, 1997 compared to the same period in 1996. Additionally, weak performance in menswear sales and unseasonably warm weather on the east coast in the first part of the fall season also contributed to the decreased sales. The number of catalogs mailed were at the same approximate level of 54 million as in the same forty week period in the prior year.

J. Crew Retail revenues increased by 27.4% to \$140.6 million in the forty weeks ended November 7, 1997 from \$110.4 million in the forty weeks ended November 8, 1996. The percentage of the Company's total revenues derived from its J. Crew Retail stores increased to 24.8% in the forty weeks ended November 7, 1997 from 20.5% in the forty weeks ended November 8, 1996. The increase in J. Crew Retail revenues is the result of opening 10 new stores since the comparable period in 1996. Comparable store sales decreased 6.1% as the result of the opening of new stores in proximity to existing store locations and weak performance in menswear sales. Unseasonably warm weather in the first part of the fall season also contributed to a decreased sales of fall and winter clothing.

J. Crew Factory Outlet revenues increased by 8.1% to \$76.0 million in the forty weeks ended November 7, 1997 from \$70.2 million in the forty weeks ended November 8, 1996. The percentage of the Company's total revenue derived from J. Crew Factory Outlet remained at approximately 13.0% in the forty weeks ended November 7, 1997 as compared to the forty weeks ended November 8, 1996. J. Crew Factory stores comparable store sales increased 6% in the forty weeks ending November 7, 1997. The comparable store sales increase was principally due to the overall improvement in store merchandising under the direction of a new factory outlet merchandising Vice President. J. Crew Factory Outlet opened two new stores and closed one store.

PCP revenues increased 2.0% to \$136.7 million in the forty weeks ended November 7, 1997 compared to \$134.0 million in the forty weeks ended November 8, 1996. The percentage of the Company's total revenues derived from PCP decreased to 24.1% in the forty weeks ended November 7, 1997 from 24.9% in the forty weeks ended November 8, 1996. The number of catalogs mailed remained at the same approximate level of 7 million and the number of selling agents remained unchanged at approximately 106,000 during the forty weeks ended November 7, 1997 compared to the same period in 1996. The increased sales in the forty week period ended November 7, 1997 over the same period in the prior year is attributable to better performance in ready-to-wear and specifically in the new branded merchandise.

C&W revenues decreased 3.3% to \$52.6 million in the forty weeks ended November 7, 1997 from \$54.4 million in the forty weeks ended November 8, 1996. The percentage of the Company's revenues derived from C&W decreased to 9.3% in the forty weeks ended November 7, 1997 from 10.1% in the forty weeks ended November 8, 1996. The number of catalogs mailed increased to approximately 27.9 million in the forty weeks ended November 7, 1997 from approximately 24.8 million in the forty weeks ended November 8, 1996. The decrease in sales is the

result of unseasonably warm weather on the east coast in the first part of the fall season affecting the sales of fall and winter clothing.

Gross Profit

Gross profit as a percentage of revenues was 45.1% for the forty weeks ended November 7, 1997 as compared to 45.8% in the same period in 1996. The slight decrease in gross profit was primarily due to an increase in J. Crew Retail buying and occupancy costs, reflecting the higher cost associated with opening new stores in urban areas such as New York City.

Selling, General and Administrative Expenses

Selling, general and administrative expenses as a percentage of revenues increased to 44.7% in the forty weeks ended November 7, 1997 from 44.6% in the forty weeks ended November 8, 1996. The increase as a percentage of revenues is a result of increased general and administration expenses of 2.2% of revenues primarily in J. Crew Mail Order, which was partially offset by decreases in selling expenses in J. Crew Mail Order, C&W and PCP of 2.1% of revenues. The increase in general and administrative expenses was primarily a result of increased staffing and the decrease in selling expenses was principally a result of decreased paper costs.

Interest Expense

Interest expense increased to \$11.9 million or 2.1% of revenues in the forty weeks ended November 7, 1997 from \$7.6 million or 1.4% of revenues in the forty weeks ended November 8, 1996. This increase was due to an over 90% increase in average borrowing to \$66.7 million in the forty weeks ended November 7, 1997 compared to average borrowings of \$34.5 million in the same period last year. The borrowings were required to fund the increased inventory levels and the increased capital expenditures. Additionally, the issuance of the Old Notes in the Offering in aggregate principal amount of \$150 million contributed approximately \$0.9 million to the increased interest and the issuance of Senior Discount Debentures of \$75.3 million contributed approximately \$0.6 million to the increased interest.

Fiscal 1996 Compared to Fiscal 1995

Revenues

Revenues increased 8.4% to \$808.8 million in fiscal 1996 from \$745.9 million in fiscal 1995, as the result of increased sales of J. Crew brand merchandise. J. Crew brand revenues increased 12.8% to \$556.1 million in fiscal 1996 from \$492.8 million in fiscal 1995. Other divisions contributed \$252.7 million in revenues in fiscal 1996 as compared to \$253.1 million in fiscal 1995.

J. Crew Mail Order revenues increased 5.5% to \$289.8 million in fiscal 1996 from \$274.6 million in fiscal 1995. The percentage of the Company's total revenues derived from J. Crew Mail Order decreased to 35.8% in fiscal 1996 from 36.8% in fiscal 1995. The increase in J. Crew Mail Order revenues principally resulted from the introduction of the Women's Book and the related increase in overall J. Crew catalog circulation to approximately 76 million in 1996 from approximately 68 million in 1995.

J. Crew Retail revenues increased by 24.4% to \$168.0 million in fiscal 1996 from \$135.0 million in fiscal 1995. The percentage of the Company's total revenues derived from its J. Crew Retail stores increased to 20.8% in 1996 from 18.1% in 1995. The increase in revenues was principally the result of the opening of eight new stores and a 4.5% increase in comparable store sales in fiscal 1996. The increase in comparable store sales was principally due to strong performance in the J. Crew womenswear lines, including Durables, Classics and Collection.

J. Crew Factory Outlet revenues increased by 19.3% to \$94.5 million in fiscal 1996 from \$79.2 million in fiscal 1995. The percentage of the Company's total revenues derived from its J. Crew Factory Outlet stores increased to 11.7% in fiscal 1996 from 10.6% in fiscal 1995. The increase in J. Crew Factory Outlet revenues was principally the result of a 7.0% increase in comparable store sales. During fiscal 1996, J. Crew Factory Outlets opened three stores and closed four stores. Similar to J. Crew Retail, the increase in comparable store sales for J. Crew Factory Outlets was principally due to strong performance in the J. Crew womenswear lines.

PCP revenues decreased by 2.4% to \$177.7 million in fiscal 1996 from \$182.1 million in fiscal 1995. The percentage of the Company's total revenues derived from PCP decreased to 22.0% in fiscal 1996 from 24.4% in fiscal 1995. The decrease in revenues primarily resulted from competitive discounting in the northeastern market which was partially offset by revenues from the introduction of brand-name apparel. During fiscal 1996, the number of catalogs mailed remained flat at approximately seven million and the number of selling agents remained unchanged at approximately 106,000.

C&W revenues increased by 5.6% to \$75.0 million in fiscal 1996 from \$71.0 million in fiscal 1995. The percentage of the Company's revenues derived from C&W decreased slightly to 9.3% in fiscal 1996 from 9.5% in fiscal 1995. The increase in C&W revenues during fiscal 1996 reflected: (i) the return to its original merchandising strategy of providing conservative career-oriented clothing, see "--Overview;" and (ii) the introduction of a value pricing strategy. In addition, the Company reduced the catalog circulation of C&W in fiscal 1996 to 38 million from 40 million in fiscal 1995. The Company believes that C&W's return to its original focus is in place and currently plans to increase its C&W catalog mailings.

Gross Profit

Gross profit increased to 47.0% of revenues in 1996 as compared to 46.4% of revenues in 1995. This increase primarily resulted from an increase in merchandise margins in J. Crew Mail Order.

Selling, General and Administrative Expenses

Selling, general and administrative expenses decreased to 43.1% of revenues in fiscal 1996 from 43.9% of revenues in 1995. The decline in selling, general and administrative expenses as a percentage of revenues principally reflects a decrease in catalog circulation costs (consisting primarily of paper, postage and printing). These costs declined to 15.9% of revenues in fiscal 1996 from 16.9% of revenues in fiscal 1995, principally as a result of a decrease in paper costs to 3.2% of revenues in fiscal 1996 from 3.9% of revenues in fiscal 1995, and a decrease in number of pages circulated by J. Crew Mail Order from 10.2 billion in fiscal 1995 to 9.8 billion in fiscal 1996 as a result of the J. Crew Mail Order customer segmentation strategy. Circulation at C&W also decreased. This decrease was partially offset by an increase in general and administrative expenses related to payroll for new J. Crew retail stores opened during the period. Absolute dollar amounts of selling, general and administrative expenses increased to \$348.3 million in fiscal 1996 from \$327.7 million in fiscal 1995, primarily reflecting volume related costs.

Interest Expense

Interest expense increased to \$10.5 million or 1.3% of revenues in fiscal 1996 from \$9.4 million or 1.3% of revenues in fiscal 1995. This increase was due primarily to higher average borrowings under the revolving credit agreement.

Fiscal 1995 Compared to Fiscal 1994

Revenues. Revenues increased 1.1% to \$745.9 million in fiscal 1995 from \$737.7 million in fiscal 1994, reflecting increased sales of J. Crew brand merchandise, which more than offset declines in other divisions. J. Crew brand revenues increased by 9.8% to \$492.8 million in fiscal 1995 from \$448.9 million in fiscal 1994. Other

divisions contributed \$253.1 million in revenues in fiscal 1995 compared to \$288.8 million in fiscal 1994, a decrease of 12.4%.

J. Crew Mail Order revenues increased 11.0% to \$274.6 million in fiscal 1995 from \$247.3 million in fiscal 1994. The percentage of the Company's total revenues derived from J. Crew Mail Order increased to 36.8% in fiscal 1995 from 33.5% in fiscal 1994. The revenue improvement was primarily due to an increase in the number of catalogs mailed to approximately 68 million in fiscal 1995 from approximately 61 million in fiscal 1994 as a result of growth in the 12-month buyer file.

J. Crew Retail revenues were \$135.0 million in fiscal 1995 compared to \$135.7 million in fiscal 1994. The percentage of the Company's total revenues derived from its J. Crew Retail stores decreased to 18.1% in fiscal 1995 from 18.4% in fiscal 1994. The sales performance was primarily the result of a 6.3% decrease in comparable store sales which was partially offset by the opening of two new stores in November, 1995. The decrease in comparable store sales was principally a result of: (i) severe weather conditions in the Northeast, which negatively affected sales during the holiday season; and (ii) weak performance in menswear as a result of competitive pressures from men's sport offerings by the Company's principal competitors.

J. Crew Factory Outlet revenues increased by 26.5% to \$79.2 million in fiscal 1995 from \$62.6 million in fiscal 1994. The percentage of the Company's total revenues derived from its J. Crew Factory Outlet stores increased to 10.6% in fiscal 1995 from 8.5% in fiscal 1994. J. Crew Factory Outlet revenue improvement primarily reflected the opening of 12 new stores (and the closing of two underperforming stores) in fiscal 1995, partially offset by a 9.9% decrease in comparable store sales. The decrease in comparable store sales was principally due to the lack of key products in the merchandise assortment in the stores and poor weather in the Northeast which negatively affected the holiday retail season.

PCP revenues decreased by 4.0% to \$182.1 million in fiscal 1995 from \$189.7 million in fiscal 1994. The percentage of the Company's total revenues derived from PCP decreased to 24.4% in fiscal 1995 from 25.7% in fiscal 1994. The decrease in revenues principally resulted from fulfillment disruptions during PCP's relocation to its new distribution center in Edison, New Jersey. During fiscal 1995, the number of catalogs mailed remained flat at approximately seven million and the number of selling agents remained unchanged at approximately 106,000.

C&W revenues decreased by 28.4% to \$71.0 million in fiscal 1995 from \$99.1 million in fiscal 1994. The percentage of the Company's revenues derived from C&W decreased to 9.5% in fiscal 1995 from 13.4% in fiscal 1994. The decrease in revenues reflected the unsuccessful attempt at repositioning C&W as a retailer of urban-oriented clothing. See "--Overview." The number of C&W catalogs circulated remained at 40 million during fiscal 1995 compared to fiscal 1994.

Gross Profit

In 1995, gross profit was 46.4% of revenues as compared to 46.6% of revenues in 1994. The decrease was primarily attributable to an increase in buying and occupancy costs, which was offset by improved merchandise margins in J. Crew Mail Order.

Selling, General and Administrative Expenses

Selling, general and administrative expenses were 43.9% of revenues in fiscal 1995 as compared to 42.2% of revenues in 1994. The increase primarily reflects a substantial increase in catalog circulation costs (consisting primarily of paper, postage and printing) to 16.9% of revenues in fiscal 1995 from 14.5% of revenues in fiscal 1994. Paper costs increased from 2.7% of revenues in fiscal 1994 to 3.9% of revenues in fiscal 1995, reflecting a spike in paper prices to levels not previously experienced in the Company's history. Postage costs increased sharply, as a result of an approximately 14% postal rate increase that occurred in January, 1995. Increased catalog circulation costs also reflected an approximately 10% increase in catalogs circulated by J. Crew Mail Order, from 61 million in

fiscal 1994 to 68 million in fiscal 1995 and an approximately 23% increase in pages circulated from 8.3 billion in fiscal 1994 to 10.2 billion in fiscal 1995. C&W circulation was unchanged. These factors more than offset a decrease in general and administrative expenses and a decrease in J. Crew Retail store operating expenses.

Interest Expense

Interest expense increased to \$9.4 million or 1.3% of revenues in fiscal 1995 from \$7.0 million or 1.0% of revenues in fiscal 1994. This increase was due primarily to higher average borrowings under the revolving credit agreement and the issuance of an additional \$15.0 million of long-term debt.

Seasonality

The Company's retail and mail order businesses experience two distinct selling seasons, spring and fall. The spring season is comprised of the first and second quarters, consisting of twelve and sixteen weeks, respectively, and the fall season is comprised of the third and fourth quarters, each consisting of twelve weeks. J. Crew Retail stores, J. Crew Factory Outlet stores, C&W Factory stores and PCP are stronger in the third and fourth quarters and the J. Crew and C&W Mail Order businesses are strongest in the fourth quarter. In addition, the Company's working capital requirements fluctuate throughout the year, increasing substantially in September and October in anticipation of the holiday season inventory requirements. The Company funds its working capital requirements primarily through a revolving credit facility, which historically has been paid down in full at the end of the Company's fiscal year.

The following table sets forth certain unaudited quarterly information for fiscal 1995 and 1996:

Liquidity and Capital Resources

Historical

The Company's primary cash needs have been for opening new stores, warehouse expansion and working capital. The Company's sources of liquidity have been cash flow from operations, proceeds from the private placement of long-term debt and borrowings under a revolving credit facility.

In April 1997, the Company entered into the Retired Bank Credit Facility with a group of twelve banks with Morgan Guaranty Trust Company of New York as agent. The Retired Bank Credit

Facility provided for commitments in an aggregate amount of up to \$200.0 million of which up to \$120.0 million was available for direct borrowings. The Retired Bank Credit Facility replaced the Company's previous revolving credit agreement which provided for commitments in an aggregate amount of up to \$125.0 million, of which up to \$75.0 million was available for direct borrowings. Borrowings under the Retired Bank Credit Facility were unsecured and bore

interest, at the Company's option, at the base rate (defined as the higher of the bank's prime rate or the Federal Funds rate plus 0.5%) or the London Interbank Offering Rate ("LIBOR") plus 0.625%. The Retired Bank Credit Facility was to expire on April 17, 2000. There were no borrowings outstanding under the Company's revolving credit agreements at January 31, 1997 and February 2, 1996. Average borrowings under the Company's revolving credit agreements were \$25.5 million and \$31.2 million for the years ended on February 2, 1996 and January 31, 1997, respectively. Outstanding letters of credit issued to facilitate international merchandise purchases were \$25.9 million and \$37.8 million on February 2, 1996 and January 31, 1997, respectively.

Borrowings under the Retired Bank Credit Facility on October 17, 1997, prior to the Recapitalization, were \$99.0 million and letters of credit outstanding were \$38.7 million. Average borrowings under the credit agreement were \$68.8 million for the period ended on October 17, 1997.

In June 1995, the Company issued \$85.0 million of the Retired Senior Notes to institutional investors in a private placement. At October 17, 1997 the Retired Senior Notes were retired by the Company at a cost of \$93.1 million that included accrued interest on the Retired Senior Notes and a make-whole premium.

In the first forty weeks of fiscal 1997, cash used in operating activities was \$61.1 million compared to \$42.8 million in the comparable period in 1996, an increase of \$18.3 million. This increase resulted primarily from an increase in the net loss of \$28.0 million and is primarily attributable to \$25.6 million of cash paid relating to expenses incurred in connection with the Recapitalization and an extraordinary item of \$4.5 million relating to the early retirement of debt.

Net cash provided by (used in) operating activities was \$16.5 million, (\$7.8) million and \$1.8 million for fiscal years 1996, 1995 and 1994, respectively. The improvement in cash flow from operations in 1996 was primarily attributable to the increase in net income and the timing of income tax payments/refunds for fiscal years 1995 and 1996. In 1995, the decrease in cash flow from operations was attributable to the decrease in net income.

Net cash used in investing activities included capital expenditures, primarily for the Company's J. Crew Retail expansion strategy, net of construction allowances. Net capital expenditures increased from \$14.9 million in the forty weeks ended November 8, 1996 to \$28.3 million in the comparable period in 1997. Capital expenditures in the 1996 period resulted from the opening of eight J. Crew Retail stores and the \$6.0 million relocation of the retail warehouse to Asheville, North Carolina. Capital expenditures in the 1997 period included the opening of ten J. Crew Retail stores and the \$6.0 million relocation of the Company's headquarters office in New York City.

Net capital expenditures totaled \$22.5 million, \$14.6 million and \$13.5 million in fiscal years 1996, 1995 and 1994. Capital expenditures included the opening of eight J. Crew Retail stores and three J. Crew Factory Outlet stores in 1996, two J. Crew Retail stores and 12 J. Crew Factory Outlet stores in 1995 and one J. Crew Retail store and seven J. Crew Factory Outlet stores in 1994. In fiscal 1994, \$4.2 million was expended for the PCP distribution facility in Edison, New Jersey and \$2.2 million was used to expand the Lynchburg, Virginia telemarketing and distribution center.

Net cash provided by (used in) financing activities totaled (\$0.4) million, \$17.8 million and \$6.8 million in fiscal years 1996, 1995 and 1994. In fiscal 1995, the Company borrowed \$85.0 million in private placement debt of which \$67.0 million was used to repay then outstanding long-term debt. In fiscal 1994, \$15.0 million of additional long-term debt was offset by required payments of \$7.0 million for outstanding long-term debt and a \$1.0 million dividend.

After the Recapitalization

Since consummating the Recapitalization, the Company's primary sources of liquidity have been cash flow from operations and borrowings under the Revolving Credit Facility. The Company's primary uses of cash have been debt service requirements, capital expenditures and working capital. The Company expects that ongoing

requirements for debt service, capital expenditures and working capital will be funded from operating cash flow and borrowings under the Revolving Credit Facility.

The Company has incurred substantial indebtedness in connection with the Recapitalization. After giving effect to the Recapitalization and application of the proceeds of the Old Debentures, the Holdings Preferred Stock, the Holdings Common Equity contribution and the distribution by Operating Corp to Holdings of the net proceeds of the issuance of the Operating Corp Senior Subordinated Notes, the Securitization and borrowings under the Bank Facilities (less the repayment of the Retired Bank Credit Facility, the Retired Senior Notes and other indebtedness and transaction expenses), the Company had \$342.3 million of indebtedness outstanding and \$194.7 million of stockholders' deficit, in each case as of November 7, 1997. The Company's significant debt service obligations following the Recapitalization could, under certain circumstances, have material consequences to security holders of the Company, including holders of the New Debentures. See "Risk Factors."

Concurrent with the Recapitalization, Operating Corp issued the Operating Corp Senior Subordinated Notes for \$150.0 million in gross proceeds, entered into the Term Loan Facility and the Revolving Credit Facility and consummated the Securitization. The Term Loan Facility is a single tranche term loan in the aggregate principal amount of \$70.0 million. The Revolving Credit Facility provides revolving loans in an aggregate amount of up to \$200.0 million. Upon closing of the Recapitalization, Operating Corp borrowed the full amount available under the Term Loan Facility and approximately \$35.6 million under the Revolving Credit Facility. Borrowings under the Revolving Credit Facility were used to partially refinance seasonal borrowings outstanding under the Retired Bank Credit Facility. The amount remaining available under the Revolving Credit Facility is available to fund the working capital requirements of Operating Corp. The Securitization generated approximately \$40 million in proceeds. Proceeds to Operating Corp from the issuance of the Operating Corp Senior Subordinated Notes, the Securitization and from initial borrowings under the Bank Facilities, less the repayment of the Retired Bank Credit Facility, the Retired Senior Notes and other indebtedness and transaction expenses, were distributed to Holdings to finance the Recapitalization and the fees and expenses in connection therewith (the "Operating Corp Distribution"). To provide additional financing to fund the Recapitalization, Holdings raised \$264.2 million through (i) the sale to TPG Partners II, its affiliates and other investors of approximately 46,853 shares of Holdings Common Stock (representing 85.2% of the outstanding shares) for \$63.9 million, (ii) gross proceeds of \$75.3 million from the issuance of the Old Debentures and (iii) the issuance of \$125.0 million in liquidation value of Holdings Preferred Stock.

The proceeds of the Operating Corp Senior Subordinated Notes, the Securitization, the Holdings Senior Discount Debentures, the Holdings Preferred Stock, the purchase of Holdings Common Stock by TPG Partners II, its affiliates and other investors and the initial borrowings under the Bank Facilities were used to finance the repurchase from the Shareholders of all outstanding shares of Holdings' capital stock (other than shares of Holdings Common Stock having an implied value of \$11.1 million, almost all of which continues to be held by Emily Woods, and which represented 14.8% of the shares of Holdings Common Stock immediately following the transaction) to refinance outstanding indebtedness of Holdings and to pay fees and expenses incurred in connection with the Recapitalization.

Borrowings under the Bank Facilities bear interest at a rate per annum equal (at Operating Corp's option) to a margin over either a base rate or LIBOR. The Bank Facilities will mature six years after the closing date of the Recapitalization. Operating Corp's obligations under the Bank Facilities are guaranteed by each of Operating Corp's direct and indirect subsidiaries. The Bank Facilities and the guarantees thereof are secured by substantially all assets of Holdings and its direct and indirect subsidiaries (other than any receivables subsidiary) and a pledge of the capital stock of Operating Corp and all direct and indirect subsidiaries of Holdings, subject to certain limitations with respect to foreign subsidiaries. The Bank Facilities contain customary covenants and events of default, including substantial restrictions on Operating Corp's ability to make dividends or distributions to Holdings. See "Description of Operating Corp Indebtedness."

Simultaneously with the consummation of the Recapitalization, the Company entered into an agreement with affiliates of the Initial Purchasers establishing a revolving securitization facility in which the initial transaction was the securitization of approximately \$40 million of PCP consumer loan installment receivables. The Securitization involved the transfer of receivables to a trust in exchange for cash and subordinated interests in the pool of receivables, and the subsequent sale by the trust of certificates of beneficial interest to third party investors. Although the Company remains obligated to repurchase receivables in the event of return of the related merchandise and under certain other limited circumstances, the Company has no obligation to reimburse the trust or the purchasers of beneficial interests for credit losses. The trust is held by PCP Receivables Corp. ("Receivables Sub"), a special-purpose, bankruptcy remote subsidiary ("SPV") established by PCP. At November 7, 1997, the SPV had net assets of approximately \$17.5 million. The SPV is not a guarantor of the Operating Corp Senior Subordinated Notes or the Bank Facilities. See "Description of Operating Corp Indebtedness--Receivables Facility." The Securitization was accounted for as a sale of receivables, and resulted in a charge to earnings of approximately \$0.4 million for the period ended November 7, 1997.

The Operating Corp Senior Subordinated Notes are guaranteed by each subsidiary of Operating Corp (other than Receivables Sub) but are not guaranteed by Holdings. The Operating Corp Senior Subordinated Notes mature in 2007. Interest on the Operating Corp Senior Subordinated Notes is payable semi-annually in cash. The Operating Corp Senior Subordinated Notes contain customary covenants and events of default, including covenants that limit the ability of Operating Corp and its subsidiaries to incur debt, pay dividends and make certain investments.

The Holdings Preferred Stock bears cumulative dividends at the rate of 14.50% per annum (payable quarterly) for all periods ending on or prior to October 17, 2009 and 16.50% per annum thereafter. Dividends compound to the extent not paid in cash. Subject to restrictions imposed by the Operating Corp Senior Subordinated Notes, the Bank Facilities, the Debentures and other documents relating to the Company's indebtedness, Holdings may redeem the Holdings Preferred Stock at any time, at the then-applicable redemption price and, in certain circumstances (including the occurrence of a change of control of Holdings), may be required to repurchase shares of Holdings Preferred Stock at liquidation value plus accumulated and unpaid dividends to the date of repurchase. See "Capital Stock of Holdings and Operating Corp."

The New Debentures will mature on October 15, 2008. Cash interest will not accrue on the New Debentures prior to October 15, 2002. Thereafter, interest on the New Debentures will be payable semiannually in cash. See "Description of the New Debentures."

The Company expects that capital expenditures, net of construction allowances, during fiscal 1997 will be approximately \$34 million, primarily to fund the opening of 12 retail stores, the relocation of the Company's headquarters office in New York City and the consolidation of J. Crew and C&W corporate offices. Capital expenditures are expected to be funded from internally generated cash flows and by borrowing from available financing sources. See "Business--J. Crew Brand--J. Crew Retail--New Store Expansion."

Borrowings outstanding under the Revolving Credit Facility on November 7, 1997 were \$47.0 million and letters of credit outstanding as of November 7, 1997 were \$37.4 million.

Management believes that cash flow from operations and availability under the Revolving Credit Facility will provide adequate funds for the Company's foreseeable working capital needs, planned capital expenditures and debt service obligations. The Company's ability to fund its operations and make planned capital expenditures, to make scheduled debt payments, to refinance indebtedness and to remain in compliance with all of the financial covenants under its debt agreements depends on its future operating performance and cash flow, which in turn, are subject to prevailing economic conditions and to financial, business and other factors, some of which are beyond its control. See "Risk Factors."

Recapitalization Expenses

The recapitalization expenses of \$19.9 million consisted of management bonuses of \$12.1 million, TPG financial advisory fee of \$5.6 million, legal and accounting fees of \$1.0 million, consulting fee of \$1.0 million and other expenses of \$0.2 million. The Company's results of operations were negatively impacted by these recapitalization expenses. The loss before income taxes and extraordinary item of \$29.1 million for the forty week period ended November 7, 1997 includes the \$19.9 million of non-recurring recapitalization expenses, all of which were paid before January 31, 1998.

The Year 2000 Issue

The effect of Year 2000 issues on the Company's operations are being addressed by the Company's Information Technology Department. A plan has been developed which identifies the systems and related programs which must be upgraded and a timetable has been established for the completion of these upgrades.

This plan contemplates the use of internal programming resources, outside consulting services, system upgrades from existing vendors and the replacement of existing packages with packages that are Year 2000 compliant. The designed plan estimates that the Company will be in compliance with Year 2000 issues by the Fall of 1999.

The estimated cost of the Year 2000 upgrade is not expected to be material to the Company's results of operations.

Recent Accounting Pronouncements

In June 1997, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 131, Disclosures about Segments of an Enterprise and Related Information, which will be effective for financial statements beginning after December 15, 1997. SFAS No. 131 redefines how operating segments are determined and requires expanded quantitative and qualitative disclosures relating to a company's operating segments. The Company has not yet completed its analysis of how it will be affected.

Impact of Inflation

The Company's results of operations and financial condition are presented based upon historical cost. While it is difficult to accurately measure the impact of inflation due to the imprecise nature of the estimates required, the Company believes that the effects of inflation, if any, on its results of operations and financial condition have been minor. However, there can be no assurance that during a period of significant inflation, the Company's results of operations would not be adversely affected.

BUSINESS

Overview

The Company is a leading mail order and store retailer of women's and men's apparel, shoes and accessories operating primarily under the J. Crew(R) brand name. Under the direction of Emily Woods and Arthur Cinader (co-founders of the J. Crew brand and father and daughter), the Company has built a strong and widely recognized brand name known for its timeless styles at price points that the Company believes represent exceptional product value. The J. Crew image has been built and reinforced over its 14-year history through the circulation of more than one-half billion catalogs that use magazine-quality photography to portray a classic American perspective and aspirational lifestyle. Many of the original items introduced by the Company in the early 1980s (such as the rollneck sweater, weathered chino, barn jacket and pocket tee) were instrumental in establishing the J. Crew brand and continue to be core product offerings. The Company has capitalized on the strength of the J. Crew brand to provide customers with clothing to meet more of their lifestyle needs, including casual, career and sport. The strength of the J. Crew brand is demonstrated by a compound annual growth rate of 15.4% in J. Crew brand revenues between fiscal 1992 and fiscal 1996.

The J. Crew merchandising strategy emphasizes timeless styles and a broad assortment of high-quality products designed to provide customers with one-stop shopping opportunities at attractive prices. J. Crew catalogs and retail stores offer a full line of men's and women's basic durables (casual weekend wear), sport, swimwear, accessories and shoes, as well as the more tailored men's sportswear and women's "Classics" lines. Approximately 60% of the Company's J. Crew brand sales are derived from its core offerings of durables and sport clothing, the demand for which the Company believes is stable and resistant to changing fashion trends. The Company believes that the J. Crew image and merchandising strategy appeal to college-educated, professional and affluent customers who, in the Company's experience, have demonstrated strong brand loyalty and a tendency to make repeat purchases.

J. Crew products are distributed exclusively through the Company's catalog and store distribution channels. The Company currently circulates over 76 million J. Crew catalogs per annum and owns and operates 49 J. Crew retail stores and 42 J. Crew factory outlets. In addition, J. Crew products are distributed through 67 free-standing and shop-in-shop stores in Japan under a licensing agreement with Itochu.

In addition to the Company's J. Crew operations, the Company operates C&W, a mail order and factory store women's apparel business that targets older, more conservative customers, and PCP, a direct selling catalog merchandiser of consumer branded goods through a "club" concept that provides credit sales to lower-income customers. During the twelve-month period ended November 7, 1997, the Company generated total revenues of \$836.7 million, of which \$583.1 million or approximately 70% was attributable to the J. Crew brand, and total Adjusted EBITDA of \$47.6 million. See "Summary--Summary Unaudited Pro Forma Consolidated Financial Data" for a description of Adjusted EBITDA.

Business Strengths

Since its inception, the Company has pursued a consistent operating strategy which has resulted in the following key strengths and distinguishing characteristics:

- Strong, Recognizable Brand. The Company has created a recognizable, differentiated brand image reflecting an American aspirational lifestyle. The J. Crew image is consistently communicated through all aspects of the Company's business including its merchandise design, distinctive catalogs and retail store environment. The Company's high-quality products, strong brand image and customer loyalty have resulted in strong gross margins and retail sales productivity.

- Premium Quality Products and Distinctive Designs at Attractive Price Points. The Company offers premium quality products reflecting a classic, clean aesthetic with a consistent design philosophy. All J. Crew products are designed by an in-house team of 15 designers led by Emily Woods. The Company believes that its in-house design capabilities ensure a coherent set of product offerings from season to season and year to year that provides significant value to its customers through attractive price points.
- Proven Retail Store Concept. J. Crew Retail stores historically have generated strong and stable operating results. The Company believes that its sales per gross square foot are among the highest in its industry segment. J. Crew Retail stores open during all of fiscal 1996 generated the following key operating statistics:

	Fiscal 1996 Average
Sales per gross square foot	\$575
Store contribution margin	25.9

Approximately 81% of the J. Crew Retail stores that were open during all of 1996 had store contribution margins above 20%. All of the Company's J. Crew Retail stores are profitable and have generated positive store contribution within the first twelve months of operation. In addition, J. Crew Retail stores opened since fiscal 1992 have averaged approximately \$550 in sales per gross square foot and 23.0% store contribution margin during the first twelve months of operation.

- Broad and Stable Product Offering. The Company's J. Crew product offering includes a broad array of items which appeal to a diverse customer base, spanning gender and age segments. A substantial portion of the J. Crew product line consists of basic durables, such as chinos, jeans and sweaters, which are not significantly modified from year to year and, in the Company's opinion, are resistant to shifting fashion trends. In 1996, sales of durables and sport clothing represented approximately 60% of total J. Crew brand revenues, having increased at a compound annual growth rate of approximately 15% since 1992.
- Synergistic Distribution Channels. The Company believes that the concurrent operation of the J. Crew Mail Order business and J. Crew Retail stores provides a distinct advantage in the development of the J. Crew brand. Visibility and exposure of the brand are enhanced by the broad circulation of catalogs, aiding the expansion of the retail concept. In addition, the Company believes that the retail operations help attract first-time "walk-by" customers to the catalog and improve the salability of fit-critical items through the catalog. The Company further believes that diversified distribution channels help insulate the Company against circumstances and events uniquely affecting one distribution channel or the other.
- Tightly Controlled Distribution. By selling products exclusively through J. Crew catalogs, J. Crew Retail stores and J. Crew Factory Outlets, the Company is able to present and maintain a consistent brand image, control the presentation and pricing of its merchandise, provide a higher level of customer service, and closely monitor retail sell-through. The Company believes that tight control over the distribution of its products provides competitive advantages over other branded apparel retailers that distribute their goods through department stores.

Opportunities

The Company believes that substantial opportunities exist to enhance revenue and profitability by increasing efficiencies in the J. Crew Mail Order business and by expanding the J. Crew Retail business.

- Implement Tactical Cost Savings Opportunities--While the Company believes that gross margins in the J. Crew Mail Order business have been strong, overall catalog profitability has been depressed by unnecessarily high operating expenses. The Company has identified a number of tactical cost savings that could be realized

without affecting the Company's franchise or brand image. Included in Adjusted EBITDA are \$7.5 million in estimated annual savings resulting from actions implemented prior to the Recapitalization, including negotiation of a new catalog vendor contract, selected headcount and net payroll reductions and the insourcing of certain photography functions. The Company has identified approximately \$7 million of further potential annual savings that are not reflected in Adjusted EBITDA, including process efficiencies currently under review, reduction of the Base Book trim size, installation of automatic sorting equipment and consolidation of the J. Crew and C&W New York corporate offices. The Company believes these additional cost savings could be implemented by mid-1998.

- Realize Cash Flow Increases Through J. Crew Mail Order SKU Rationalization--The Company's J. Crew Mail Order product offerings have increased from 33,000 SKUs in 1992 to 66,000 SKUs in 1996, partly as a result of a proliferation in colors and sizes offered. In recent season-to-season testing on the Company's swimwear and chino lines, the Company reduced SKUs by 33% and 45%, respectively, while posting category revenue increases. By eliminating slower-selling colors and sizes from its core offering, the Company believes it will be better able to forecast demand, increase fill rates and increase inventory turns, resulting in enhanced operating cash flow.
- Increase J. Crew Catalog Productivity Through Increased Segmentation--The Company believes that it circulates fewer and less-targeted catalog editions than its competitors, and that catalog productivity (as measured by initial demand per page circulated) could be enhanced by more precise targeting of catalog mailings through further customer segmentation. For example, in 1996 the Company introduced a Women's catalog which to date has achieved 20% higher initial demand per page circulated than that of the Company's primary mailing, the Base Book. To further enhance its segmentation efforts, the Company has recently introduced a College catalog and plans to introduce a Swimwear catalog in 1998. From 1997 to 1998, the increased segmentation is expected to result in an approximately 5% increase in the number of catalogs circulated, but an approximately 8% decrease in total pages circulated. Reductions in total pages circulated should result in a decrease in paper and postage expenses.
- Expand J. Crew Retail Operations--The Company's J. Crew Retail store expansion strategy is to continue to increase its market share in its existing markets and to penetrate new markets. The Company expects to open a total of 12 stores in fiscal 1997, ten of which were open as of November 7, 1997. The Company currently intends to open 12 to 20 stores annually, funded primarily by cash flow generated from operations, resulting in approximately 100 stores in operation by the end of fiscal 2000. Historically, new stores have cost the Company an average of \$1.5 million in building improvements and working capital expenditures and have experienced a pay-back period of approximately 20 months. The Company has established an administrative infrastructure that it believes is sufficient to accommodate the retail expansion plan, providing the Company with additional margin improvement through overhead leverage. In addition, the Company believes, with a store base of only 49 stores, its markets are underpenetrated relative to its competitors and enough suitable locations exist nationwide to accommodate its expansion plan.

The Company has five major operating divisions: J. Crew Mail Order, J. Crew Retail, J. Crew Factory Outlets, PCP and C&W. J. Crew Mail Order, J. Crew Retail and J. Crew Factory Outlets each operate under the J. Crew brand name. In 1996, products sold under the J. Crew brand contributed \$556.1 million in revenues (including licensing revenues) or 68.8% of the Company's total revenues. J. Crew brand revenues in 1996 were comprised of \$289.8 million (52.1%) from J. Crew Mail Order, \$168.0 million (30.2%) from J. Crew Retail and \$94.5 million (17.0%) from J. Crew Factory Outlets. In fiscal 1996, PCP and C&W contributed revenues of \$177.7 million and \$75.0 million, respectively, representing approximately 22.0% and 9.3%, respectively, of the Company's total revenues.

J. Crew Brand

Merchandising and Design Strategy

The J. Crew merchandising strategy focuses on creating and delivering a broad assortment of high-quality products in timeless styles intended to provide customers with one-stop shopping opportunities at attractive prices. Many of the original items introduced by the Company in the early 1980s (such as the rollneck sweater, weathered chino, barn jacket and pocket tee) were instrumental in establishing the J. Crew brand, and continue to be core product offerings. The Company has capitalized on the strength of the J. Crew brand image to provide its customers with clothing to meet more of their lifestyle needs, including casual, career and sport.

Over time, the J. Crew merchandising strategy has evolved from providing unisex products to creating full lines of men's and women's clothing, shoes and accessories. This has had the effect of increasing overall J. Crew brand sales volume, and significantly increasing revenues from sales of women's apparel as a percentage of total J. Crew brand sales. J. Crew Mail Order sales in 1996 were approximately 55% women's and 45% men's, while sales in the J. Crew Retail stores were approximately 60% women's and 40% men's. The following table sets forth the J. Crew merchandise mix as a percentage of total J. Crew Mail Order and Retail revenues for the years 1992 through 1996. (J. Crew brand sales statistics throughout this section exclude sales in J. Crew Factory Outlets.)

	FY 1992	FY 1993	FY 1994	FY 1995	FY 1996
Women's	38%	42%	47%	53%	56%
Men's	62	58	53	47	44
	---	---	---	---	---
	100%	100%	100%	100%	100%
	===	===	===	===	===

J. Crew Womenswear

The ready-to-wear women's apparel market is divided by price point into five segments ranging from lowest to highest as follows: Budget, Moderate, Better, Bridge and Designer. J. Crew womenswear competes primarily in the Better and Bridge segments of the market. J. Crew womenswear comprises the Durables, Sport, Classics, Collection, Swim, Shoes, Accessories and Intimates lines. The Durables and Sport lines consist of casual apparel and comprised 52.5% of J. Crew womenswear sales in 1996. The Durables line includes core items such as jeans, knits and sweaters that retail between \$20 to \$100, while the Sport line includes basic outerwear and knits that retail between \$40 to \$200. Revenues from the Durables and Sport lines have increased from \$44.2 million in 1992 to \$135.6 million in 1996, representing a compound annual growth rate of 32.3%. The Company has capitalized on the strength of these lines with the successful extension of its womenswear offering through its Classics and Collection lines. The Classics line features women's suits, dresses, jackets and trousers that retail between \$50 to \$300. Women's Collection is positioned as a designer line at substantially lower price points than other designer lines, and features suits, dresses, jackets and trousers made of fine Italian fabrics that retail between \$250 to \$1,800. Women's Accessories includes sunglasses, hats, scarves, gloves, belts, bags, hosiery, hair products and small leather goods.

J. Crew catalogs provide a broader selection of the Durables and Sport lines than the retail stores, while the retail stores provide a broader selection of the Classics line than the catalogs. The Collection line is featured exclusively in select retail stores, and Classics are sold primarily through retail stores, to reinforce a high-end brand image and to accommodate customer fit, fabric and price considerations before purchase.

J. Crew Menswear

J. Crew menswear comprises the Durables, Sport, Sportswear, Swim, Shoes, Accessories and Underwear/Loungewear lines. The Durables and Sport lines consist of casual apparel and comprised 78.2% of J. Crew menswear sales in 1996. The Durables line includes casual jeans and chinos, sweaters and outerwear that retail between \$40 and \$400. The Company recently introduced the Sport line to meet growing consumer demand for sport and outdoor apparel that combines designer styling with technical authenticity. Revenues from the Durables and Sport lines have increased from \$121.8 million in 1992 to \$155.8 million in 1996, representing a compound

annual growth rate of 6.3%. The Sportswear line includes men's sportcoats, shirts and trousers that retail between \$50 and \$500.

J. Crew catalogs feature a broader selection of men's casual Durables and Sport merchandise than in the retail stores. Men's Sportswear is featured exclusively in the retail stores to reinforce a high-end brand image and to accommodate customer fit, fabric and price considerations before purchase.

Design

Every J. Crew product is designed by Emily Woods and her in-house design staff of 15 designers to reflect a classic, clean aesthetic that is consistent with the brand's American lifestyle image. Design teams are formed around J. Crew product lines and categories to develop concepts, themes and products for each of the Company's J. Crew businesses. Members of the J. Crew technical design team develop construction and fit specifications for every product to ensure quality workmanship and consistency across product lines. These teams work in close collaboration with the merchandising and production staff in order to gain market and other input. Product merchandisers provide designers with market trend and other information at initial stages of the design process. J. Crew designers and merchants source globally for fabrics, yarns and finishing products to ensure quality and value, while manufacturing teams research and develop key vendors worldwide to identify and maintain the essential characteristics for every style.

J. Crew Mail Order

Since its inception in 1983, J. Crew Mail Order has distinguished itself from other catalog retailers by its award-winning catalog, which utilizes magazine-quality "real moment" pictures to depict an aspirational lifestyle image. During fiscal 1996, J. Crew Mail Order distributed 30 catalog editions with a combined circulation of more than 76 million, generating \$289.8 million in revenues or 52.1% of the Company's total J. Crew brand revenues.

Circulation Strategy

J. Crew Mail Order's circulation strategy focuses on continually improving the segmentation of customer files and the acquisition of additional customer names. In 1996, approximately 60% of J. Crew Mail Order revenues were from customers in the 12-month buyer file (buyers who have made a purchase from any J. Crew catalog in the prior 12 months). Between 1992 and 1996 the J. Crew Mail Order 12-month buyer file grew at a compound annual growth rate of 10.0%.

Customer Segmentation. In 1996, the Company began segmenting its customer file and tailoring its catalog offerings to address the different product needs of its customer segments. To increase core catalog productivity and improve the effectiveness of marginal and prospecting circulation, each customer segment is offered different catalog editions. The Company currently circulates Base, Women's, Prospect and Sale catalogs to targeted customer segments, has recently introduced a College catalog and intends to introduce a Swimwear catalog in 1998.

Descriptions of the Company's current catalogs follow:

- Base Books. These catalogs contain the entire mail order product offering and are sent primarily to 12-month buyers.
- Women's Books. Introduced in the spring of 1996, the Women's books feature women's merchandise and are sent to buyers who purchase primarily women's merchandise. These books represent an additional customer contact potentially generating incremental revenue from women customers.
- Prospect Books. Introduced in late 1995, these editions are abridged versions of the Base Books and are sent to less active and prospective customers in order to cost-effectively reactivate old customers and acquire new customers.

- Sale Books. These catalogs contain overstock merchandise to be sold at reduced prices without adversely affecting the J. Crew brand image.

The following are descriptions of the recently introduced College book and the Swimwear book planned for 1998:

- College Books. College books present a merchandise mix (primarily men's and women's Durables, Sport and Swimwear) that is most often purchased by and for students. These catalogs consist of a new creative presentation involving a lifestyle setting appealing to the youth market. The Company believes that these new catalogs will also be effective as prospecting vehicles: the page counts are relatively low (68 pages) and the product lines offered are of above average productivity.
- Swimwear Books. The Company plans to offer its full swimwear line together with selected casual weekend clothing in a special catalog edition to be mailed to its most productive women customers as well as to prospective customers. The Company's analysis of buyer performance indicates that swimwear is the most productive category for existing buyers and the product classification most frequently purchased by first-time buyers.

The Company believes that it circulates fewer and less-targeted catalog editions than its competitors, and that segmentation will improve the productivity (as measured by initial demand per page circulated) of its circulation by: (i) increasing its offers to its most productive customers and decreasing its offers to its less productive customers, and (ii) reducing both the page count and number of mailings of its Base Books. For example, in 1996, the Company introduced the Women's catalog which to date has achieved 20% higher initial demand per page circulated than that of the Base Book. The overall effect of increased segmentation is expected to be an increase in books circulated (and customer contacts made) and a decrease in pages circulated. In 1996, total circulation increased to approximately 76 million from approximately 68 million in 1995, primarily as a result of the introduction of Prospect and Women's catalogs, while pages circulated during this period decreased to 9.8 billion from 10.2 billion. From 1997 to 1998, the increased segmentation is expected to result in an approximately 5% increase in the number of catalogs circulated, but an approximately 8% decrease in total pages circulated. Reductions in total pages circulated should result in a decrease in paper and postage expenses.

Customer Acquisition and List Management. J. Crew Mail Order's name acquisition programs are designed to attract new customers in a cost-effective manner. The Company acquires new names from various sources, including list rentals, exchanges with other catalog and credit card companies, "friends' name" card inserts and, recently, through J. Crew Retail stores which represent an increasingly significant resource in prospecting for new names. Names and addresses of 25% to 30% of the customers making credit card purchases at J. Crew Retail stores are automatically captured at the point of sale. Customers are also asked to fill out cards at the cash register when they make purchases. In addition, the Company is exploring the feasibility of placing telephones in its J. Crew Retail stores with direct access to the J. Crew Mail Order telemarketing center to allow customers in the stores to order catalog-specific or out-of-stock items.

The Company believes that circulation planning based on more sophisticated statistical circulation models will increase the effectiveness of catalog mailings and maximize the productivity of its buyer file. As a result, the Company is testing increasingly sophisticated statistical circulation planning models to improve its ability to predict customer purchase behavior based on a wide range of variables. The Company plans to use these analyses to enhance its circulation efficiencies.

Catalog Creation and Production

The Company is distinguished from other catalog retailers by its award-winning catalog, which utilizes magazine-quality "real moment" pictures to depict an aspirational lifestyle image. All creative work on the catalogs is coordinated by J. Crew personnel to maintain and reinforce the J. Crew brand image. Photography is executed both on location and in studios, and creative design and copy writing are executed on a desk-top publishing system.

Digital images are transmitted directly to outside printers, thereby reducing lead times and improving reproduction quality. The Company believes that appropriate page presentation of its merchandise stimulates demand and therefore places great emphasis on page layout.

J. Crew Mail Order does not have long-term contracts with paper mills and, instead, purchases paper from paper mills at a two and one-half month specified rate. Projected paper requirements are communicated on an annual basis to paper mills to ensure the availability of an adequate supply. Management believes that the Company's long-standing relationships with a number of the largest coated paper mills in the United States allow it to purchase paper at favorable prices commensurate with the Company's size and payment terms. See "Risk Factors--Increases in Costs of Mailing, Paper and Printing."

Telemarketing and Customer Service

J. Crew Mail Order's primary telemarketing and fulfillment facilities are located in Lynchburg, Virginia. Telemarketing operations are open 24 hours a day, seven days a week and handled over 7.5 million calls in fiscal 1996. Orders for merchandise may be received by telephone, facsimile, mail and the Company's website, although orders through the toll-free telephone service accounted for 90% of orders in fiscal 1996. The telemarketing center is staffed by a total of 900 full-time telemarketing associates, and up to 2,500 associates during peak periods, who are trained to assist customers in determining the customer's correct size and to describe merchandise fabric, texture and function. Each telemarketing associate utilizes a terminal with access to an IBM mainframe computer which houses complete and up-to-date product and order information. The fulfillment operations are designed to process and ship customer orders in a quick and cost-effective manner. Orders placed before 9:00 p.m. are shipped the following day. Same-day shipping is available for orders placed before noon. During non-peak periods, approximately 11,000 packages are shipped daily, and during peak periods, 25,000 daily.

J. Crew Retail

An important aspect of the Company's business strategy is an expansion program designed to reach new and existing customers through the opening of J. Crew Retail stores. In addition to generating sales of J. Crew products, J. Crew Retail stores help set and reinforce the J. Crew brand image. The stores are designed in-house and fixtured to create a distinctive J. Crew environment and store associates are trained to maintain high standards of visual presentation and customer service. The result is a complete statement of J. Crew's timeless American style, classic design and attractive product value. During fiscal 1996, J. Crew Retail generated revenues of \$168.0 million, representing 30.2% of the Company's total J. Crew brand revenues.

The Company believes that J. Crew Retail derives significant benefits from the concurrent operation of J. Crew Mail Order. The broad circulation of J. Crew catalogs performs an advertising function, enhancing the visibility and exposure of the brand, aiding the expansion of the retail concept and increasing the profitability of the stores.

J. Crew Retail maintains a uniform appearance throughout its store base, in terms of merchandise display and location on the selling floor. Store managers receive detailed store plans that dictate fixture and merchandise placement to ensure uniform execution of the merchandising strategy at the store level. Standardization of store design and merchandise presentation also maximizes usage and productivity of selling space and lowers the cost of store furnishings allowing J. Crew Retail to cost-effectively open new stores and refurbish existing ones.

Store Economics

The Company believes that its J. Crew Retail stores are among the most productive in its industry segment. All of the Company's J. Crew Retail stores are profitable and have generated positive store contribution within the first 12 months of opening. J. Crew Retail stores that were open during all of fiscal 1996 averaged \$4.8 million per store in sales, produced sales per gross square foot of approximately \$575 and generated store contribution margins of approximately 25.9%. The Company believes that these results compare favorably to the average among retailers that the Company believes to be its primary competitors. J. Crew Retail stores have an average size of 8,300 gross

square feet. The Company's historical average cost for leasehold improvements, furniture and fixtures for new stores was approximately \$950,000 per store, after giving effect to construction allowances. The Company anticipates that the cost of these improvements will increase as it targets more urban, high-traffic areas for its stores. Average pre-opening costs per store, which are expensed as incurred, were \$87,000. In addition, working capital requirements, consisting almost entirely of inventory purchases, averaged approximately \$550,000 per store.

Current Stores

As of November 7, 1997 J. Crew Retail operated 49 retail stores nationwide, having expanded from 18 stores in 1993. The Company intends to open 12 stores in fiscal 1997, ten of which were open as of November 7, 1997. The stores are located in upscale shopping malls and in retail areas within major metropolitan markets that have an established higher-end retail business.

The table below highlights certain information regarding J. Crew Retail stores opened through fiscal 1996.

	Stores Open at Beginning of Fiscal Year	Stores Opened During Fiscal Year	Stores Closed During Fiscal Year	Stores at End of Fiscal Year	Total Square Footage (000's)	Average Store Total Square Footage at End of Year
-----	-----	-----	-----	-----	-----	-----
1992 ...	9	9	--	18	140	7,778
1993 ...	18	10	--	28	226	8,071
1994 ...	28	1	--	29	235	8,103
1995 ...	29	2	--	31	266	8,581
1996 ...	31	8	--	39	338	8,667

New Store Expansion

J. Crew Retail plans to expand its store base to 51 in 1997 and currently intends to increase the number of stores in operation by 12 to 20 stores annually, resulting in approximately 100 stores in operation by the end of fiscal 2000. The retail expansion plan will initially focus on markets in which J. Crew Mail Order has been successful and, more generally, in areas within major metropolitan markets with affluent and well educated populations. The Company will continue to cluster stores in markets which provide the greatest sales potential, such as New York, New Jersey, Massachusetts, California and Florida. Historically, new stores have cost the Company an average of \$1.5 million in building and working capital expenditures and have experienced a pay-back period of approximately 20 months. The Company believes, with a base of 49 stores, its markets are underpenetrated relative to its competitors and enough suitable locations exist nationwide to accommodate its expansion plan.

The following is a summary of the stores opened as of November 7, 1997 and those expected to be opened in 1997 after November 7, 1997:

	Location	Opening Date	Total Square Footage
	-----	----	-----
Opened:	91 Fifth Avenue, New York, NY	3/4	5,875
	Boca Town Center, Boca Raton, FL	4/16	7,099
	Copley Place, Boston, MA	5/9	6,792
	Short Hills Mall, Short Hills, NJ	6/4	10,000
	South Park, Charlotte, NC	6/18	8,402
	Danbury Fair (Durables), Danbury, CT	7/16	5,398
	Century City, Los Angeles, CA	7/30	6,497
	Westfarms, West Hartford, CT	8/1	8,000
	Beachwood, Cleveland, OH	9/19	7,900
	Fashion Valley, San Diego, CA	10/8	8,312
Expected:	South Shore Mall, Braintree, MA	11/12	7,600
	Aventura Mall, Miami, FL	11/30	7,749

J. Crew Factory Outlets

The Company extends its reach to additional consumer groups through its 42 J. Crew Factory Outlets. Offering J. Crew products at an average of 30% below full retail prices, J. Crew Factory Outlets target value-oriented consumers. The factory outlet stores also serve to liquidate excess, irregular or out-of-season J. Crew products outside of the Company's two primary distribution channels. During fiscal 1996, J. Crew Factory Outlets generated revenues of \$94.5 million, representing 17.0% of the Company's total J. Crew brand revenues.

J. Crew Factory Outlets offer selections of J. Crew menswear and womenswear. Ranging in size from 3,800 to 10,000 square feet with an average of 6,500 square feet, the stores are generally located in major outlet centers in 25 states across the United States. The Company believes that the outlet stores, which are designed in-house, maintain fixturing, visual presentation and service standards superior to those typically associated with outlet stores.

Popular Club Plan

PCP is a direct selling catalog business offering a broad range of department store merchandise on proprietary, in-house credit plans to the lower and lower-middle income market. PCP markets its catalog products primarily in eleven states in the northeastern United States. PCP offers two distinct product categories: Home Store (53% of 1996 sales) and Ready-to-Wear (47% of 1996 sales). Home Store products include textiles, home furnishings, housewares and electronics. Ready-to-Wear includes men's and women's sportswear, coats, lingerie, juniors, accessories, jewelry, shoes, children's wear, infants, special size and swimwear. During fiscal 1996, Popular Club Plan's annual circulation of 7.3 million catalogs generated revenues of \$177.7 million, representing 22.0% of total Company revenues.

PCP markets products through an extensive network of over 100,000 local independent sales representatives ("Secretaries"), using a unique combination of mail order and direct selling methods. In contrast to a retail store sales associate, a Secretary is a lead shopper who solicits his or her own circle of friends, relatives, and co-workers to shop from the catalog. Secretaries are compensated through commission reward credits which can be redeemed for free merchandise. This provides them with both a sales and collection incentive. All Secretary applicants are screened and scored with proprietary behavior models in conjunction with national credit bureau information. Only 60% of applicants are set up as new accounts.

PCP offers customers a 22-week payment plan and a 44-week payment plan for payment of merchandise ordered from PCP. Sales through these proprietary credit products accounted for 96.3% of PCP revenues in 1996. PCP performs ongoing credit analysis on each Secretary and his or her club. Although Secretaries do not guarantee payment of members they recruit, reward credits of club Secretaries may be withheld to offset poor credit performance. PCP monitors collections through its approximately 70-person credit and collection department. While the primary dunning process is done through club Secretaries, if an individual is delinquent more than ten weeks, credit collectors will also take on the responsibility of contacting the customer directly. Over the last five years, PCP's annual credit losses have averaged approximately 4% of net credit sales.

Clifford & Wills

C&W is a direct mail order and factory store business which offers a broad range of women's updated apparel covering career to casual as well as accessories and shoes. The typical customer is a 36 to 55 year old upper-moderate to better-priced women's apparel customer, parallel to that of a full-price department store.

The brand is positioned to offer bridge level clothing at prices which are 20% to 30% below the prices offered in better departments of department stores, thereby satisfying the target customer's desire for updated apparel at a compelling price advantage. The Company also operates nine C&W outlet stores in Pennsylvania, Florida, Wisconsin, Indiana, Texas, Georgia and Connecticut. During 1996, C&W had revenues of \$75.0 million representing 9.3% of total Company revenues.

General

Sourcing, Production and Quality

The Company maintains separate merchandising, design, manufacturing and quality assurance teams for the production of J. Crew and C&W merchandise. The Company's products are designed exclusively by in-house design and product development teams which support each line and class of product. These teams provide individual attention and expertise to every style, ensuring that these styles fit the respective J. Crew and C&W brand images. PCP primarily purchases merchandise from manufacturers and distributors.

The Company's merchandise is produced for the Company by a variety of manufacturers, both domestically and outside the United States. The Company does not own or operate any manufacturing facilities, instead contracting with third party vendors for the production of its products. Manufacturing teams research and develop products and source from vendors across 38 countries to identify and maintain essential quality and value for every product. In 1996, approximately 60% of the Company's J. Crew brand products were sourced in the Far East, 20% were sourced domestically and 20% were from Europe and other regions. PCP and C&W source the majority of their products through domestic vendors. Rarely does the Company represent the majority of any one vendor's business and no one vendor supplies more than 10% of the Company's merchandise.

The Company employs independent buying agents to conduct in-line and final quality inspections at each manufacturing site. Random inspections of all incoming J. Crew and C&W merchandise at the Lynchburg and Asheville distribution facilities further assure that the Company's products are of a consistently high quality. PCP primarily sells consumer goods which have been subjected to the manufacturer's own quality control processes prior to receipt by PCP.

Due to the high concentration of foreign suppliers of J. Crew brand merchandise, the Company estimates 10-month lead times for its products. Currently, the Company must make commitments on its piece goods eight to nine months prior to the issuance of the respective catalog and must decide on SKU color buys within six months of issuance. The Company is working to establish, either through the use of more domestic vendors or through strategic partnerships, a core group of long-term suppliers that provide quicker response times. The Company

believes that the implementation of shorter lead times will improve fill rates, reduce the overall complexity in inventory management and improve its ability to more accurately forecast demand, all of which should provide substantial savings to the Company.

Distribution

The Company operates three main telemarketing and distribution facilities for its operations. Order fulfillment for J. Crew Mail Order and C&W takes place at the 406,500 square foot telemarketing and distribution center located in Lynchburg, Virginia. The Lynchburg facility processes approximately 3.8 million orders per year and employs approximately 1,800 full- and part-time employees during its peak season.

The 192,500 square foot telemarketing and distribution facility in Asheville, North Carolina was recently converted into the main distribution center to service the retail and outlet store operations and also houses a J. Crew Mail Order telemarketing center. This facility employs approximately 700 full- and part-time employees during its non-peak season and an additional 1,100 employees during the peak holiday season. PCP conducts its fulfillment operations from a 369,000 square foot distribution facility located in Edison, New Jersey. The Edison facility employs approximately 300 and 600 full- and part-time employees during the non-peak and peak seasons, respectively.

Each fulfillment center is designed to process and ship customer orders in a quick and cost-efficient manner. Same-day shipping is available for orders placed before noon; and orders placed before 9:00 p.m. are shipped the following day. The Company ships merchandise via the UPS, the United States Postal Service and FedEx. To enhance efficiency, each facility is fully equipped with a highly advanced telephone system, an automated warehouse locator system and an inventory bar coding system. See "Management's Discussion and Analysis of Financial Condition and Results of Operations--Recent Developments."

Management Information Systems

The Company's management information systems are designed to provide, among other things, comprehensive order processing, production, accounting and management information for the marketing, manufacturing, importing and distribution functions of the Company's business. The Company has installed sophisticated point-of-sale registers in its J. Crew Retail and Factory Outlet stores that enable it to track inventory from store receipt to final sale on a real-time basis. The Company believes its merchandising and financial system, coupled with its point-of-sale registers and software programs, allow for rapid stock replenishment, concise merchandise planning and real-time inventory accounting practices. J. Crew Mail Order and C&W share the same management information system and each of the Company's business units has its own information system that is customized to the needs of that particular business.

The Company's telephone and telemarketing systems, warehouse package sorting systems, automated warehouse locators and inventory bar coding systems utilize advanced technology. These systems have provided the Company with a number of benefits in the form of enhanced customer service, improved operational efficiency and increased management control and reporting. The Company's IBM 3990 system stores data, such as customer list segmentation and analysis of market trends, and rapidly transfers the information throughout the Company. In addition, the Company's real-time inventory computer systems provide inventory management on a per SKU basis and allow for a more efficient fulfillment process. J. Crew's management information systems also produce daily and weekly sales and performance reports.

Trademarks and International Licensing

J. Crew International, Inc., an indirect subsidiary of Holdings, currently owns all of the trademarks for the J. Crew name that the Company holds in the United States and internationally, as well as its international licensing

contracts with third parties. Trademarks related to the J. Crew name are registered in the United States Patent and Trademark Office.

The Company derives revenues from the international licensing of its trademarks in the J. Crew name and the know-how it has developed. The Company has entered into a licensing agreement with Itochu in Japan which gives the Company the right to receive payments of percentage royalty fees in exchange for the exclusive right to use the Company's trademarks in Japan. In 1996, licensee sales at retail stores in Japan were approximately \$100 million through 67 free-standing and shop-in-shop stores. Under the license agreement the Company retains a high degree of control over the manufacture, design, marketing and sale of merchandise under the J. Crew trademarks. The Company is currently negotiating a five-year renewal of this agreement which otherwise expires in January, 1998.

The Company believes there is significant growth potential in international markets as the Company can leverage off its base in Japan into other key Asian markets. The Company is in the process of exploring licensing agreements covering Hong Kong, China, Singapore, Thailand and Malaysia. In 1996, licensing revenues totaled \$3.8 million.

Employees

The Company focuses significant resources on the selection and training of sales associates in both its mail order, retail and factory operations. Sales associates are required to be familiar with the full range of merchandise of the business in which they are working and have the ability to assist customers with merchandise selection. Both retail and factory store management are compensated in a combination of annual salary plus performance-based bonuses. Retail, telemarketing and factory associates are compensated on an hourly basis and may earn team-based performance incentives.

At November 7, 1997, the Company had approximately 6,300 associates, of whom approximately 4,300 were full-time associates and 2,000 were part-time associates. In addition, approximately 3,000 associates are hired on a seasonal basis to meet demand during the peak holiday buying season. None of the associates employed by J. Crew Mail Order, J. Crew Retail, J. Crew Factory Outlets or C&W are represented by a union. Approximately 240 warehouse employees at PCP are represented by the Teamsters under a collective bargaining agreement which expires in June 1999. The Company believes that its relationship with its associates is good.

Properties

The Company is headquartered in New York City, although PCP maintains a separate main office in Garfield, New Jersey. Both the New York City headquarters offices and PCP's Garfield office are leased from third parties. The Company owns two telemarketing and distribution facilities: a 406,500-square-foot telemarketing and distribution center for J. Crew and C&W mail order in Lynchburg, Virginia and a 192,500-square-foot distribution center in Asheville, North Carolina servicing the J. Crew Retail and J. Crew and C&W outlet store operations. The Company also leases from a third party a 369,000-square-foot distribution facility located in Edison, New Jersey dedicated to PCP's fulfillment operations.

As of November 7, 1997, the Company operated 100 retail and factory outlet stores. All of the retail and factory outlet stores are leased from third parties, and the leases in most cases have terms of 10 to 12 years, not including renewal options. As a general matter, the leases contain standard provisions concerning the payment of rent, events of default and the rights and obligations of each party. Rent due under the leases is comprised of annual base rent plus a contingent rent payment based on the store's sales in excess of a specified threshold. Substantially all the leases are guaranteed by Holdings.

The table below sets forth the number of stores by state operated by the Company in the United States as of November 7, 1997:

	Retail Stores -----	Outlet Stores(1) -----	Total Number of Stores -----
Alabama	--	1	1
Arizona	1	--	1
California	8	3	11
Colorado	1	2	3
Connecticut	3	2	5

(1) Includes nine C&W outlet stores.

Competition

All aspects of the Company's businesses are highly competitive. The Company competes primarily with other catalog operations, specialty brand retailers, department stores, and mass merchandisers engaged in the retail sale of men's and women's apparel, accessories, footwear and general merchandise. The Company believes that the principal bases upon which it competes are quality, design, efficient service, selection and price.

The Company believes that it has significant competitive strength because of its strong brand name, distinctive designs, premium quality products, controlled distribution and strong catalog and retail market positions. However, certain of the Company's competitors are larger and have greater financial, marketing and other resources than the Company, and there can be no assurance that the Company will be able to compete successfully with them in the future.

Legal and Regulatory Matters

The Company is a defendant in several lawsuits arising in the ordinary course of business. Although the amount of any liability that could arise with respect to any such lawsuit cannot be accurately predicted, in the opinion of management, the resolution of these matters is not expected to have a material adverse effect on the financial position or results of operations of the Company.

A 1992 Supreme Court decision confirmed that the Commerce Clause of the United States Constitution prevents a state from requiring the collection of its use tax by a mail order company unless the company has a physical presence in the state. However, there continues to be some uncertainty in this area due to inconsistent application of the Supreme Court decision by state and federal courts. The Company attempts to conduct its operations in compliance with its interpretation of the applicable legal standard, but there can be no assurance that this compliance will not be challenged. From time to time, various states have sought to require companies to begin collection of use taxes and/or pay taxes from previous sales. The Company has not received assessments from any state in which it is not currently collecting sales taxes since the 1992 Supreme Court decision.

The Supreme Court decision also established that Congress has the power to enact legislation that would permit states to require collection of use taxes by mail order companies. Congress has from time to time considered proposals for such legislation. The Company anticipates that any legislative change, if adopted, would be applied only on a prospective basis.

MANAGEMENT

Directors and Executive Officers

The following table sets forth the name, age and position of individuals who are serving as directors of Holdings and executive officers of the Company. TPG Partners II anticipates that it will cause to be elected additional individuals, including individuals unaffiliated with either TPG Partners II or the Company, to serve as directors of Holdings. Each director of Holdings will hold office until the next annual meeting of shareholders or until his or her successor has been elected and qualified. Officers of the Company are elected by their respective Boards of Directors and serve at the discretion of such Board.

Name	Age	Position

Emily Woods
Chairman and Chief Executive Officer--J. Crew Group, Inc.; Chief
Executive Officer and President--J. Crew Operating Corp.;
President--J. Crew, Inc.

Ms. Woods became Chairman of the Board of Directors and
Chief Executive Officer of Holdings upon consummation of the
Recapitalization. Ms. Woods is also currently the Chief Executive
Officer and a director of Operating Corp and the President of J.
Crew, Inc., a wholly owned subsidiary of Operating Corp. Ms.
Woods co-founded the J. Crew brand in 1983 and is currently its
designer. Ms. Woods has also served as Vice-Chairman of J. Crew
Group, Inc.

David Bonderman
Director--J. Crew Group, Inc.

Mr. Bonderman became a director of Holdings upon
consummation of the Recapitalization. Mr. Bonderman is also
currently serving as a director of Operating Corp. Mr. Bonderman
is a principal and founding partner of TPG. Prior to forming TPG,
Mr. Bonderman was Chief Operating Officer and Chief Investment
Officer of Keystone Inc. ("Keystone"), the private investment
firm, from 1983 to August 1992. Mr. Bonderman serves on the
Boards of Directors of Continental Airlines, Inc., Bell & Howell
Company, Virgin Entertainment, Beringer Wine Estates, Inc.,
Denbury Resources, Inc., Ducati Motor Holdings, S.p.A.,
Washington Mutual, Inc., Ryanair, Ltd., and Credicom Asia, N.V.
Mr. Bonderman also serves in general partner advisory board roles
for Acadia Partners, L.P., Newbridge Investment Partners, L.P.,
Newbridge Latin America, L.P. and Aqua International, L.P.

James G. Coulter
Director--J. Crew Group, Inc.

Mr. Coulter became a director of Holdings upon consummation of the Recapitalization. Mr. Coulter is also currently serving as a director of Operating Corp. Mr. Coulter is a principal and founding partner of TPG. Prior to forming TPG, Mr. Coulter was a Vice President of Keystone from 1986 to 1992. Mr. Coulter serves on the Boards of Directors of America West Airlines, Inc., Virgin Entertainment, Beringer Wine Estates, Inc. and Paradyne Partners, L.P. and was formerly on the Board of Directors of Allied Waste Industries Inc. and Continental Airlines, Inc.

Richard W. Boyce
Director--J. Crew Group, Inc.

Mr. Boyce became a director of Holdings upon consummation of the Recapitalization. Mr. Boyce is also currently serving as a director of Operating Corp and J. Crew Operating Corp., C&W Outlet, Inc., Clifford & Wills, Inc., J. Crew Retail, J. Crew Factory Outlet, J. Crew, Inc, J. Crew International, Inc., J. Crew Services, Inc. and Popular Club Plan, Inc., each of which is a wholly owned subsidiary of Operating Corp. Mr. Boyce is the President of CAF, Inc., a management consulting firm which advises various companies controlled by TPG. Prior to founding CAF, Inc. in 1997, Mr. Boyce served as Senior Vice President of Operations for Pepsi-Cola North America ("PCNA") from 1996 to 1997, and Chief Financial Officer of PCNA from 1994 to 1996. From 1992 to 1994, Mr. Boyce served as Senior Vice President-Strategic Planning for PepsiCo. Prior to joining PepsiCo., Mr. Boyce was a Director at the management consulting firm of Bain & Company where he was employed from 1980 to 1992.

Michael P. McHugh
Vice President Finance - CFO--J. Crew Group, Inc.; Vice President Finance - CFO--J. Crew Operating Corp.; President--J. Crew International, Inc. and J. Crew Services, Inc.

Mr. McHugh is the Vice President Finance and Chief Financial Officer of Holdings. Mr. McHugh has been with the Company since September 1986 and is also currently the Vice President Finance and Chief Financial Officer of Operating Corp and the President of J. Crew International, Inc. and J. Crew Services, Inc. Prior to joining the Company, Mr. McHugh was the Vice President of Finance and Director of the Regina Company from 1983 to 1986, served as the Controller of Operations for Revlon, Inc. from 1977 to 1983, was the U.S. Controller for Canada Dry Corp. from 1975 to 1977 and was a Division Controller and Division Vice President of Finance and Administration at Borden, Inc. from 1968 to 1975.

David M. DeMattei
President--Grace Holmes, Inc.; H.F.D. No. 55, Inc.

Mr. DeMattei became President of J. Crew Factory Outlet upon consummation of the Recapitalization. Mr. DeMattei joined the Company in 1995 and has served as President of J. Crew Retail since June 1995. From 1993 to 1994, Mr. DeMattei served as President of Banana Republic, a division of The Gap, Inc., and from 1983 to 1993, Mr. DeMattei worked in various other executive level positions at The Gap, Inc., including Executive Vice President-Chief Financial Officer from April 1992 to May 1995 and Senior Vice President-Chief Financial Officer from February 1991 to March 1992.

Matthew E. Rubel
President--Popular Club Plan, Inc.

Mr. Rubel joined the Company in September 1994 as the President of PCP. Prior to joining the Company, Mr. Rubel served as the President, CEO, and a member of the Board of Directors at Pepe Jeans USA in 1994, and from 1987 to 1993, he was the President of Specialty Division at Revlon, Inc. From 1984 to 1987, Mr. Rubel served as an Executive Vice President of Murjani International and from 1980 to 1984, he was employed by Bonwit Teller.

Nicholas Lamberti
Vice President--J. Crew Operating Corp.

Mr. Lamberti joined the Company in January 1991 as Vice President - Corporate Controller. Prior to joining the Company, Mr. Lamerti was with Deloitte & Touche from 1966 to 1991.

Employment Agreements and Other Compensation Arrangements

Holdings and Operating Corp (the "Employers") and Ms. Woods entered into an employment agreement, which provides that, for a period of five years commencing on the closing of the Recapitalization, she will serve as Chairman of the Board of Directors and Chief Executive Officer of Holdings and as Chief Executive Officer of Operating Corp. The employment agreement provides for an annual base salary of \$1.0 million, and provides an annual target bonus of up to \$1.0 million based on achievement of earnings objectives to be determined each year. The employment agreement also provides for the grant of 3,308 shares of Holdings Common Stock (the "Restricted Shares") on January 1, 1998. The Restricted Shares will vest as follows: (i) 393 shares immediately upon grant; (ii) 972 shares on each of the third and fourth anniversaries of the Recapitalization and (iii) 971 shares on the fifth anniversary of the Recapitalization. In connection with the grant of the Restricted Shares, the Employers will pay Ms. Woods an amount equal to the federal, state and local income and payroll taxes incurred by Ms. Woods in 1998 as a result of the grant of the Restricted Shares and any federal, state and local income and payroll taxes incurred as a result of such payment. Ms. Woods is also entitled to various executive benefits and perquisites under the employment agreement.

In connection with the Recapitalization, Ms. Woods retained shares of Holdings Common Stock representing approximately 14.8% of the total outstanding shares of Holdings Common Stock determined immediately after the closing of the Recapitalization, such retention effected using an implied purchase price for the retained shares equal to the price that TPG Partners II paid for shares of Holdings Common Stock in connection with the Recapitalization (the "TPG Partners II Price"). Ms. Woods also purchased approximately \$3.0 million of Preferred Stock issued in connection with the Recapitalization.

Under the Option Plan (as defined herein), Holdings has granted Ms. Woods an option to purchase 1,641 shares of Holdings Common Stock at an exercise price equal to the TPG Partners II Price, 20% of which shall become exercisable following the end of each of fiscal years 1998 through 2002, provided that the Company attains certain earnings targets; however, all unvested options shall become exercisable (i) if Ms. Woods' employment is terminated by Holdings without cause, by Ms. Woods for good reason or by reason of death or disability, (ii) in the event of a change in control of Holdings, or (iii) if Ms. Woods is still employed by Holdings, on the seventh anniversary of the closing of the Recapitalization.

Also under the Option Plan, Holdings has granted Ms. Woods the option to purchase 820 shares of Holdings Common Stock. Under this option, Ms. Woods has the right to exercise 20% of the option after each of the first through the fifth anniversaries of the grant date at an exercise price equal to 125%, 156.25%, 195.31%, 244.14% and 305.18% of the TPG Partners II Price, respectively. The exercise of this option may require Ms. Woods to purchase a proportional amount of Preferred Stock issued in connection with the Recapitalization. In addition, all options shall become exercisable (i) if Ms. Woods' employment is terminated by Holdings without cause, by Ms. Woods for good reason or by reason of her death or disability or (ii) in the event of a change in control of Holdings.

All options granted to Ms. Woods are generally governed by and subject to the J. Crew Group, Inc. Stock Option Plan described below.

The shares of Holdings Common Stock acquired by Ms. Woods pursuant to the foregoing are subject to a shareholders' agreement providing for certain transfer restrictions, registration rights and customary tag-along and drag-along rights.

Operating Corp and Mr. DeMattei are parties to an employment agreement which provides that Mr. DeMattei will be employed as president of J. Crew Retail Division with an annual salary of \$525,000, which increases by \$25,000 on each of June 1, 1998 and June 1, 1999. In addition, the agreement provides that Mr. DeMattei is eligible for an annual bonus for fiscal year 1997 of up to approximately \$350,000 and a long-term incentive bonus if certain performance objectives are satisfied. Annual bonuses for subsequent years will be

determined on a year to year basis. Mr. DeMattei is also entitled to various executive benefits and perquisites under the agreement. The agreement provides for continuation of salary and medical benefits for a period one year if Mr. DeMattei's employment is terminated without cause (as defined in the agreement) and otherwise provides that Mr. DeMattei's relationship with Operating Corp and Holdings is one of employment at will.

The Issuer intends to enter into a new employment agreement with Mr. Rubel which will supercede his present employment agreement. The new employment agreement will provide that Mr. Rubel will be employed as president of PCP with an annual salary of \$475,000. The agreement will also provide that Mr. Rubel is eligible for an annual bonus for fiscal year 1997 of up to approximately \$425,000 if certain performance objectives are satisfied. Annual bonuses for subsequent years will be determined on a year to year basis. The agreement will provide Mr. Rubel with various executive benefits and perquisites. In the event of a sale of the common stock or assets of PCP while Mr. Rubel is employed, the agreement will provide Mr. Rubel with the opportunity to earn an additional bonus based on the "gain" on the sale (as defined in the agreement). Finally, the agreement will provide for continuation of salary and medical benefits for a period of one year if Mr. Rubel's employment is terminated without cause (as defined in the agreement) and otherwise will provide that Mr. Rubel's relationship with the Issuer and Holdings in one of employment at will.

Holdings has adopted, the J. Crew Group Inc. Stock Option Plan (the "Option Plan") in order to promote the interests of the Company and its shareholders by providing the Company's key employees and consultants with an appropriate incentive to encourage them to continue in the employ of the Company and to improve the growth and profitability of the Company. Under the Option Plan, the Board of Directors of Holdings will appoint a committee to administer the Option Plan and to grant options to purchase shares of Holdings Common Stock to certain key employees and consultants of the Company. Currently, there is an aggregate of 7,388 shares of Holdings Common Stock available for grants to key employees and consultants under the Option Plan (including the 2,461 shares underlying the options granted to Ms. Woods as described above). The options granted under the Option Plan may be subject to various vesting conditions, including, under some circumstances, the achievement of certain performance objectives. All shares of Holdings Common Stock acquired by key employees or consultants pursuant to the foregoing shall be subject to a shareholders' agreement providing for certain transfer restrictions, registration rights and customary tag-along and drag-along rights.

Executive Compensation

The following table sets forth compensation paid by the Company for fiscal years 1994, 1995 and 1996 to each individual serving as its chief executive officer during fiscal 1996 and to each of the four other most highly compensated executive officers of the Company as of the end of fiscal 1996.

Name and Principal Positions	Fiscal Year	Salary (\$)	Bonus (\$)	Other Annual Comp. (\$)	Long Term Compensation	
					LTIP Payouts (\$)	All Other Comp. (\$)
Arthur Cinader (1) Chief Executive Officer	1996	307,692	--	--	--	--

	1994	581,930	--	--	--	--

- (1) Mr. Cinader was replaced as Chief Executive Officer on October 17, 1997.
- (2) Ms. Woods became Chief Executive Officer on October 17, 1997.
- (3) Of this amount, \$1,139,000 represents the value of a grant to the executive of Holdings Common Stock.
- (4) This amount was paid as reimbursement for income taxes incurred as a result of the grant of Holdings Common Stock.
- (5) Of this amount, \$1,884,240 represents the value of a grant to the executive of Holdings Common Stock.
- (6) This amount was paid as reimbursement for income taxes incurred as a result of the grant of Holdings Common Stock.
- (7) Mr. DeMattei was not employed by the Company in 1994.
- (8) Mr. Raffin resigned from the Company as of November 13, 1997.
- (9) Mr. Raffin was not employed by the Company in 1994.
- (10) Mr. Bernard resigned from the Company as of October 28, 1996.
- (11) This amount represents a severance payment to the executive.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As part of arrangements made prior to the negotiation and execution of the Recapitalization Agreement, Holdings agreed to make bonus payments to certain of its executive officers upon consummation of any merger, acquisition, recapitalization or other transaction resulting in a change of control of Holdings. Thus, Holdings made bonus payments in the amount of (i) \$10.0 million to Emily Woods, (ii) \$0.3 million to Matthew Rubel, (iii) \$0.3 million to Michael McHugh and (iv) \$1.2 million to other employees.

In addition, effective on the closing of the Recapitalization, the Company and Arthur Cinader entered into an Employment/Consulting and Non-Compete Agreement, under which Mr. Cinader agreed to serve as an employee and/or consultant for twelve months following the closing of the Recapitalization. Under the agreement, Mr. Cinader agreed, for a period of five years from the closing of the Recapitalization, not to compete, directly or indirectly, in association with or as a stockholder, director, officer, consultant, employee, partner, joint venturer, member or otherwise through any person or entity work for, act as a consultant to, or own any interest in, any competitor of the Company or its affiliates. In consideration of Mr. Cinader's non-compete, employment and consulting undertakings, the Company paid Mr. Cinader a total of \$4.2 million. In addition, during this five-year period, Mr. Cinader is entitled to coverage under the Company's health and welfare plans.

In connection with the Recapitalization, the Company paid TPG a financial advisory fee in the amount of \$5.5 million.

Holdings and its subsidiaries also entered into a tax sharing agreement providing (among other things) that each of the subsidiaries will reimburse Holdings for its share of income taxes determined as if such subsidiary had filed its tax returns separately from Holdings.

CAPITAL STOCK OF HOLDINGS AND OPERATING CORP

General

Operating Corp is authorized by the terms of its certificate of incorporation to issue 1,000 shares of common stock and 1,000 shares of preferred stock. Operating Corp has issued and outstanding 100 shares of common stock, each share of which is entitled to one vote. Holdings owns all of the issued and outstanding stock of Operating Corp. Holdings does not have any material assets other than the common stock of Operating Corp.

Holdings' restated certificate of incorporation authorizes Holdings to issue capital stock consisting of 100,000,000 shares of common stock, par value \$.01 per share, 1,000,000 shares of Series A cumulative preferred stock, par value \$.01 per share ("Series A Preferred Stock"), and 1,000,000 shares of Series B cumulative preferred stock, par value \$.01 per share ("Series B Preferred Stock"). Holdings currently has outstanding 55,000 shares of common stock, 92,500 shares of Series A Preferred Stock and 32,500 shares of Series B Preferred Stock.

The Series A Preferred Stock and Series B Preferred Stock (collectively, the "Holdings Preferred Stock") will accumulate dividends at the rate of 14.50% per annum (payable quarterly) for periods ending on or prior to October 17, 2009. Thereafter, the Series A Preferred Stock will accumulate dividends at the rate of 16.50% per annum. Dividends on the Holdings Preferred Stock will compound to the extent not paid. The Holdings Preferred Stock had an initial liquidation preference of \$1,000 per share. Holdings will be required on October 17, 2009 to redeem shares of Series B Preferred Stock and to pay all accumulated dividends that have been applied, if any, to increase liquidation value of the Series A Preferred Stock (the "clean-down"). Shares of Holdings Preferred Stock may be redeemed at the option of Holdings, in whole or in part, at the redemption prices set forth below (expressed as percentages of liquidation preference), together with all accumulated and unpaid dividends to the redemption date, if redeemed during the six month period beginning on the dates indicated below:

October 17, 1997	103.0%
April 17, 1998	102.5%
October 17, 1998	102.0%
April 17, 1999	101.5%
October 17, 1999	101.0%
April 17, 2000	100.5%
October 17, 2000 and thereafter	100.0%

Optional redemption of the Holdings Preferred Stock is subject to, and expressly conditioned upon, certain limitations under the Senior Subordinated Note Indenture, the Bank Facilities, the Debentures and other documents relating to the Company's indebtedness. Holdings may also be required to redeem shares of Holdings Preferred Stock in certain other circumstances, including the occurrence of a change of control of Holdings, in each case subject to the terms of the Senior Subordinated Note Indenture, the Bank Facilities, the Debentures and other documents relating to the Company's indebtedness. Holders of Holdings Preferred Stock do not have any voting rights with respect thereto, except for such rights as are provided under applicable law, the right to elect, as a class, two directors of Holdings in the event that Holdings fails to comply with its redemption and clean-down obligations and class voting rights with respect to transactions adversely affecting the rights, preferences or powers of the Holdings Preferred Stock.

Holdings Series A Preferred Stock	Emily Woods	2,978.505	3.22%

DESCRIPTION OF OPERATING CORP INDEBTEDNESS

Bank Facilities

On the closing date of the Recapitalization, Operating Corp entered into the Bank Facilities among Operating Corp, Holdings, the several lenders from time to time parties thereto (collectively, the "Banks"), Chase, as administrative and collateral agent (the "Administrative Agent") and DLJ as syndication agent (collectively, the "Agents"). The following is a summary description of the principal terms of the Bank Facilities and the other loan documents. The description set forth below does not purport to be complete and is qualified in its entirety by reference to certain agreements setting forth the principal terms and conditions of the Bank Facilities, which are available upon request from the Issuer.

Structure. The Bank Facilities provide Operating Corp with: (i) a senior secured term loan facility of up to \$70.0 million; and (ii) a senior secured revolving credit facility of up to \$200.0 million.

The full amount of the Term Loan Facility and approximately \$35.6 million of Revolving Credit Facility were borrowed on the closing date under the Bank Facilities (i) to partially finance the Recapitalization, (ii) to repay certain existing outstanding indebtedness of Operating Corp and (iii) to pay certain fees and expenses related to the Recapitalization. See "The Recapitalization." The Bank Facilities may be utilized to fund Operating Corp's working capital requirements, including issuance of stand-by and trade letters of credit, bankers' acceptances and for other general corporate purposes.

The Term Loan Facility is a single tranche term facility of \$70.0 million which has a maturity of six years. Loans, letters of credit and bankers' acceptances under the Revolving Credit Facility will be available at any time during its six-year term subject to the fulfillment of customary conditions precedent including the absence of a default under the Bank Facilities; provided, that at least once during each fiscal year, for a period of 30 consecutive days, Operating Corp must repay all loans outstanding under the Revolving Credit Facility in excess of the amounts set forth below:

Fiscal Year	Amount (in millions)
-----	-----
1998	\$ 25.0
1999	\$ 20.0
2000	\$ 15.0
2001	\$ 10.0
2002 and thereafter	\$ 0.0

Security; Guaranty. Operating Corp's obligations under the Bank Facilities are guaranteed by each of its direct and indirect domestic and, to the extent no adverse tax consequences would result, foreign subsidiaries, other than any receivables subsidiary. The Bank Facilities and the guarantees thereof are secured by a perfected first priority security interest in substantially all assets of Operating Corp and its direct and indirect domestic and, to the extent no adverse tax consequences would result, foreign subsidiaries including: (i) all real property; (ii) all accounts receivable (but excluding the accounts receivable of PCP), inventory and intangibles; and (iii) all of the capital stock of Operating Corp and its direct and indirect domestic and, to the extent no adverse tax consequences would result, foreign subsidiaries.

Interest; Maturity. Borrowings under the Bank Facilities bear interest at a rate per annum equal (at Operating Corp's option) to: (i) the Administrative Agent's Eurodollar rate plus an applicable margin or (ii) an alternate base rate equal to the highest of the Administrative Agent's prime rate, a certificate of deposit rate plus 1%, or the Federal Funds effective rate plus 1/2 of 1% plus, in each case, an applicable margin. Initially, the

applicable margin is 2.25% per annum for Eurodollar rate loans and 1.25% per annum for alternate base rate loans. The Bank Facilities will mature October 17, 2003.

Fees. Operating Corp is required to pay the Banks, on a quarterly basis, a commitment fee on the undrawn portion of the Bank Facilities at a rate equal to 1/2 of 1% per annum. Operating Corp is also obligated to pay (i) a per annum letter of credit fee on the aggregate amount of outstanding letters of credit; (ii) a fronting bank fee for the letter of credit issuing bank; (iii) certain fees in connection with the issuance of bankers' acceptances; and (iv) customary agent, arrangement and other similar fees.

Covenants. The Bank Facilities contain a number of covenants that, among other things, restrict the ability of Operating Corp and its subsidiaries to dispose of assets, incur additional indebtedness, prepay other indebtedness or amend certain debt instruments, pay dividends, create liens on assets, enter into sale and leaseback transactions, make investments, loans or advances, make acquisitions, engage in mergers or consolidations, change the business conducted by Operating Corp or its subsidiaries, or engage in certain transactions with affiliates and otherwise restrict certain corporate activities. In addition, under the Bank Facilities, Operating Corp is required to maintain specified financial ratios and tests, including minimum interest coverage ratios, leverage ratios below a specified maximum, minimum net worth levels and minimum ratios of inventory to senior debt.

Events of Default. The Bank Facilities contain customary events of default, including nonpayment of principal, interest or fees, material inaccuracy of representations and warranties, violation of covenants, cross-default and cross-acceleration to certain other indebtedness, certain events of bankruptcy and insolvency, material judgments against Operating Corp, invalidity of any guarantee or security interest and a change of control of Operating Corp in certain circumstances as set forth therein.

Receivables Facility

In connection with the Recapitalization, affiliates of the Initial Purchasers (the "Receivables Lenders") arranged a facility to securitize certain PCP consumer loan installment receivables (the "Receivables") on a revolving basis under a receivables program (the "Receivables Facility"). The Securitization involved the transfer of the Receivables through a special purpose, bankruptcy-remote subsidiary to a trust in exchange for cash and subordinated certificates representing undivided interests in the pool of Receivables, and the subsequent sale by the trust of certificates of beneficial interests, also representing undivided interests in the Receivables, to third party investors. The Securitization provided approximately \$40 million of proceeds. The Company is obligated to repurchase Receivables related to customer credits such as merchandise returns and other Receivables defects, and to make payments in circumstances where the Company has breached its representations or covenants with respect to the Receivables Facility. The Company has no obligation to reimburse the trust or the purchasers of beneficial interests for credit losses.

The Receivables Facility is contemplated to be an interim agreement pending the consummation of a private placement of Receivables-based securities or such other refinancing as the parties may agree to, proceeds of which will be used to prepay the Receivables Facility. If the Receivables Facility is not refinanced within two months of the date of closing, the interest rates thereunder will increase.

THE EXCHANGE OFFER

The summary herein of certain provisions of the Registration Rights Agreement does not purport to be complete and reference is made to the provisions of the Registration Rights Agreement, which has been filed as an exhibit to the Registration Statement and a copy of which is available as set forth under the heading "Available Information."

Terms of the Exchange Offer

In connection with the issuance of the Old Debentures pursuant to a Purchase Agreement dated as of October 14, 1997, by and among the Issuer and the Initial Purchasers, the Initial Purchasers and their respective assignees became entitled to the benefits of the Registration Rights Agreement.

Under the Registration Rights Agreement, the Issuer is required to file within 60 days after October 17, 1997 (the date the Registration Rights Agreement was entered into (the "Closing Date")) a registration statement (the "Exchange Offer Registration Statement") for a registered exchange offer with respect to an issue of new debentures identical in all material respects to the Old Debentures except that the new debentures shall contain no restrictive legend thereon. Under the Registration Rights Agreement, the Issuer is required to (i) cause the Exchange Offer Registration Statement to be filed with the Commission no later than 60 days after the Closing Date, (ii) use its best efforts to cause such Exchange Offer Registration Statement to become effective within 135 days after the Closing Date, (iii) use its best efforts to keep the Exchange Offer open for at least 20 Business Days (or longer if required by applicable law), (iv) use its best efforts to consummate the Exchange Offer on or prior to the 30th Business Day following the date on which the Exchange Offer Registration Statement is declared effective by the Commission and (v) cause the Exchange Offer to comply with all applicable federal and state securities laws. The Exchange Offer being made hereby, if commenced and consummated within the time periods described in this paragraph, will satisfy those requirements under the Registration Rights Agreement.

Upon the terms and subject to the conditions set forth in this Prospectus and in the Letter of Transmittal, all Old Debentures validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the Expiration Date will be accepted for exchange. New Debentures of the same class will be issued in exchange for an equal principal amount of outstanding Old Debentures accepted in the Exchange Offer. Old Debentures may be tendered only in integral multiples of \$1,000 of principal amount at maturity. This Prospectus, together with the Letter of Transmittal, is being sent to all registered holders as of March 4, 1998. The Exchange Offer is not conditioned upon any minimum principal amount of Old Debentures being tendered in exchange. However, the obligation to accept Old Debentures for exchange pursuant to the Exchange Offer is subject to certain conditions as set forth herein under "--Conditions."

Old Debentures shall be deemed to have been accepted as validly tendered when, as and if the Trustee has given oral or written notice thereof to the Exchange Agent. The Exchange Agent will act as agent for the tendering holders of Old Debentures for the purposes of receiving the New Debentures and delivering New Debentures to such holders.

Based on interpretations by the staff of the Commission, as set forth in no-action letters issued to third parties, including the Exchange Offer No-Action Letters, the Issuer believes that the New Debentures issued pursuant to the Exchange Offer may be offered for resale, resold or otherwise transferred by each holder thereof (other than a broker-dealer who acquires such New Debentures directly from the Issuer for resale pursuant to Rule 144A under the Securities Act or any other available exemption under the Securities Act and other than any holder that is an "affiliate" (as defined in Rule 405 under the Securities Act) of the Issuer without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that such New Debentures are acquired in the ordinary course of such holder's business and such holder is not engaged in, and does not intend to engage in, a distribution of such New Debentures and has no arrangement with any person to participate in a

distribution of such New Debentures. By tendering the Old Debentures in exchange for New Debentures, each holder, other than a broker-dealer, will represent to the Issuer that: (i) it is not an affiliate (as defined in Rule 405 under the Securities Act) of the Issuer; (ii) it is not a broker-dealer tendering Old Debentures acquired for its own account directly from the Issuer; (iii) any New Debentures to be received by it will be acquired in the ordinary course of its business; and (iv) it is not engaged in, and does not intend to engage in, a distribution of such New Debentures and has no arrangement or understanding to participate in a distribution of the New Debentures. If a holder of Old Debentures is engaged in or intends to engage in a distribution of the New Debentures or has any arrangement or understanding with respect to the distribution of the New Debentures to be acquired pursuant to the Exchange Offer, such holder may not rely on the applicable interpretations of the staff of the Commission and must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any secondary resale transaction. Each Participating Broker-Dealer that receives New Debentures for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus in connection with any resale of such New Debentures. The Letter of Transmittal states that by so acknowledging and by delivering a prospectus, a Participating Broker-Dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act. This Prospectus, as it may be amended or supplemented from time to time, may be used by a Participating Broker-Dealer in connection with resales of New Debentures received in exchange for Old Debentures where such Old Debentures were acquired by such Participating Broker-Dealer as a result of market-making activities or other trading activities. The Issuer has agreed that it will make this Prospectus available to any Participating Broker-Dealer for a period of time not to exceed one year after the date on which the Exchange Offer is consummated for use in connection with any such resale. See "Plan of Distribution."

In the event that (i) any changes in law or the applicable interpretations of the staff of the Commission do not permit the Issuer to effect the Exchange Offer, or (ii) if any holder of Old Debentures shall notify the Issuer within 20 business days following the consummation of the Exchange Offer that (A) such holder was prohibited by law or Commission policy from participating in the Exchange Offer or (B) such holder may not resell the New Debentures acquired by it in the Exchange Offer to the public without delivering a prospectus and the prospectus contained in the Exchange Offer Registration Statement is not appropriate or available for such resales by such holder or (C) such holder is a broker-dealer and holds Old Debentures acquired directly from the Issuer or one of its affiliates, then the Issuer shall (x) cause to be filed a shelf registration statement pursuant to Rule 415 under the Act (the "Shelf Registration Statement") on or prior to 30 days after the date on which the Issuer determines that it is not required to file the Exchange Offer Registration Statement pursuant to clause (i) above or 60 days after the date on which the Issuer receives the notice specified in clause (ii) above and shall (y) use its best efforts to cause such Shelf Registration Statement to become effective within 135 days after the date on which the Issuer becomes obligated to file such Shelf Registration Statement. If, after the Issuer has filed an Exchange Offer Registration Statement, the Issuer is required to file and make effective a Shelf Registration Statement solely because the Exchange Offer shall not be permitted under applicable federal law, then the filing of the Exchange Offer Registration Statement shall be deemed to satisfy the requirements of clause (x) above. Such an event shall have no effect on the requirements of clause (y) above. The Issuer shall use its best efforts to keep the Shelf Registration Statement continuously effective, supplemented and amended to the extent necessary to ensure that it is available for sales of Transfer Restricted Securities (as defined below) by the holders thereof for a period of at least two years following the date on which such Shelf Registration Statement first becomes effective under the Securities Act. The term "Transfer Restricted Securities" means each Debenture, until the earliest to occur of (a) the date on which such Debenture is exchanged in the Exchange Offer and entitled to be resold to the public by the holder thereof without complying with the prospectus delivery requirements of the Act, (b) the date on which such Debenture has been disposed of in accordance with a Shelf Registration Statement, (c) the date on which such Debenture is disposed of by a broker-dealer pursuant to the "Plan of Distribution" contemplated by the Exchange Offer Registration Statement (including delivery of the prospectus contained therein) or (d) the date on which such Debenture is distributed to the public pursuant to Rule 144 under the Act.

If (i) the Exchange Offer Registration Statement or the Shelf Registration Statement is not filed with the Commission on or prior to the date specified in the Registration Rights

Agreement, (ii) any such Registration Statement has not been declared effective by the Commission on or prior to the date specified for such effectiveness

in the Registration Rights Agreement, (iii) the Exchange Offer has not been consummated within 180 days after the Closing Date or (iv) any Registration Statement required by the Registration Rights Agreement is filed and declared effective but shall thereafter cease to be effective or fail to be usable for its intended purpose without being succeeded immediately by a post-effective amendment to such Registration Statement that cures such failure and that is itself declared effective immediately (each such event referred to in clauses (i) through (iv), a "Registration Default"), then the Issuer has agreed to pay liquidated damages to each holder of Transfer Restricted Securities. With respect to the first 90-day period immediately following the occurrence of such Registration Default the liquidated damages shall equal \$.05 per week per \$1,000 principal amount of Transfer Restricted Securities held by such holder for each week or portion thereof that the Registration Default continues. The amount of the liquidated damages shall increase by an additional \$.05 per week per \$1,000 in principal amount of Transfer Restricted Securities with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of liquidated damages of \$.25 per week per \$1,000 principal amount of Transfer Restricted Securities. Notwithstanding anything to the contrary set forth herein, (1) upon filing of the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement), in the case of (i) above, (2) upon the effectiveness of the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement), in the case of (ii) above, (3) upon consummation of the Exchange Offer, in the case of (iii) above, or (4) upon the filing of a post-effective amendment to the Registration Statement or an additional Registration Statement that causes the Exchange Offer Registration Statement (and/or, if applicable, the Shelf Registration Statement) to again be declared effective or made usable in the case of (iv) above, the liquidated damages payable with respect to the Transfer Restricted Securities a result of such clause (i), (ii), (iii) or (iv), as applicable, shall cease.

All accrued liquidated damages shall be paid to the holder of the global debenture representing the Old Debentures by wire transfer of immediately available funds or by federal funds check and to holders of certificated securities by mailing checks to their registered addresses on each April 15 and October 15. All obligations of the Issuer set forth in the preceding paragraph that are outstanding with respect to any Transfer Restricted Security at the time such security ceases to be a Transfer Restricted Security shall survive until such time as all such obligations with respect to such security shall have been satisfied in full.

Upon consummation of the Exchange Offer, subject to certain exceptions, holders of Old Debentures who do not exchange their Old Debentures for New Debentures in the Exchange Offer will no longer be entitled to registration rights and will not be able to offer or sell their Old Debentures, unless such Old Debentures are subsequently registered under the Securities Act (which, subject to certain limited exceptions, the Issuer will have no obligation to do), except pursuant to an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. See "Risk Factors--Risk Factors Relating to the Debentures--Consequences of Failure to Exchange."

Expiration Date; Extensions; Amendments; Termination

The term "Expiration Date" shall mean April 3, 1998 unless the Exchange Offer is extended, if and as required by applicable law, in which case the term "Expiration Date" shall mean the latest date to which the Exchange Offer is extended.

In order to extend the Expiration Date, the Issuer will notify the Exchange Agent of any extension by oral or written notice and will notify the holders of the Old Debentures by means of a press release or other public announcement prior to 9:00 A.M., New York City time, on the next business day after the previously scheduled Expiration Date.

The Issuer reserves the right (i) to delay acceptance of any Old Debentures, to extend the Exchange Offer or to terminate the Exchange Offer and not permit acceptance of Old Debentures not previously accepted if any of the conditions set forth herein under "--Conditions" shall have occurred and shall not have been waived by the Issuer, by giving oral or written notice of such delay, extension or termination to the Exchange Agent, or (ii) to amend the terms of the Exchange Offer in any manner deemed by it to be advantageous to the holders of the Old

Debentures. Any such delay in acceptance, extension, termination or amendment will be followed as promptly as practicable by oral or written notice thereof to the Exchange Agent. If the Exchange Offer is amended in a manner determined by the Issuer to constitute a material change, the Issuer will promptly disclose such amendment in a manner reasonably calculated to inform the holders of the Old Debentures of such amendment.

Yield Interest on the New Debentures

The New Debentures will accrete at a rate of 13 1/8%, compounded semi-annually, to an aggregate principal amount of \$142.0 million by October 15, 2002. Cash interest will not accrue on the New Debentures prior to October 15, 2002. Commencing October 15, 2002, cash interest on the New Debentures will accrue and be payable, at a rate of 13 1/8% per annum, semi-annually in arrears on each April 15 and October 15.

Procedures for Tendering

To tender in the Exchange Offer, a holder must complete, sign and date the Letter of Transmittal, have the signatures thereon guaranteed if required by the Letter of Transmittal, and mail or otherwise deliver such Letter of Transmittal, together with any other required documents, to the Exchange Agent prior to 5:00 p.m., New York City time, on the Expiration Date. In addition, either (i) certificates for such Old Debentures must be received by the Exchange Agent along with the Letter of Transmittal, (ii) a timely confirmation of a book-entry transfer (a "Book-Entry Confirmation") of such Old Debentures, if such procedure is available, into the Exchange Agent's account at DTC (the "Book-Entry Transfer Facility") pursuant to the procedure for book-entry transfer described below, must be received by the Exchange Agent prior to the Expiration Date or (iii) the holder must comply with the guaranteed delivery procedures described below. THE METHOD OF DELIVERY OF OLD DEBENTURES, LETTERS OF TRANSMITTAL AND ALL OTHER REQUIRED DOCUMENTS IS AT THE ELECTION AND RISK OF THE HOLDERS OF THE DEBENTURES. IF SUCH DELIVERY IS BY MAIL, IT IS RECOMMENDED THAT REGISTERED MAIL, PROPERLY INSURED, WITH RETURN RECEIPT REQUESTED, BE USED. IN ALL CASES, SUFFICIENT TIME SHOULD BE ALLOWED TO ASSURE TIMELY DELIVERY. NO LETTERS OF TRANSMITTAL OR OLD DEBENTURES SHOULD BE SENT TO THE ISSUER. Delivery of all documents must be made to the Exchange Agent at its address set forth below. Holders of Debentures may also request their respective brokers, dealers, commercial banks, trust companies or nominees to effect such tender for such holders.

The tender by a holder of Old Debentures will constitute an agreement between such holder and the Issuer in accordance with the terms and subject to the conditions set forth herein and in the Letter of Transmittal.

Only a holder of Old Debentures may tender such Old Debentures in the Exchange Offer. The term "holder" with respect to the Exchange Offer means any person in whose name Old Debentures are registered on the books of the Issuer or any other person who has obtained a properly completed bond power from the registered holder.

Any beneficial owner whose Old Debentures are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and who wishes to tender should contact such registered holder promptly and instruct such registered holder to tender on his behalf. If such beneficial owner wishes to tender on his own behalf, such beneficial owner must, prior to completing and executing the Letter of Transmittal and delivering his Old Debentures, either make appropriate arrangements to register ownership of the Old Debentures in such owner's name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

Signatures on a Letter of Transmittal or a notice of withdrawal, as the case may be, must be guaranteed by any member firm of a registered national securities exchange or of the National Association of Securities Dealers, Inc., a commercial bank or trust company having an office or correspondent in the United States or an "eligible guarantor" institution within the meaning of Rule 17Ad-15 under the Exchange Act (each an "Eligible Institution") unless the Old Debentures tendered pursuant thereto are tendered (i) by a registered holder who has not completed

the box entitled "Special Issuance Instructions" or "Special Delivery Instructions" on the Letter of Transmittal or (ii) for the account of an Eligible Institution.

If the Letter of Transmittal is signed by a person other than the registered holder of any Old Debentures listed therein, such Old Debentures must be endorsed or accompanied by bond powers and a proxy which authorizes such person to tender the Old Debentures on behalf of the registered holder, in each case as the name of the registered holder or holders appears on the Old Debentures.

If the Letter of Transmittal or any Old Debentures or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and unless waived by the Issuer, evidence satisfactory to the Issuer of their authority to so act must be submitted with the Letter of Transmittal.

All questions as to the validity, form, eligibility (including time of receipt) and withdrawal of the tendered Old Debentures will be determined by the Issuer in its sole discretion, which determination will be final and binding. The Issuer reserves the absolute right to reject any and all Old Debentures not properly tendered or any Old Debentures which, if accepted, would, in the opinion of counsel for the Issuer, be unlawful. The Issuer also reserves the absolute right to waive any irregularities or conditions of tender as to particular Old Debentures. The Issuer's interpretation of the terms and conditions of the Exchange Offer (including the instructions in the Letter of Transmittal) will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of Old Debentures must be cured within such time as the Issuer shall determine. Neither the Issuer, the Exchange Agent nor any other person shall be under any duty to give notification of defects or irregularities with respect to tenders of Old Debentures, nor shall any of them incur any liability for failure to give such notification. Tenders of Old Debentures will not be deemed to have been made until such irregularities have been cured or waived. Any Old Debentures received by the Exchange Agent that are not properly tendered and as to which the defects or irregularities have not been cured or waived will be returned without cost to such holder by the Exchange Agent to the tendering holders of Old Debentures, unless otherwise provided in the Letter of Transmittal, as soon as practicable following the Expiration Date.

In addition, the Issuer reserves the right in its sole discretion, subject to the provisions of the Indenture, to (i) purchase or make offers for any Old Debentures that remain outstanding subsequent to the Expiration Date or, as set forth under "--Conditions", (ii) to terminate the Exchange Offer in accordance with the terms of the Registration Rights Agreement and (iii) to the extent permitted by applicable law, purchase Old Debentures in the open market, in privately negotiated transactions or otherwise. The terms of any such purchases or offers could differ from the terms of the Exchange Offer.

Acceptance of Old Debentures for Exchange; Delivery of New Debentures

Upon satisfaction or waiver of all of the conditions to the Exchange Offer, all Old Debentures properly tendered will be accepted, promptly after the Expiration Date, and the New Debentures will be issued promptly after acceptance of the Old Debentures. See "--- Conditions" below. For purposes of the Exchange Offer, Old Debentures shall be deemed to have been accepted as validly tendered for exchange when, as and if the Issuer has given oral or written notice thereof to the Exchange Agent.

In all cases, issuance of New Debentures for Old Debentures that are accepted for exchange pursuant to the Exchange Offer will be made only after timely receipt by the Exchange Agent of certificates for such Old Debentures or a timely Book-Entry Confirmation of such Old Debentures into the Exchange Agent's account at the Book-Entry Transfer Facility, a properly completed and duly executed Letter of Transmittal and all other required documents. If any tendered Old Debentures are not accepted for any reason set forth in the terms and conditions of the Exchange Offer or if Old Debentures are submitted for a greater principal amount than the holder desires to exchange, such unaccepted or nonexchanged Old Debentures will be returned without expense to the tendering holder thereof (or, in the case of Old Debentures tendered by book-entry transfer procedures described below, such

nonexchanged Old Debentures will be credited to an account maintained with such Book-Entry Transfer Facility) as promptly as practicable after the expiration or termination of the Exchange Offer.

Book-Entry Transfer

The Exchange Agent will make a request to establish an account with respect to the Old Debentures at the Book-Entry Transfer Facility for purposes of the Exchange Offer within two business days after the date of this Prospectus. Any financial institution that is a participant in the Book-Entry Transfer Facility's systems may make book-entry delivery of Old Debentures by causing the Book-Entry Transfer Facility to transfer such Old Debentures into the Exchange Agent's account at the Book-Entry Transfer Facility in accordance with such Book-Entry Transfer Facility's procedures for transfer. However, although delivery of Old Debentures may be effected through book-entry transfer at the Book-Entry Transfer Facility, the Letter of Transmittal with any required signature guarantees and any other required documents must, in any case, be transmitted to and received by the Exchange Agent at one of the addresses set forth below under "--Exchange Agent" on or prior to the Expiration Date or the guaranteed delivery procedures described below must be complied with.

Guaranteed Delivery Procedures

If a registered holder of the Old Debentures desires to tender such Old Debentures, and the Old Debentures are not immediately available, or time will not permit such holder's Old Debentures or other required documents to reach the Exchange Agent before the Expiration Date, or the procedures for book-entry transfer cannot be completed on a timely basis, a tender may be effected if (i) the tender is made through an Eligible Institution, (ii) prior to the Expiration Date, the Exchange Agent receives from such Eligible Institution a properly completed and duly executed Letter of Transmittal and Notice of Guaranteed Delivery, substantially in the form provided by the Issuer (by mail or hand delivery), setting forth the name and address of the holder of Old Debentures and the amount of Old Debentures tendered, stating that the tender is being made thereby and guaranteeing that within three New York Stock Exchange ("NYSE") trading days after the date of execution of the Notice of Guaranteed Delivery, the certificates for all physically tendered Old Debentures, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and any other documents required by the Letter of Transmittal will be deposited by the Eligible Institution with the Exchange Agent and (iii) the certificates for all physically tendered Old Debentures, in proper form for transfer, or a Book-Entry Confirmation, as the case may be, and all other documents required by the Letter of Transmittal are received by the Exchange Agent within three NYSE trading days after the date of execution of the Notice of Guaranteed Delivery.

Withdrawal of Tenders

Tenders of Old Debentures may be withdrawn at any time prior to 5:00 p.m., New York City time on the Expiration Date.

For a withdrawal to be effective, a written notice of withdrawal must be received by the Exchange Agent prior to 5:00 p.m., New York City time on the Expiration Date at one of the addresses set forth below under "--Exchange Agent." Any such notice of withdrawal must specify the name of the person having tendered the Old Debentures to be withdrawn, identify the Old Debentures to be withdrawn (including the principal amount of such Old Debentures) and (where certificates for Old Debentures have been transmitted) specify the name in which such Old Debentures are registered, if different from that of the withdrawing holder. If certificates for Old Debentures have been delivered or otherwise identified to the Exchange Agent, then, prior to the release of such certificates, the withdrawing holder must also submit the serial numbers of the particular certificates to be withdrawn and a signed notice of withdrawal with signatures guaranteed by an Eligible Institution unless such holder is an Eligible Institution. If Old Debentures have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at the Book-Entry Transfer Facility to be credited with the withdrawn Old Debentures and otherwise comply with the procedures of such facility. All questions as to the validity, form and eligibility (including time of receipt) of such notices will be

determined by the Issuer, whose determination shall be final and binding on all parties. Any Old Debentures so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the Exchange Offer. Any Old Debentures which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder thereof without cost to such holder (or, in the case of Old Debentures tendered by book-entry transfer into the Exchange Agent's account at the Book-Entry Transfer Facility pursuant to the book-entry transfer procedures described above, such Old Debentures will be credited to an account maintained with such Book-Entry Transfer Facility for the Old Debentures) as soon as practicable after withdrawal, rejection of tender or termination of the Exchange Offer. Properly withdrawn Old Debentures may be retendered by following one of the procedures described under "--Procedures for Tendering" and "--Book-Entry Transfer" above at any time on or prior to the Expiration Date.

Conditions

Notwithstanding any other term of the Exchange Offer, Old Debentures will not be required to be accepted for exchange, nor will New Debentures be issued in exchange for any Old Debentures, and the Issuer may terminate or amend the Exchange Offer as provided herein before the acceptance of such Old Debentures, if because of any change in law, or applicable interpretations thereof by the Commission, the Issuer determines that they are not permitted to effect the Exchange Offer. The Issuer has no obligation to, and will not knowingly, permit acceptance of tenders of Old Debentures from affiliates (within the meaning of Rule 405 under the Securities Act) of the Issuer or from any other holder or holders who are not eligible to participate in the Exchange Offer under applicable law or interpretations thereof by the Commission, or if the New Debentures to be received by such holder or holders of Old Debentures in the Exchange Offer, upon receipt, will not be tradable by such holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the "blue sky" or securities laws of substantially all of the states of the United States.

Exchange Agent

State Street Bank & Trust Company has been appointed as Exchange Agent for the Exchange Offer. Questions and requests for assistance and requests for additional copies of this Prospectus or of the Letter of Transmittal should be directed to the Exchange Agent addressed as follows:

Fees and Expenses

The expenses of soliciting tenders pursuant to the Exchange Offer will be borne by the Issuer. The principal solicitation for tenders pursuant to the Exchange Offer is being made by mail; however, additional solicitations may be made by telegraph, telephone, teletype or in person by officers and regular employees of the Company.

The Issuer will not make any payments to brokers, dealers or other persons soliciting acceptances of the Exchange Offer. The Issuer, however, will pay the Exchange Agent reasonable and customary fees for its services and will reimburse the Exchange Agent for its reasonable out-of-pocket expenses in connection therewith. The Issuer may also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of the Prospectus and related documents to the beneficial owners of the Old Debentures, and in handling or forwarding tenders for exchange.

The expenses to be incurred in connection with the Exchange Offer will be paid by the Issuer, including fees and expenses of the Exchange Agent and Trustee and accounting, legal, printing and related fees and expenses.

The Issuer will pay all transfer taxes, if any, applicable to the exchange of Old Debentures pursuant to the Exchange Offer. If, however, certificates representing New Debentures or Old Debentures for principal amounts not tendered or accepted for exchange are to be delivered to, or are to be registered or issued in the name of, any person other than the registered holder of the Old Debentures tendered, or if tendered Old Debentures are registered in the name of any person other than the person signing the Letter of Transmittal, or if a transfer tax is imposed for any reason other than the exchange of Old Debentures pursuant to the Exchange Offer, then the amount of any such transfer taxes (whether imposed on the registered holder or any other persons) will be payable by the tendering holder. If satisfactory evidence of payment of such taxes or exemption therefrom is not submitted with the Letter of Transmittal, the amount of such transfer taxes will be billed directly to such tendering holder.

DESCRIPTION OF THE NEW DEBENTURES

General

The Old Debentures were issued, and the New Debentures will be, issued pursuant to the Indenture which is dated as of October 17, 1997 and is between the Company and State Street Bank and Trust Company, as trustee (the "Trustee"). The terms of the New Debentures will include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the "Trust Indenture Act"). The New Debentures will be subject to all such terms, and prospective holders of New Debentures are referred to the Indenture and the Trust Indenture Act for a statement thereof. The following summary of the material provisions of the Indenture does not purport to be complete and is qualified in its entirety by reference to the Indenture, including the definitions therein of certain terms used below. Copies of the proposed form of Indenture and Registration Rights Agreement are available as set forth below under "--Additional Information." The definitions of certain terms used in the following summary are set forth below under "--Certain Definitions."

The New Debentures will be general unsecured obligations of the Issuer and will be *pari passu* in right of payment to all current and future unsubordinated Indebtedness of the Issuer and senior in right of payment to all subordinated Indebtedness of the Issuer. The operations of the Issuer are conducted entirely through its Subsidiaries and, therefore, the Issuer is dependent in part upon the cash flow of its Subsidiaries to meet its obligations, including its obligations under the New Debentures. See "Risk Factors--Limitation on Access to Cash Flow of Subsidiaries; Holding Company Structure." The New Credit Facility and the Operating Corp Senior Subordinated Notes restrict Operating Corp. from paying any dividends or making any other distributions to the Issuer. The ability of Operating Corp to comply with the conditions in the Operating Corp Senior Subordinated Notes may be affected by certain events that are beyond the Issuer's control. The New Debentures will be effectively subordinated to all Indebtedness and other liabilities (including, without limitation, to Operating Corp's obligations under the New Credit Facility and the Operating Corp Senior Subordinated Notes). Any right of the Issuer to receive assets of any of its Subsidiaries upon such Subsidiary's liquidation or reorganization (and the consequent right of holders of the Operating Corp Senior Subordinated Notes to participate in those assets) will be effectively subordinated to the claims of that Subsidiary's creditors except to the extent that the Issuer itself is recognized as a creditor of such Subsidiary, in which case the claims of the Issuer would still be subordinate to the claims of such creditors who hold security in the assets of such Subsidiary and to the claims of such creditors who hold Indebtedness of such Subsidiary senior to that held by the Issuer. As of November 7, 1997, the Issuer had Indebtedness of \$75.3 million (all of which was attributable to the Old Debentures) and the Issuer's Subsidiaries had \$508.3 million of outstanding liabilities, including Indebtedness under the Operating Corp Senior Subordinated Notes and the Bank Facilities and including trade payables and other accrued liabilities. The Indenture will permit the incurrence of certain additional Indebtedness of the Issuer and the Issuer's Subsidiaries in the future. See "---Certain Covenants--Incurrence of Indebtedness and Issuance of Preferred Stock."

As of the Issue Date, all of the Issuer's subsidiaries other than any Receivables Subsidiary were Restricted Subsidiaries. However, under certain circumstances, the Issuer will be able to designate current or future Subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries will not be subject to many of the restrictive covenants set forth in the Indenture.

Principal, Maturity and Interest

New Debentures in an aggregate principal amount at maturity of up to \$142.0 million will be issued in the Exchange Offer. The New Debentures will mature on October 15, 2008. The New Debentures will be issued at a substantial discount from their principal amount at maturity. Until October 15, 2002, no interest will accrue on the New Debentures, but the Accreted Value will increase (representing amortization of original issue discount) between the date of original issuance and October 15, 2002, on a semi-annual bond equivalent basis using a 360-day year comprised of twelve 30-day months, such that the Accreted Value shall be equal to the full principal amount at maturity of the New Debentures on October 15, 2002. Beginning on October 15, 2002, interest on the New

Debentures will accrue at the rate of 13-1/8% per annum and will be payable semi-annually in arrears on April 15 and October 15, commencing on April 15, 2003, to holders of record on the immediately preceding April 1 and October 1, respectively. Interest on the New Debentures will accrue from the most recent date to which interest has been paid or, if no interest has been paid, from October 15, 2002. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. Principal, premium, if any, and interest and Liquidated Damages on the New Debentures will be payable at the office or agency (the "Paying Agent") of the Issuer maintained for such purpose within the City and State of New York or, at the option of the Issuer, payment of principal, premium, interest, and Liquidated Damages may be made by check mailed to the holders of the New Debentures at their respective addresses set forth in the register of holders of Debentures; provided that all payments of principal, premium, interest and Liquidated Damages with respect to New Debentures represented by one or more permanent global debentures ("Global Debentures") will be required to be made by wire transfer of immediately available funds to the accounts of DTC or any successor thereto. Until otherwise designated by the Issuer, the Issuer's office or agency in New York will be the office of the Trustee maintained for such purpose. The New Debentures will be issued in denominations of \$1,000 and integral multiples thereof.

Optional Redemption

Except as described below, the New Debentures will not be redeemable at the Issuer's option prior to October 15, 2002. Thereafter, the New Debentures will be subject to redemption at any time at the option of the Issuer, in whole or in part, upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed as percentages of principal amount) set forth below plus accrued and unpaid interest and Liquidated Damages thereon to the applicable redemption date, if redeemed during the twelve-month period beginning on October 15 of the years indicated below:

Year	Percentage
----	-----
2002	106.563
2003	104.375
2004	102.188
2005 and	
thereafter ...	100.000

Notwithstanding the foregoing, at any time on or prior to October 15, 2000, the Issuer may (but shall not have the obligation to) redeem, on one or more occasions, up to an aggregate of 35% of the principal amount of New Debentures originally issued at a redemption price equal to 113.125% of the Accreted Value thereof, plus Liquidated Damages thereon, if any, to the redemption date, with the net cash proceeds of one or more Equity Offerings; provided that at least 65% of the aggregate principal amount at maturity of the New Debentures originally issued remain outstanding immediately after the occurrence of such redemption; and provided further, that such redemption shall occur within 90 days of the date of the closing of such Equity Offering.

Mandatory Redemption

Except as set forth under "--Repurchase at the Option of Holders," the Issuer is not required to make mandatory redemption or sinking fund payments with respect to the New Debentures.

Repurchase at the Option of Holders

Change of Control

Upon the occurrence of a Change of Control, each holder of New Debentures will have the right to require the Issuer to repurchase all or any part (equal to \$1,000 or an integral multiple thereof) of such holder's New Debentures pursuant to the offer described below (the "Change of Control Offer") at an offer price in cash equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest and Liquidated Damages thereon,

if any, to the date of purchase or, in the case of repurchases of New Debentures prior to October 15, 2002 at a purchase price equal to 101% of the Accreted Value thereof as of the date of repurchase (the "Change of Control Payment"). Within 65 days following any Change of Control, the Issuer will mail a notice to each holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase New Debentures on the date specified in such notice, which date shall be no earlier than 30 days (or such shorter time period as may be permitted under applicable law, rules and regulations) and no later than 60 days from the date such notice is mailed (the "Change of Control Payment Date"), pursuant to the procedures required by the Indenture and described in such notice. The Issuer will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with the repurchase of the New Debentures as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the Indenture relating to such Change of Control Offer, the Issuer will comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations described in the Indenture by virtue thereof.

On the Change of Control Payment Date, the Issuer will, to the extent lawful, (1) accept for payment all New Debentures or portions thereof properly tendered pursuant to the Change of Control Offer, (2) deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all New Debentures or portions thereof so tendered and (3) deliver or cause to be delivered to the Trustee the New Debentures so accepted together with an officers' certificate stating the aggregate principal amount of New Debentures or portions thereof being purchased by the Issuer. The Paying Agent will promptly mail to each holder of New Debentures so tendered the Change of Control Payment for such New Debentures, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each holder a new New Debenture equal in principal amount to any unpurchased portion of the New Debentures surrendered, if any; provided that each such new New Debenture will be in a principal amount of \$1,000 or an integral multiple thereof. The Issuer will publicly announce the results of the Change of Control Offer on or as soon as practicable after the Change of Control Payment Date.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the holders of the New Debentures to require that the Issuer repurchase or redeem the New Debentures in the event of a takeover, recapitalization or similar transaction.

The New Credit Facility and the Operating Corp Senior Subordinated Notes restrict Operating Corp from paying any dividends or making any other distributions to the Issuer. If the Issuer is unable to obtain dividends from Operating Corp sufficient to permit the repurchase of the New Debentures or does not refinance such Indebtedness, the Issuer will likely not have the financial resources to purchase New Debentures. In any event, there can be no assurance that the Issuer's Subsidiaries will have the resources available to pay any such dividend or make any such distribution. Prior to complying with the provisions of the preceding paragraphs, but in any event within 90 days following a Change of Control, the Issuer will either repay all outstanding Indebtedness of its Subsidiaries or obtain the requisite consents, if any, under the New Credit Facility and the Operating Corp Senior Subordinated Notes to permit the repurchase of the New Debentures required by this covenant. The Issuer will not be required to purchase any New Debentures until it has complied with the preceding sentence, but the Issuer's failure to make a Change of Control Offer when required or to purchase tendered New Debentures when tendered would constitute an Event of Default under the Indenture. See "Risk Factors--Substantial Leverage; Liquidity; Stockholders' Deficit" and "--Limitation on Access to Cash Flow of Subsidiaries; Holding Company Structure."

The Issuer will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer and purchases all New Debentures validly tendered and not withdrawn under such Change of Control Offer.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of "all or substantially all" of the assets of the Issuer and its Subsidiaries taken as a whole.

Although there is a developing body of case law interpreting the phrase 'substantially all,' there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of New Debentures to require the Issuer to repurchase such New Debentures as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of the Issuer and its Subsidiaries taken as a whole to another Person or group may be uncertain.

Asset Sales

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless (i) the Issuer (or the Restricted Subsidiary, as the case may be) receives consideration at the time of such Asset Sale at least equal to the fair market value (evidenced by a resolution of the Board of Directors set forth in an officers' certificate delivered to the Trustee) of the assets or Equity Interests issued or sold or otherwise disposed of and (ii) at least 75% of the consideration therefor received by the Issuer or such Restricted Subsidiary is in the form of (A) cash or Cash Equivalents or (B) Qualified Proceeds; provided that the aggregate fair market value of Qualified Proceeds (other than cash or Cash Equivalents), which may be received in consideration for asset sales pursuant to this clause (ii) (B) shall not exceed \$7.5 million since the Issue Date; provided further that the amount of (x) any liabilities (as shown on the Issuer's or such Restricted Subsidiary's most recent balance sheet), of the Issuer or any Restricted Subsidiary (other than contingent liabilities and liabilities that are by their terms subordinated to the New Debentures) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Issuer or such Restricted Subsidiary from further liability and (y) any securities, notes or other obligations received by the Issuer or any such Restricted Subsidiary from such transferee that are converted by the Issuer or such Restricted Subsidiary into cash (to extent of the cash received) within 180 days following the closing of such Asset Sale, shall be deemed to be cash for purposes of this provision.

Within 395 days after the receipt of any Net Proceeds from an Asset Sale, the Issuer or its Restricted Subsidiaries may apply such Net Proceeds, at its option, (a) to repay Indebtedness of a Restricted Subsidiary of the Issuer, or (b) to the investment in, or the making of a capital expenditure or the acquisition of other property or assets in each case used or useable in a Permitted Business, or Capital Stock of any Person primarily engaged in a Permitted Business if, as a result of the acquisition by the Issuer or any Restricted Subsidiary thereof, such Person becomes a Restricted Subsidiary, or (c) as combination of the uses described in clauses (a) and (b). Pending the final application of any such Net Proceeds, the Issuer or its Restricted Subsidiaries may temporarily reduce Indebtedness of a Restricted Subsidiary of the Issuer or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture. Any Net Proceeds from Asset Sales, other than 20% of the net proceeds from any sale of all or substantially all of the Capital Stock or assets of the Company's Popular Club Plan business or Clifford & Wills business (as each such business is constituted on the Issue Date) which have been utilized to repay, redeem, repurchase or otherwise retire outstanding New Debentures, that are not applied or invested as provided in the first sentence of this paragraph will be deemed to constitute "Excess Proceeds." When the aggregate amount of Excess Proceeds exceeds \$10.0 million, the Issuer will be required to make an offer to all holders of New Debentures and, to the extent required by the terms of any Pari Passu Indebtedness to all holders of such Pari Passu Indebtedness (an "Asset Sale Offer"), to purchase the maximum principal amount of New Debentures and any such Pari Passu Indebtedness that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount thereof plus accrued and unpaid interest and Liquidated Damages thereon, if any, to the date of purchase (or, in the case of repurchases of New Debentures prior to October 15, 2002, at a purchase price equal to 100% of the Accreted Value thereof plus Liquidated Damages, as of the date of repurchase), in accordance with the procedures set forth in the Indenture or such Pari Passu Indebtedness, as applicable. To the extent that the aggregate principal amount at maturity of New Debentures (or Accreted Value, as the case may be) and any such Pari Passu Indebtedness tendered pursuant to an Asset Sale Offer is less than the Excess Proceeds, the Issuer or its Restricted Subsidiaries may use any remaining Excess Proceeds for general corporate purposes. If the aggregate principal amount at maturity (or Accreted Value, as the case may be) of New Debentures and any such Pari Passu Indebtedness surrendered by holders thereof exceeds the amount of Excess Proceeds, the Trustee shall

select the New Debentures to be purchased on a pro rata basis. Upon completion of such Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero.

The New Credit Facility and the Senior Subordinated Notes restrict J. Crew Corp. from paying any dividends or making any other distributions to the Issuer. If the Issuer is unable to obtain dividends from J. Crew Corp. sufficient to permit the repurchase of the New Debentures or does not refinance such Indebtedness, the Issuer will likely not have the financial resources to purchase New Debentures. In any event, there can be no assurance that the Issuer's Subsidiaries will have the resources available to pay any such dividend or make any such distribution. The Issuer's failure to make an Asset Sale Offer when required or to purchase tendered New Debentures when tendered would constitute an Event of Default under the New Debenture Indenture. See "Risk Factors--Substantial Leverage; Liquidity; Stockholders' Deficit" and "--Limitation on Access to Cash Flow of Subsidiaries; Holding Company Structure."

Selection and Notice

If less than all of the New Debentures are to be redeemed or repurchased in an offer to purchase at any time, selection of New Debentures for redemption or repurchase will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the New Debentures are listed, or, if the New Debentures are not so listed, on a pro rata basis, by lot or by such other method as the Trustee deems fair and appropriate; provided that Notes to be redeemed with the proceeds of an Equity Offering shall be selected on a pro rata basis; provided further that no Notes of \$1,000 or less shall be redeemed or repurchased in part. Notices of redemption may not be conditional. Notices of redemption or repurchase shall be mailed by first class mail at least 30 but not more than 60 days before the redemption date or repurchase date to each holder of New Debentures to be redeemed or repurchased at its registered address. If any New Debenture is to be redeemed or repurchased in part only, the notice of redemption or repurchase that relates to such New Debenture shall state the portion of the principal amount thereof to be redeemed or repurchased. A new New Debenture in principal amount equal to the unredeemed or unrepurchased portion thereof will be issued in the name of the holder thereof upon cancellation of the original New Debenture. On and after the redemption or repurchase date, interest and Liquidated Damages will cease to accrue on New Debentures or portions of them called for redemption or repurchase.

Certain Covenants

Restricted Payments

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly: (i) declare or pay any dividend or make any other payment or distribution on account of the Issuer's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any such dividend, distribution or other payment made as a payment in connection with any merger or consolidation involving the Issuer), other than dividends or distributions payable in Equity Interests (other than Disqualified Stock) of the Issuer or dividends or distributions payable to the Issuer or any Wholly Owned Subsidiary of the Issuer; (ii) purchase, redeem or otherwise acquire or retire for value (including, without limitation, any such purchase, redemption or other acquisition or retirement for value made as a payment in connection with any merger or consolidation involving the Issuer) any Equity Interests of the Issuer or any Restricted Subsidiary (other than any such Equity Interests owned by the Issuer or any Restricted Subsidiary of the Issuer); (iii) make any payment on or with respect to, or purchase, redeem, defease or otherwise acquire or retire for value any Indebtedness that is subordinated to the New Debentures, except a payment of interest or a payment of principal at Stated Maturity; or (iv) make any Restricted Investment (all such payments and other actions set forth in clauses (i) through (iv) above being collectively referred to as "Restricted Payments"), unless, at the time of and immediately after giving effect to such Restricted Payment:

- (a) no Default or Event of Default shall have occurred and be continuing; and

(b) the Issuer would, at the time of such Restricted Payment and after giving pro forma effect thereto, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described below under caption "--Incurrence of Indebtedness and Issuance of Preferred Stock;" and

(c) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by the Issuer and its Restricted Subsidiaries after the date of the Indenture (excluding Restricted Payments permitted by clauses (ii), (iii), (iv), and (vi) of the next succeeding paragraph), is less than the sum (without duplication) of (i) 50% of the Consolidated Net Income of the Issuer for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the date of the Indenture to the end of the Issuer's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit), plus (ii) 100% of the aggregate Qualified Proceeds received by the Issuer from contributions to the Issuer's capital or the issue or sale subsequent to the date of the Indenture of Equity Interests of the Issuer (other than Disqualified Stock) or of Disqualified Stock or debt securities of the Issuer that have been converted into such Equity Interests (other than Equity Interests (or Disqualified Stock or convertible debt securities) sold to a Subsidiary of the Issuer and other than Disqualified Stock or convertible debt securities that have been converted into Disqualified Stock), plus (iii) to the extent that any Restricted Investment that was made after the date of the Indenture is sold for Qualified Proceeds or otherwise liquidated or repaid (including, without limitation, by way of a dividend or other distribution, a repayment of a loan or advance or other transfer of assets) for in whole or in part, the lesser of (A) the Qualified Proceeds with respect to such Restricted Investment, (less the cost of disposition, if any) and (B) the initial amount of such Restricted Investment, plus (iv) upon the redesignation of an Unrestricted Subsidiary as a Restricted Subsidiary, the lesser of (x) the fair market value of such Subsidiary or (y) the aggregate amount of all Investments made in such Subsidiary subsequent to the Issue Date by the Issuer and its Restricted Subsidiaries, plus (v) \$15.0 million.

The foregoing provisions will not prohibit (i) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the Indenture; (ii) the redemption, repurchase, retirement, defeasance or other acquisition of any subordinated Indebtedness or Equity Interests of the Issuer in exchange for, or out of the net cash proceeds of the substantially concurrent sale (other than to a Restricted Subsidiary of the Issuer) of, other Equity Interests of the Issuer (other than any Disqualified Stock); provided that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall be excluded from clause (c) (ii) of the preceding paragraph; (iii) the defeasance, redemption, repurchase, retirement or other acquisition of subordinated Indebtedness in exchange for, or with the net cash proceeds from, an incurrence of Permitted Refinancing Indebtedness; (iv) the payment of any dividend (or the making of a similar distribution or redemption) by a Restricted Subsidiary of the Issuer to the holders of its common Equity Interests on a pro rata basis; (v) so long as no Default or Event of Default shall have occurred and is continuing, the repurchase, redemption or other acquisition or retirement for value of any Equity Interests of the Issuer, or any Restricted Subsidiary of the Issuer, held by any member of the Issuer's (or any of its Restricted Subsidiaries') management, employees or consultants pursuant to any management, employee or consultant equity subscription agreement or stock option agreement in effect as of the date of the Indenture; provided that the aggregate price paid for all such repurchased, redeemed, acquired or retired Equity Interests shall not exceed the sum of (A) \$10.0 million and (B) the aggregate cash proceeds received by the Issuer from any reissuance of Equity Interests by the Issuer to members of management of the Issuer and its Restricted Subsidiaries (provided that the cash proceeds referred to in this clause (B) shall be excluded from clause (c)(ii) of the preceding paragraph); (vi) distributions made by the Issuer on the date of the Indenture, the proceeds of which are utilized solely to consummate the Recapitalization; and (vii) so long as no Default or Event of Default has occurred and is continuing, the declaration and payment of dividends to holders of any class or series of Disqualified Stock of the Issuer issued after the date of the Indenture in accordance with the covenant described below

under the caption "--Incurrence of Indebtedness and Issuance of Preferred Stock."

The Board of Directors may designate any Restricted Subsidiary to be an Unrestricted Subsidiary if such designation would not cause a Default or an Event of Default. For purposes of making such determination, all outstanding Investments by the Issuer and its Restricted Subsidiaries (except to the extent repaid in cash) in the Subsidiary so designated will be deemed to be Restricted Payments at the time of such designation and will reduce the amount available for Restricted Payments under the first paragraph of this covenant. All such outstanding Investments will be deemed to constitute Investments in an amount equal to the greater of (i) the net book value of such Investments at the time of such designation and (ii) the fair market value of such Investments at the time of such designation. Such designation will only be permitted if such Restricted Payment would be permitted at such time and if such Restricted Subsidiary otherwise meets the definition of an Unrestricted Subsidiary.

The amount of (i) all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by the Issuer or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment and (ii) Qualified Proceeds (other than cash) shall be the fair market value on the date of receipt thereof by the Issuer of such Qualified Proceeds. The fair market value of any non-cash Restricted Payment and Qualified Proceeds shall be determined by the Board of Directors whose resolution with respect thereto shall be delivered to the Trustee, such determination to be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if such fair market value exceeds \$10.0 million. Not later than the date of making any Restricted Payment, the Issuer shall deliver to the Trustee an officers' certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by the covenant "Restricted Payments" were computed, together with a copy of any fairness opinion or appraisal required by the Indenture.

Incurrence of Indebtedness and Issuance of Preferred Stock

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, issue, assume, guarantee or otherwise become directly or indirectly liable, contingently or otherwise, with respect to (collectively, "incur") any Indebtedness (including Acquired Debt) and that the Issuer will not issue any Disqualified Stock and will not permit any of its Restricted Subsidiaries to issue any shares of preferred stock; provided, however, that the Issuer or any of its Restricted Subsidiaries may incur Indebtedness (including Acquired Debt) or issue shares of Disqualified Stock if the Fixed Charge Coverage Ratio for the Issuer's most recently ended four full fiscal quarters for which internal financial statements are available immediately preceding the date on which such additional Indebtedness is incurred or such Disqualified Stock is issued would have been at least 1.75 to 1.0, determined on a pro forma basis (including a pro forma application of the net proceeds therefrom), as if the additional Indebtedness had been incurred, or the Disqualified Stock had been issued, as the case may be, at the beginning of such four-quarter period.

The Indenture also provides that the Issuer will not incur any Indebtedness that is contractually subordinated in right of payment to any other Indebtedness of the Issuer unless such Indebtedness is also contractually subordinated in right of payment to the New Debentures on substantially identical terms; provided, however, that no Indebtedness of the Issuer shall be deemed to be contractually subordinated in right of payment to any other Indebtedness of the Issuer solely by virtue of being unsecured.

The provisions of the first paragraph of this covenant will not apply to the incurrence of any of the following items of Indebtedness (collectively, "Permitted Debt"):

- (i) Indebtedness of the Issuer and its Restricted Subsidiaries under Credit Facilities; provided that the aggregate principal amount of all Indebtedness (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of the Issuer and its Restricted Subsidiaries thereunder) outstanding under all Credit Facilities after giving effect to such incurrence, including all Indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (i), does not exceed an amount equal to \$270.0 million less the aggregate principal of all principal payments thereunder

constituting permanent reductions of such Indebtedness pursuant to and in accordance with the covenant described under "--Repurchase at the Option of Holders--Asset Sales;"

(ii) the incurrence by the Issuer of Indebtedness represented by the New Debentures and the incurrence by J. Crew Corp. and its Subsidiaries of Indebtedness represented by the Senior Subordinated Notes and any guarantee thereof;

(iii) the incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness represented by Capital Lease Obligations, mortgage financings or purchase money obligations, in each case incurred for the purpose of financing all or any part of the purchase price or cost of construction or improvements of property used in the business of the Issuer or such Restricted Subsidiary, in an aggregate principal amount not to exceed \$25.0 million at any time outstanding;

(iv) other Indebtedness of the Issuer and its Restricted Subsidiaries outstanding on the Issue Date;

(v) the incurrence by the Issuer or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to refund, refinance or replace Indebtedness (other than intercompany Indebtedness) that was permitted by the Indenture to exist or be incurred;

(vi) the incurrence of intercompany Indebtedness (A) between or among the Issuer and any Wholly Owned Restricted Subsidiaries of the Issuer or (B) by a Restricted Subsidiary that is not a Wholly Owned Restricted Subsidiary of the Issuer or a Wholly Owned Subsidiary; provided, however, that (i) if the Issuer is the obligor on such Indebtedness, such Indebtedness is expressly subordinated to the prior payment in full in cash of all Obligations with respect to the New Debentures and (ii)(A) any subsequent issuance or transfer of Equity Interests that results in any such Indebtedness being held by a Person other than the Issuer or a Wholly Owned Restricted Subsidiary of the Issuer and (B) any sale or other transfer of any such Indebtedness to a Person that is not either the Issuer or a Wholly Owned Restricted Subsidiary of the Issuer shall be deemed, in each case, to constitute an incurrence of such Indebtedness by the Issuer or such Subsidiary, as the case may be;

(vii) the incurrence by the Issuer or any of the Guarantors of Hedging Obligations that are incurred for the purpose of fixing or hedging (i) interest rate risk with respect to any floating rate Indebtedness that is permitted by the terms of this Indenture to be outstanding or (ii) the value of foreign currencies purchased or received by the Issuer in the ordinary course of business;

(viii) Indebtedness incurred in respect of workers' compensation claims, self-insurance obligations, performance, surety and similar bonds and completion guarantees provided by the Issuer or a Restricted Subsidiary in the ordinary course of business;

(ix) Indebtedness arising from guarantees of Indebtedness of the Issuer or any Subsidiary or the agreements of the Issuer or a Restricted Subsidiary providing for indemnification, adjustment of purchase price or similar obligations, in each case, incurred or assumed in connection with the disposition of any business, assets or Capital Stock of a Restricted Subsidiary, or other guarantees of Indebtedness incurred by any person acquiring all or any portion of such business, assets or Capital Stock of a Restricted Subsidiary for the purpose of financing such acquisition, provided that the maximum aggregate liability in respect of all such Indebtedness shall at no time exceed the gross proceeds actually received by the Issuer and its Restricted Subsidiaries in connection with such disposition;

(x) Indebtedness of a Receivables Subsidiary that is not recourse to the Issuer or any other Restricted Subsidiary of the Issuer (other than Standard Securitization Undertakings) incurred in connection with a Qualified Receivables Transaction;

(xi) the guarantee by any Restricted Subsidiary of the Issuer of Indebtedness of any Restricted Subsidiary of the Issuer that was permitted to be incurred by another provision of this covenant;

(xii) the incurrence by the Issuer or any of its Restricted Subsidiaries of Acquired Debt in an aggregate principal amount at any time outstanding not to exceed \$20.0 million;

(xiii) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument inadvertently (except in the case of daylight overdrafts) drawn against insufficient funds in the ordinary course of business; provided, however, that such Indebtedness is extinguished within five business days of incurrence; and

(xiv) the incurrence by the Issuer or any Restricted Subsidiary of additional Indebtedness in an aggregate principal amount (or accreted value, as applicable) at any time outstanding, including all indebtedness incurred to refund, refinance or replace any Indebtedness incurred pursuant to this clause (xiv), not to exceed \$30.0 million.

For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (i) through (xiv) above or is entitled to be incurred pursuant to the first paragraph of this covenant, the Issuer shall, in its sole discretion, classify such item of Indebtedness in any manner that complies with this covenant and such item of Indebtedness will be treated as having been incurred pursuant to only one of such clauses or pursuant to the first paragraph hereof. Accrual of interest, the accretion of accreted value and the payment of interest in the form of additional Indebtedness will not be deemed to be an incurrence of Indebtedness for purposes of this covenant.

Liens

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien securing Indebtedness or trade payables on any asset now owned or hereafter acquired, or any income or profits therefrom or assign or convey any right to receive income therefrom for purposes of security, except Permitted Liens, unless (i) in the case of Liens securing Indebtedness that is expressly subordinate or junior in right of payment to the New Debentures, the New Debentures are secured by a Lien on such property, assets or proceeds that is senior in priority to such Liens, (with the same relative priority as such subordinate or junior Indebtedness shall have with respect to the New Debentures) and (ii) in all other cases, the New Debentures are secured by such Lien on an equal and ratable basis.

Dividend and Other Payment Restrictions Affecting Subsidiaries

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or otherwise cause or suffer to exist or become effective any encumbrance or restriction on the ability of any Restricted Subsidiary to (i)(A) pay dividends or make any other distributions to the Issuer or any of its Restricted Subsidiaries (1) on its Capital Stock or (2) with respect to any other interest or participation in, or measured by, its profits, or (B) pay any Indebtedness owed to the Issuer or any of its Restricted Subsidiaries, (ii) make loans or advances to the Issuer or any of its Restricted Subsidiaries or (iii) transfer any of its properties or assets to the Issuer or any of its Restricted Subsidiaries, except for such encumbrances or restrictions existing under or by reason of (A) the New Credit Facility and the Senior Subordinated Notes, as in effect as of the date of the Indenture, and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings thereof, provided that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or refinancings are no more restrictive with respect to such dividend and other payment restrictions than those contained in the New Credit Facility or the Senior Subordinated Notes, as the case may be, as in effect on the date of the Indenture, (B) the Indenture and the Notes, (C) applicable law or any applicable rule, regulation or order, (D) any agreement or instrument governing Indebtedness or Capital Stock of a Person acquired by the Issuer or any of its Restricted Subsidiaries as in effect at the time of such

acquisition (except to the extent such agreement or instrument was created or entered into in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired, (E) by reason of customary non-assignment provisions in leases, licenses, encumbrances, contracts or similar assets entered into or acquired in the ordinary course of business and consistent with past practices, (F) purchase money obligations for property acquired in the ordinary course of business that impose restrictions of the nature described in clause (iii) above on the property so acquired, (G) any Purchase Money Note, or other Indebtedness or contractual requirements incurred with respect to a Qualified Receivables Transaction relating to a Receivables Subsidiary, (H) Permitted Refinancing Indebtedness, provided that the restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are no more restrictive than those contained in the agreements governing the Indebtedness being refinanced and (I) contracts for the sale of assets containing customary restrictions with respect to a Subsidiary pursuant to an agreement that has been entered into for the sale or disposition of all or substantially all of the Capital Stock or assets of such Subsidiary.

Merger, Consolidation or Sale of Assets

The Indenture provides that the Issuer may not consolidate or merge with or into (whether or not the Issuer is the surviving corporation), or sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of its properties or assets in one or more related transactions, to another Person unless (i) the Issuer is the surviving corporation or the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made is a corporation or limited liability company organized or existing under the laws of the United States, any state thereof or the District of Columbia; (ii) the Person formed by or surviving any such consolidation or merger (if other than the Issuer) or the Person to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made assumes all the obligations of the Issuer under the New Debentures and the Indenture pursuant to a supplemental indenture in a form reasonably satisfactory to the Trustee; (iii) immediately after such transaction no Default or Event of Default exists; and (iv) except in the case of a merger of the Issuer with or into a Wholly Owned Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary), the Issuer or the entity or Person formed by or surviving any such consolidation or merger (if other than the Issuer), or to which such sale, assignment, transfer, lease, conveyance or other disposition shall have been made at the time of such transaction and after giving pro forma effect thereto as if such transaction had occurred at the beginning of the applicable four-quarter period, be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Fixed Charge Coverage Ratio test set forth in the first paragraph of the covenant described above under the caption "--Incurrence of Indebtedness and Issuance of Preferred Stock." For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Issuer, which properties and assets, if held by the Issuer instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Issuer on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Issuer. The foregoing clause (iv) will not prohibit (a) a merger between the Issuer and a Wholly Owned Subsidiary of the Issuer created for the purpose of holding the Capital Stock of the Issuer, (b) a merger between the Issuer and a Wholly Owned Restricted Subsidiary of the Issuer or (c) a merger between the Issuer and an Affiliate incorporated solely for the purpose of reincorporating the Issuer in another State of the United States so long as, in the case of each of clause (a), (b) and (c), the amount of Indebtedness of the Issuer and its Restricted Subsidiaries is not increased thereby.

Transactions with Affiliates

The Indenture provides that the Issuer will not, and will not permit any of its Restricted Subsidiaries to, make any payment to or Investment in, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any Affiliate (each of the foregoing, an "Affiliate Transaction"), unless (i) such Affiliate Transaction is on terms that are no less favorable to the Issuer or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by the

Issuer or such Restricted Subsidiary with an unrelated Person and (ii) the Issuer delivers to the Trustee (A) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$1.0 million, a resolution of the Board of Directors set forth in an officers' certificate certifying that such Affiliate Transaction complies with clause (i) above and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors and (B) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, an opinion as to the fairness to the holders of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing; provided that (v) transactions with suppliers or other purchasers or sales of goods or services, in each case in the ordinary course of business (including, without limitation, pursuant to joint venture agreements) and otherwise in accordance with the terms of the Indenture which are fair to the Issuer, in the good faith determination of the Board of Directors of the Issuer or the senior management of the Issuer and are on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party, (w) any employment agreements, stock option or other compensation agreements or plans (and the payment of amounts or the issuance of securities thereunder) and other reasonable fees, compensation, benefits and indemnities paid or entered into by the Issuer or any of its Restricted Subsidiaries in the ordinary course of business of the Issuer or such Restricted Subsidiary to or with the officers, directors or employees of the Issuer or its Restricted Subsidiaries, (x) transactions between or among the Issuer and/or its Restricted Subsidiaries, (y) sales or other transfers or dispositions of accounts receivable and other related assets customarily transferred in an asset securitization transaction involving accounts receivable to a Receivables Subsidiary in a Qualified Receivables Transaction, and acquisitions of Permitted Investments in connection with a Qualified Receivables Transaction and (z) Restricted Payments (other than Restricted Investments) that are permitted by the provisions of the Indenture described above under the caption "--Restricted Payments," in each case, shall not be deemed Affiliate Transactions.

Business Activities

The Issuer will not, and will not permit any Restricted Subsidiary to, engage in any business other than Permitted Businesses.

Reports

The Indenture provides that, whether or not required by the rules and regulations of the Commission, so long as any New Debentures are outstanding, the Issuer will furnish to the holders of New Debentures (i) all quarterly and annual financial information that would be required to be contained in a filing with the Commission on Forms 10-Q and 10-K if the Issuer were required to file such Forms, including a "Management's Discussion and Analysis of Financial Condition and Results of Operations" that describes the financial condition and results of operations of the Issuer and its consolidated Subsidiaries and, with respect to the annual information only, a report thereon by the Issuer's certified independent accountants and (ii) all current reports that would be required to be filed with the Commission on Form 8-K if the Issuer were required to file such reports, in each case within the time periods set forth in the Commission's rules and regulations. In addition, whether or not required by the rules and regulations of the Commission, at any time after the consummation of the Exchange Offer contemplated by the Registration Rights Agreement, the Issuer will file a copy of all such information and reports with the Commission for public availability within the time periods set forth in the Commission's rules and regulations (unless the Commission will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. In addition, at all times that the Commission does not accept the filings provided for in the preceding sentence, the Issuer has agreed that, for so long as any New Debentures remain outstanding, they will furnish to the holders and to securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Events of Default and Remedies

The Indenture provides that each of the following constitutes an Event of Default (each an "Event of Default"): (i) default for 30 days in the payment when due of interest on, or Liquidated Damages with respect to, the New Debentures; (ii) default in payment when due of the principal of or premium, if any, on the New Debentures; (iii) failure by the Issuer or any of its Restricted Subsidiaries for 30 days after notice by the Trustee or by the holders of at least 25% in principal amount of New Debentures then outstanding to comply with the provisions described under the captions "--Repurchase at the Option of Holders--Change of Control" or "--Asset Sales" or "--Certain Covenants--Restricted Payments" or "--Incurrence of Indebtedness and Issuance of Preferred Stock;" (iv) failure by the Issuer or any of its Restricted Subsidiaries for 60 days after notice by the Trustee or by the holders of at least 25% in principal amount of New Debentures then outstanding to comply with any of its other agreements in the Indenture or the New Debentures; (v) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Issuer or any of its Restricted Subsidiaries (or the payment of which is guaranteed by the Issuer or any of its Restricted Subsidiaries) whether such Indebtedness or guarantee now exists, or is created after the date of the Indenture, which default (a) is caused by a failure to pay principal of such Indebtedness after giving effect to any grace period provided in such Indebtedness (a "Payment Default") or (b) results in the acceleration of such Indebtedness prior to its stated maturity and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$20 million or more; (vi) failure by the Issuer or any of its Restricted Subsidiaries to pay final judgments aggregating in excess of \$20 million (net of any amounts with respect to which a reputable and creditworthy insurance company has acknowledged liability in writing), which judgments are not paid, discharged or stayed for a period of 60 days; and (vii) certain events of bankruptcy or insolvency with respect to the Issuer or any of its Significant Subsidiaries.

If any Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the then outstanding New Debentures may declare all the New Debentures to be due and payable immediately. Notwithstanding the foregoing, in the case of an Event of Default arising from certain events of bankruptcy or insolvency, with respect to the Issuer, all outstanding New Debentures will become due and payable without further action or notice. Upon any acceleration of maturity of the New Debentures, all principal of and accrued interest and Liquidated Damages, if any, on (if on or after October 15, 2002) or Accreted Value of and Liquidated Damages, if any, on (if prior to October 15, 2002) the New Debentures shall be due and payable immediately. Holders of the New Debentures may not enforce the Indenture or the New Debentures except as provided in the Indenture. Subject to certain limitations, holders of a majority in principal amount of the then outstanding New Debentures may direct the Trustee in its exercise of any trust or power. The Trustee may withhold from holders of the New Debentures notice of any continuing Default or Event of Default (except a Default or Event of Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest. In the event of a declaration of acceleration of the New Debentures because an Event of Default has occurred and is continuing as a result of the acceleration of any Indebtedness described in clause (v) of the preceding paragraph, the declaration of acceleration of the New Debentures shall be automatically annulled if the holders of any Indebtedness described in clause (v) of the preceding paragraph have rescinded the declaration of acceleration in respect of such Indebtedness within 30 days of the date of such declaration and if (a) the annulment of the acceleration of New Debentures would not conflict with any judgment or decree of a court of competent jurisdiction and (b) all existing Events of Default, except nonpayment of principal or interest on the New Debentures that became due solely because of the acceleration of the New Debentures, have been cured or waived.

The holders of a majority in aggregate principal amount of the New Debentures then outstanding by notice to the Trustee may on behalf of the holders of all of the New Debentures waive any existing Default or Event of Default and its consequences under the Indenture except a continuing Default or Event of Default in the payment of interest on, or the principal of, the New Debentures.

The Issuer is required to deliver to the Trustee annually a statement regarding compliance with the Indenture, and the Issuer is required upon becoming aware of any Default or Event of Default, to deliver to the Trustee a statement specifying such Default or Event of Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Issuer, as such, shall have any liability for any obligations of the Issuer under the New Debentures or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of New Debentures by accepting a New Debenture waives and releases all such liability. The waiver and release are part of the consideration for issuance of the New Debentures. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the Commission that such a waiver is against public policy.

Legal Defeasance and Covenant Defeasance

The Issuer may, at its option and at any time, elect to have all of its obligations discharged with respect to the outstanding New Debentures ("Legal Defeasance") except for (i) the rights of holders of outstanding New Debentures to receive payments in respect of the principal of, premium, if any, and interest and Liquidated Damages on such New Debentures when such payments are due from the trust referred to below, (ii) the Issuer's obligations with respect to the New Debentures concerning issuing temporary New Debentures, registration of New Debentures, mutilated, destroyed, lost or stolen New Debentures and the maintenance of an office or agency for payment and money for security payments held in trust, (iii) the rights, powers, trusts, duties and immunities of the Trustee, and the Issuer's obligations in connection therewith and (iv) the Legal Defeasance provisions of the Indenture. In addition, the Issuer may, at its option and at any time, elect to have the obligations of the Issuer released with respect to certain covenants that are described in the Indenture ("Covenant Defeasance") and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the New Debentures. In the event Covenant Defeasance occurs, certain events (not including non-payment, bankruptcy, receivership, rehabilitation and insolvency events) described under "--Events of Default and Remedies" will no longer constitute an Event of Default with respect to the New Debentures.

In order to exercise either Legal Defeasance or Covenant Defeasance, (i) the Issuer must irrevocably deposit with the Trustee, in trust, for the benefit of the holders of the New Debentures, cash in U.S. dollars, non-callable government securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal amount at maturity of or Accreted Value (as applicable) of, premium, if any, and interest and Liquidated Damages on the outstanding New Debentures on the stated maturity or on the applicable redemption date, as the case may be, and the Issuer must specify whether the New Debentures are being defeased to maturity or to a particular redemption date; (ii) in the case of Legal Defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that (A) the Issuer has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the date of the Indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, subject to customary assumptions and exclusions, the holders of the outstanding New Debentures will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred; (iii) in the case of Covenant Defeasance, the Issuer shall have delivered to the Trustee an opinion of counsel in the United States reasonably acceptable to the Trustee confirming that, subject to customary assumptions and exclusions, the holders of the outstanding New Debentures will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred; (iv) no Default or Event of Default shall have occurred and be continuing on the date of such deposit (other than a Default or Event of Default resulting from the financing of amounts to be applied to such deposit) or insofar as Events of Default from bankruptcy or insolvency events are

concerned, at any time in the period ending on the 91st day after the date of deposit; (v) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the Indenture) to which the Issuer or any of its Subsidiaries is a party or by which the Issuer or any of its Subsidiaries is bound; (vi) the Issuer must have delivered to the Trustee an opinion of counsel to the effect that, subject to customary assumptions and exclusions (which assumptions and exclusions shall not relate to the operation of Section 547 of the United States Bankruptcy Code or any analogous New York State law provision), after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally; (vii) the Issuer must deliver to the Trustee an officers' certificate stating that the deposit was not made by the Issuer with the intent of preferring the holders of New Debentures over the other creditors of the Issuer with the intent of defeating, hindering, delaying or defrauding creditors of the Issuer or others; and (viii) the Issuer must deliver to the Trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for relating to the Legal Defeasance or the Covenant Defeasance have been complied with.

Transfer and Exchange

A holder may transfer or exchange New Debentures in accordance with the Indenture. The Registrar and the Trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents and the Issuer may require a holder to pay any taxes and fees required by law or permitted by the Indenture. The Issuer is not required to transfer or exchange any New Debentures selected for redemption. Also, the Issuer is not required to transfer or exchange any New Debentures for a period of 15 days before a selection of New Debentures to be redeemed.

The registered holder of a New Debentures will be treated as the owner of it for all purposes.

Amendment, Supplement and Waiver

Except as provided in the next two succeeding paragraphs, the Indenture or the New Debentures may be amended or supplemented with the consent of the holders of at least a majority in principal amount at maturity of the New Debentures then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, New Debentures), and any existing default or compliance with any provision of the Indenture or the New Debentures may be waived with the consent of the holders of a majority in principal amount of the then outstanding New Debentures (including consents obtained in connection with a purchase of, or tender offer or exchange offer for, New Debentures).

Without the consent of each holder affected, an amendment or waiver may not (with respect to any New Debentures held by a non-consenting holder): (i) reduce the principal amount of New Debentures whose holders must consent to an amendment, supplement or waiver, (ii) reduce the principal of or change the fixed maturity of any New Debentures or alter the provisions with respect to the redemption of the New Debentures (other than provisions relating to the covenants described above under the caption "---Repurchase at the Option of Holders") or amend or modify the calculation of the Accreted Value so as to reduce the amount of the Accreted Value of the New Debentures, (iii) reduce the rate of or change the time for payment of interest on any New Debenture, (iv) waive a Default or Event of Default in the payment of principal of or premium, if any, or interest on the New Debentures (except a rescission of acceleration of the New Debentures by the holders of at least a majority in aggregate principal amount at maturity of the New Debentures and a waiver of the payment default that resulted from such acceleration), (v) make any New Debenture payable in money other than that stated in the New Debentures, (vi) make any change in the provisions of the Indenture relating to waivers of past Defaults or the rights of holders of New Debentures to receive payments of principal of or premium, if any, or interest on the New Debentures, (vii) waive a redemption payment with respect to any New Debenture (other than a payment required by one of the covenants described above under the caption "---Repurchase at the Option of Holders"), or (viii) make any change in the foregoing amendment and waiver provisions.

Notwithstanding the foregoing, without the consent of any holder of New Debentures, the Issuer and the Trustee may amend or supplement the Indenture or the New Debentures to cure any ambiguity, defect or inconsistency, to provide for uncertificated New Debentures in addition to or in place of certificated New Debentures, to provide for the assumption of the Issuer's obligations to holders of New Debentures in the case of a merger or consolidation, to make any change that would provide any additional rights or benefits to the holders of New Debentures or that does not adversely affect the legal rights under the Indenture of any such holder, to comply with requirements of the Commission in order to effect or maintain the qualification of the Indenture under the Trust Indenture Act.

Concerning the Trustee

The Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Issuer, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the Commission for permission to continue or resign.

The holders of a majority in principal amount at maturity of the then outstanding New Debentures will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that in case an Event of Default shall occur (which shall not be cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of New Debentures, unless such holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense.

Book-Entry, Delivery and Form

The Old Debentures were offered and sold to qualified institutional buyers in reliance on Rule 144A ("Rule 144A New Debentures"). New Debentures will be issued in registered, global form in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof. The Global Debentures will be deposited upon issuance with the Trustee as custodian for DTC in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Debentures may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Debentures may not be exchanged for New Debentures in certificated form except in the limited circumstances described below. See "--Exchange of Book-Entry Debentures for Certificated Debentures." In addition, transfer of beneficial interests in the Global Debentures will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and CEDEL), which may change from time to time.

Initially, the Trustee will act as Paying Agent and Registrar with respect to the New Debentures. The New Debentures may be presented for registration of transfer and exchange at the offices of the Registrar.

Depository Procedures

DTC has advised the Issuer that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the "Participants") and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship

with a Participant, either directly or indirectly (collectively, the "Indirect Participants"). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests and transfer of ownership interests of each actual purchaser of each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Issuer that, pursuant to procedures established by it, (i) upon deposit of the Global Debentures, DTC will credit the accounts of Participants tendering Old Debentures with portions of the applicable Global Debentures and (ii) ownership of such interests in the Global Debentures will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Debentures).

Investors in the Global Debentures may hold their interests therein directly through DTC, if they are participants in such system, or indirectly through organizations (including Euroclear and CEDEL) which are participants in such system. Euroclear or CEDEL will hold interests in the Global Debentures on behalf of their participants through customers' securities accounts in their respective names on the books of their respective depositaries, which are Morgan Guaranty Trust Company of New York, Brussels office, as operator of Euroclear, and Citibank, N.A., as operator of CEDEL. The depositaries, in turn, will hold such interests in the Global Debentures in customers' securities accounts in the depositaries' names on the books of DTC. All interests in a Global Debenture, including those held through Euroclear or CEDEL, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or CEDEL may also be subject to the procedures and requirements of such systems. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Debenture to such persons will be limited to that extent. Because DTC can act only on behalf of Participants, which in turn act on behalf of Indirect Participants and certain banks, the ability of a person having beneficial interests in a Global Debenture to pledge such interests to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests. For certain other restrictions on the transferability of the New Debentures, see "--Exchange of Book-Entry Debentures for Certificated Debentures" and "--Exchange of Certificated Debentures for Book-Entry Debentures."

EXCEPT AS DESCRIBED BELOW, OWNERS OF INTERESTS IN THE GLOBAL DEBENTURES WILL NOT HAVE NEW DEBENTURES REGISTERED IN THEIR NAMES, WILL NOT RECEIVE PHYSICAL DELIVERY OF NEW DEBENTURES IN CERTIFICATED FORM AND WILL NOT BE CONSIDERED THE REGISTERED OWNERS OR HOLDERS THEREOF UNDER THE INDENTURE FOR ANY PURPOSE.

Payments in respect of the principal of, premium, if any, interest and Liquidated Damages, if any, on a Global Debenture registered in the name of DTC or its nominee will be payable by the Trustee to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, the Issuer and the Trustee will treat the persons in whose names the New Debentures, including the Global Debentures, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, neither the Issuer nor the Trustee has or will have any responsibility or liability for (i) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Debentures, or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Debentures or (ii) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants. DTC has advised the Issuer that its current practice, upon receipt of any payment in respect of securities such as the New Debentures (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date, in amounts proportionate to their respective holdings in the principal amount of beneficial interest in the relevant security as shown on the records of DTC unless DTC has reason to believe it will not receive payment on such payment date. Payments by the Participants and the Indirect Participants to the beneficial owners of New Debentures will be governed by standing instructions and customary

practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or the Issuer. Neither the Issuer nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the New Debentures, and the Issuer and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Except for trades involving only Euroclear and CEDEL participants, interests in the Global Debentures are expected to be eligible to trade in DTC's Same-Day Funds Settlement System and secondary market trading activity in such interests will therefore settle in immediately available funds, subject in all cases to the rules and procedures of DTC and its participants. See "--Same-Day Settlement and Payment."

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds, and transfers between participants in Euroclear and CEDEL will be effected in the ordinary way in accordance with their respective rules and operating procedures.

Cross-market transfers between the Participants in DTC, on the one hand, and Euroclear or CEDEL participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or CEDEL, as the case may be, by its respective depository; however, such cross-market transactions will require delivery of instructions to Euroclear or CEDEL, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or CEDEL, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depository to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant Global Debentures in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and CEDEL participants may not deliver instructions directly to the depositories for Euroclear or CEDEL.

Because of time zone differences, the securities account of a Euroclear or CEDEL participant purchasing an interest in Global Debentures from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or CEDEL participant, during the securities settlement processing day (which must be a business day for Euroclear and CEDEL) immediately following the settlement date of DTC. DTC has advised the Issuer that cash received in Euroclear or CEDEL as a result of sales of interests in a Global Debenture by or through a Euroclear or CEDEL participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or CEDEL cash account only as of the business day for Euroclear or CEDEL following DTC's settlement date.

DTC has advised the Issuer that it will take any action permitted to be taken by a holder of New Debentures only at the direction of one or more Participants to whose account with DTC interests in the Global Debentures are credited and only in respect of such portion of the aggregate principal amount of the New Debentures as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the New Debentures, DTC reserves the right to exchange the Global Debentures for legended New Debentures in certificated form, and to distribute such New Debentures to its Participants.

The information in this section concerning DTC, Euroclear and CEDEL and their book-entry systems has been obtained from sources that the Issuer believes to be reliable, but the Issuer takes no responsibility for the accuracy thereof.

Although DTC, Euroclear and CEDEL have agreed to the foregoing procedures to facilitate transfers of interests in the Global Debentures among Participants in DTC, Euroclear and CEDEL, they are under no obligation to perform or to continue to perform such procedures, and such procedures may be discontinued at any time. Neither the Issuer nor the Trustee will have any responsibility for the performance by DTC, Euroclear or CEDEL or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Debentures for Certificated Debentures

A Global Debenture is exchangeable for definitive New Debentures in registered certificated form if (i) DTC (x) notifies the Issuer that it is unwilling or unable to continue as depositary for the Global Debentures and the Issuer thereupon fails to appoint a successor depositary or (y) has ceased to be a clearing agency registered under the Exchange Act, (ii) the Issuer, at its option, notifies the Trustee, in writing that it elects to cause the issuance of the New Debentures in certificated form or (iii) there shall have occurred and be continuing an Event of Default or any event which after notice or lapse of time or both would be an Event of Default with respect to the New Debentures. In addition, beneficial interests in a Global Debenture may be exchanged for certificated New Debentures upon request but only upon at least 20 days prior written notice given to the Trustee by or on behalf of DTC in accordance with its customary procedures. In all cases, certificated New Debentures delivered in exchange for any Global Debenture or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures) and will bear the applicable restrictive legend referred to in "Notice to Investors," unless the Issuer determines otherwise in compliance with applicable law.

Same-Day Settlement and Payment

The Indenture requires that payments in respect of the New Debentures represented by the Global Debentures (including principal, premium, if any, and interest and Liquidated Damages, if any) be made by wire transfer of immediately available funds to the accounts specified by the Global Debentures holder. With respect to New Debentures in certificated form, the Issuer will make all payments of principal, premium, if any, interest and Liquidated Damages, if any, by wire transfer of immediately available funds to the accounts specified by the holders thereof or, if no such account is specified, by mailing a check to each such holder's registered address. The New Debentures represented by the Global Debentures are expected to be eligible to trade in the PORTAL market and to trade in the Depositary's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such New Debentures will, therefore, be required by the Depositary to be settled in immediately available funds. The Issuer expects that secondary trading in any certificated New Debentures will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or CEDEL participant purchasing an interest in a Global Debenture from a Participant in DTC will be credited, and any such crediting will be reported to the relevant Euroclear or CEDEL participant, during the securities settlement processing day (which must be a business day for Euroclear and CEDEL) immediately following the settlement date of DTC. DTC has advised the Issuer that cash received in Euroclear or CEDEL as a result of sales of interests in a Global Debenture by or through a Euroclear or CEDEL participant to a Participant in DTC will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or CEDEL cash account only as of the business day for Euroclear or CEDEL following DTC's settlement date.

Registration Rights; Liquidated Damages

Pursuant to the Registration Rights Agreement, the Issuer agreed to file with the Commission the Exchange Offer Registration Statement on the appropriate form under the Securities Act with respect to the New Debentures. Upon the effectiveness of the Exchange Offer Registration Statement, the Issuer will offer to the holders of Transfer Restricted Securities pursuant to the Exchange Offer who are able to make certain representations the opportunity to exchange their Transfer Restricted Securities for New Debentures. If (i) the Issuer is not required to file the Exchange Offer Registration Statement or permitted to consummate the Exchange Offer because the Exchange Offer is not permitted by applicable law or Commission policy or (ii) any holder of Transfer Restricted Securities notifies the Issuer within the specified time period that (A) it is prohibited by law or Commission policy from participating in the Exchange Offer (other than due solely to the status of such holder as an affiliate of the Issuer within the meaning of the Securities Act) or (B) that it may not resell the New Debentures acquired by it in the Exchange Offer to the public without delivering a prospectus and the prospectus contained in the Exchange Offer

Registration Statement is not appropriate or available for such resales or (C) that it is a broker-dealer and owns Debentures acquired directly from the Issuer or an affiliate of the Issuer, the Issuer will file with the Commission a Shelf Registration Statement to cover resales of the Debentures by the holders thereof who satisfy certain conditions relating to the provision of information in connection with the Shelf Registration Statement. The Issuer will use its best efforts to cause the applicable registration statement to be declared effective as promptly as possible by the Commission. For purposes of the foregoing, "Transfer Restricted Securities" means each Debenture until (i) the date on which such Debenture has been exchanged by a person other than a broker-dealer for a New Debenture in the Exchange Offer, (ii) following the exchange by a broker-dealer in the Exchange Offer of a Debenture for a New Debenture, the date on which such New Debenture is sold to a purchaser who receives from such broker-dealer on or prior to the date of such sale a copy of the prospectus contained in the Exchange Offer Registration Statement, (iii) the date on which such Debenture has been effectively registered under the Securities Act and disposed of in accordance with the Shelf Registration Statement or (iv) the date on which such Debenture is distributed to the public pursuant to Rule 144 under the Act.

The Registration Rights Agreement will provide that (i) the Issuer will file an Exchange Offer Registration Statement with the Commission on or prior to 60 days after the Closing Date, (ii) the Issuer will use its best efforts to have the Exchange Offer Registration Statement declared effective by the Commission on or prior to 135 days after the Closing Date, (iii) unless the Exchange Offer would not be permitted by applicable law or Commission policy, the Issuer will commence the Exchange Offer and use its best efforts to issue within 180 days after the Issue Date New Debentures in exchange for all Debentures tendered prior thereto in the Exchange Offer and (iv) if obligated to file the Shelf Registration Statement, the Issuer will use its best efforts to file the Shelf Registration Statement with the Commission on or prior to 60 days after such filing obligation arises and to cause the Shelf Registration to be declared effective by the Commission on or prior to 135 days after such obligation arises. If (a) the Issuer fails to file any of the Registration Statements required by the Registration Rights Agreement on or before the date specified for such filing, (b) any of such Registration Statements is not declared effective by the Commission on or prior to the date specified for such effectiveness (the "Effectiveness Target Date"), or (c) the Issuer fails to consummate the Exchange Offer within 180 days after the Issue Date, or (d) the Shelf Registration Statement or the Exchange Offer Registration Statement is declared effective but thereafter ceases to be effective or usable in connection with resales of Transfer Restricted Securities during the periods specified in the Registration Rights Agreement (each such event referred to in clauses (a) through (d) above a "Registration Default"), then the Issuer will pay liquidated damages ("Liquidated Damages") determined as follows: to each holder of Debentures, with respect to such 90-day period immediately following the occurrence of the first Registration Default in an amount equal to \$0.05 per week per \$1,000 principal amount of Debentures held by such holder. The amount of the Liquidated Damages will increase by an additional \$0.05 per week per \$1,000 principal amount of Debentures with respect to each subsequent 90-day period until all Registration Defaults have been cured, up to a maximum amount of Liquidated Damages of \$0.25 per week per \$1,000 principal amount of Debentures. All accrued Liquidated Damages will be paid by the Issuer to the Global Debenture holder by wire transfer of immediately available funds or by federal funds check and to holders of Certificated Debentures by wire transfer to the accounts specified by them or by mailing checks to their registered addresses if no such accounts have been specified. Following the cure of all Registration Defaults, the accrual of Liquidated Damages will cease.

Holders of Debentures will be required to make certain representations to the Issuer (as described in the Registration Rights Agreement) in order to participate in the Exchange Offer and will be required to deliver information to be used in connection with the Shelf Registration Statement and to provide comments on the Shelf Registration Statement within the time periods set forth in the Registration Rights Agreement in order to have their Debentures included in the Shelf Registration Statement and benefit from the provisions regarding Liquidated Damages set forth above.

Certain Definitions

Set forth below are certain defined terms used in the Indenture. Reference is made to the Indenture for a full disclosure of all such terms, as well as any other capitalized terms used herein for which no definition is provided.

"Accreted Value" means, as of any date of determination prior to October 15, 2002, with respect to any Debenture, the sum of (a) the initial offering price (which shall be calculated by discounting the aggregate principal amount at maturity of such Debenture at a rate of 13-1/8% per annum, compounded semi-annually on each April 15 and October 15 from October 15, 2002 to the date of issuance) of such Debenture and (b) the portion of the excess of the principal amount of such Debenture over such initial offering price which shall have been accreted thereon through such date, such amount to be so accreted on a daily basis at a rate of 13-1/8% per annum of the initial offering price of such Debenture, compounded semi-annually on each April 15 and October 15 from the date of issuance of the Debentures through the date of determination, computed on the basis of a 360-day year of twelve 30-day months.

"Acquired Debt" means, with respect to any specified Person, (i) Indebtedness of any other Person existing at the time such other Person is merged with or into or became a Subsidiary of such specified Person, and (ii) Indebtedness secured by a Lien encumbering any asset acquired by such specified Person or assumed in connection with the acquisition of any asset used or useful in a Permitted Business acquired by such specified Person; provided that such Indebtedness was not incurred in connection with, or in contemplation of, such other Person merging with or into or becoming a Subsidiary of such specified Person, or such acquisition, as the case may be.

"Affiliate" of any specified Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such specified Person. For purposes of this definition, "control" (including, with correlative meanings, the terms "controlling," "controlled by" and "under common control with"), as used with respect to any Person, shall mean the possession, directly or indirectly, of the power to direct or cause the direction of the management or policies of such Person, whether through the ownership of voting securities, by agreement or otherwise; provided that beneficial ownership of 10% or more of the voting securities of a Person shall be deemed to be control.

"Asset Sale" means (i) the sale, lease (other than an operating lease), conveyance or other disposition of any assets or rights (including, without limitation, by way of a sale and leaseback) other than in the ordinary course of business consistent with past practices (provided that the sale, lease (other than an operating lease), conveyance or other disposition of all or substantially all of the assets of the Issuer and its Restricted Subsidiaries taken as a whole will be governed by the provisions of the Indenture described above under the caption "--Repurchase at the Option of Holders--Change of Control" and/or the provisions described above under the caption "--Certain Covenants--Merger, Consolidation or Sale of Assets" and not by the provisions of the Asset Sale covenant), and (ii) the sale by the Issuer and the issue or sale by any of the Restricted Subsidiaries of the Issuer of Equity Interests of any of the Issuer's Subsidiaries, in the case of either clause (i) or (ii), whether in a single transaction or a series of related transactions that have a fair market value (as determined in good faith by the Board of Directors) in excess of \$1.0 million or for net cash proceeds in excess of \$1.0 million. Notwithstanding the foregoing: (i) a transfer of assets by the Issuer to a Wholly Owned Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary) or by a Wholly Owned Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary) to the Issuer or to a Wholly Owned Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary), (ii) an issuance of Equity Interests by a Restricted Subsidiary of the Issuer to the Issuer or to a Wholly Owned Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary), (iii) a Restricted Payment that is permitted by the covenant described above under the caption "--Restricted Payments," (iv) the sale and leaseback of any assets within 90 days of the acquisition of such assets, (v) foreclosures on assets, (vi) the clearance of inventory and (vii) the sale, conveyance or other disposition of accounts receivables and related assets customarily transferred in an asset securitization transaction involving accounts receivable to a Receivables Subsidiary or by a Receivables Subsidiary, in connection with a Qualified Receivables Transaction, in each case, will not be deemed to be Asset Sales.

"Capital Lease Obligation" means, at the time any determination thereof is to be made, the amount of the liability in respect of a capital lease that would at such time be required to be capitalized on a balance sheet in accordance with GAAP.

"Capital Stock" means (i) in the case of a corporation, corporate stock, (ii) in the case of an association or business entity, any and all shares, interests, participation, rights or other equivalents (however designated) of corporate stock, (iii) in the case of a partnership or limited liability company, partnership or membership interests (whether general or limited) and (iv) any other interest or participation that confers on a Person the right to receive a share of the profits and losses of, or distributions of assets of, the issuing Person.

"Cash Equivalents" means (i) securities issued or unconditionally and fully guaranteed or insured by the full faith and credit of the United States government or any agency or instrumentality thereof having maturities of not more than one year from the date of acquisition, (ii) obligations issued or fully guaranteed by any state of the United States of America or any political subdivision of any such state or any public instrumentality thereof maturing within one year from the date of acquisition thereof and, at the time of acquisition, having one of the two highest ratings obtainable from either Standard & Poor's Ratings Group ("S&P") or Moody's Investors Service, Inc. ("Moody's"), (iii) certificates of deposit and eurodollar time deposits with maturities of one year or less from the date of acquisition, bankers' acceptances with maturities not exceeding one year and overnight bank deposits, in each case with any lender party to the New Credit Facility or with any domestic commercial bank having capital and surplus in excess of \$250.0 million, (iv) repurchase obligations with a term of not more than seven days for underlying securities of the types described in clauses (i) and (iii), above entered into with any financial institution meeting the qualifications specified in clause (iii) above, (v) commercial paper having one of the two of the highest ratings obtainable from either Moody's or S&P and in each case maturing within one year after the date of acquisition and (vi) investments in funds investing exclusively in investments of the types described in clauses (i) through (v) above.

"Change of Control" means the occurrence of any of the following: (i) the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the assets of the Issuer and its Subsidiaries taken as a whole to any "person" (as such term is used in Section 13(d)(3) of the Exchange Act), other than the Principals and their Related Parties (ii) the adoption of a plan relating to the liquidation or dissolution of the Issuer, (iii) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that (A) any "person" (as defined above), other than the Principal and their Related Parties, becomes the "beneficial owner" (as such term is defined in Rule 13d-3 and Rule 13d-5 under the Exchange Act), directly or indirectly, of 40% or more of the Voting Stock of the Issuer (measured by voting power rather than number of shares) and (B) the Principals and their Related Parties beneficially own, directly or indirectly, in the aggregate a lesser percentage of the Voting Stock of the Issuer than such other "person", (iv) the first day on which a majority of the members of the Board of Directors of the Issuer are not Continuing Directors or (v) the Issuer consolidates with, or merges with or into, any Person, or any Person consolidates with, or merges with or into, the Issuer, in any such event pursuant to a transaction in which any of the outstanding Voting Stock of the Issuer is converted into or exchanged for cash, securities or other property, other than any such transaction where (A) the Voting Stock of the Issuer outstanding immediately prior to such transaction is converted into or exchanged for Voting Stock (other than Disqualified Stock) of the surviving or transferee Person and (B) the "beneficial owners" (as defined above) of the Voting Stock of the Issuer immediately prior to such transaction own, directly or indirectly through one or more subsidiaries, not less than a majority of the total Voting Stock of the surviving or transferee corporation immediately after such transaction.

"Consolidated Cash Flow" means, with respect to any Person for any period, the Consolidated Net Income of such Person for such period plus (i) an amount equal to any extraordinary loss plus any net loss realized in connection with an Asset Sale (to the extent such losses were deducted in computing such Consolidated Net Income of such Person and its Restricted Subsidiaries), plus (ii) provision for taxes based on income or profits of such Person and its Restricted Subsidiaries for such period, to the extent that such provision for taxes was included in computing such Consolidated Net Income, plus (iii) consolidated interest expense of such Person and its Restricted

Subsidiaries for such period, whether paid or accrued and whether or not capitalized (including, without limitation, amortization of debt issuance costs and original issue discount, non-cash interest payments, the interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers' acceptance financings, and net payments (if any) pursuant to Hedging Obligations), to the extent that any such expense was deducted in computing such Consolidated Net Income, plus (iv) depreciation and amortization (including amortization of goodwill and other intangibles but excluding amortization of prepaid cash expenses that were paid in a prior period) and other non-cash charges (excluding any such non-cash charge to the extent that it represents an accrual of or reserve for cash charges in any future period or amortization of a prepaid cash charge that was paid in a prior period) of such Person and its Subsidiaries for such period to the extent that such depreciation, amortization and other non-cash expenses were deducted in computing such Consolidated Net Income, plus (v) any interest expense on Indebtedness of another Person that is Guaranteed by such Person or any of its Restricted Subsidiaries or secured by a Lien on assets of such Person or any of its Restricted Subsidiaries, in each case, to the extent that such interest expense is deducted in computing such Consolidated Net Income, minus (vi) non-cash items increasing such Consolidated Net Income for such period, in each case, on a consolidated basis and determined in accordance with GAAP. Notwithstanding the foregoing, the provision for taxes based on the income or profits of, and the depreciation and amortization and other non-cash charges of, a Restricted Subsidiary of a Person shall be added to Consolidated Net Income to compute Consolidated Cash Flow only to the extent (and in the same proportion) that the Net Income of such Restricted Subsidiary was included in calculating the Consolidated Net Income of such Person.

"Consolidated Net Income" means, with respect to any Person for any period, the aggregate of the Net Income of such Person and its Subsidiaries for such period, on a consolidated basis, determined in accordance with GAAP, provided that (i) the Net Income (but not loss) of any Person that is not a Restricted Subsidiary or that is accounted for by the equity method of accounting shall be included only to the extent of the amount of dividends or distributions paid in cash to the referent Person or a Restricted Subsidiary thereof, (ii) the Net Income of any Person acquired in a pooling of interests transaction for any period prior to the date of such acquisition shall be excluded, and (iii) the cumulative effect of a change in accounting principles shall be excluded.

"Continuing Directors" means, as of any date of determination, any member of the Board of Directors of the Issuer or any Holding Company of the Issuer who (i) was a member of such Board of Directors on the date of the Indenture immediately after consummation of the Recapitalization or (ii) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were either members of such Board at the time of such nomination or election or are successor Continuing Directors appointed by such Continuing Directors (or their successors).

"Credit Facilities" means, with respect to the Issuer, one or more debt facilities (including, without limitation, the New Credit Facility) or commercial paper facilities with banks or other institutional lenders providing for revolving credit loans, term loans, receivables financing (including through the sale of receivables to such lenders or to special purpose entities formed to borrow from such lenders against such receivables) or letters of credit, in each case, as amended, restated, modified, renewed, refunded, replaced or refinanced in whole or in part from time to time. Indebtedness under Credit Facilities outstanding on the Issue Date shall be deemed to have been incurred on such date in reliance on the exceptions provided by clauses (i) and (ii) of the definition of Permitted Debt.

"Default" means any event that is or with the passage of time or the giving of notice or both would be an Event of Default.

"Disqualified Stock" means any Capital Stock that, by its terms (or by the terms of any security into which it is convertible or for which it is exchangeable at the option of the holder thereof), or upon the happening of any event, matures or is mandatorily redeemable, pursuant to a sinking fund obligation or otherwise, or redeemable at the option of the holder thereof, in whole or in part, on or prior to the date on which the Debentures mature;

provided, however, that a class of Capital Stock shall not be Disqualified Stock hereunder solely as the result of any maturity or redemption that is conditioned upon, and subject to, compliance with the covenant described above under the caption "--Certain Covenants--Restricted Payments;" and provided further, that Capital Stock issued to any plan for the benefit of employees of the Issuer or its subsidiaries or by any such plan to such employees shall not constitute Disqualified Stock solely because it may be required to be repurchased by the Issuer in order to satisfy applicable statutory or regulatory obligations.

"Equity Interests" means Capital Stock and all warrants, options or other rights to acquire Capital Stock (but excluding any debt security that is convertible into, or exchangeable for, Capital Stock).

"Equity Offering" means an offering of common stock (other than Disqualified Stock) of the Issuer, pursuant to an effective registration statement filed with the Commission in accordance with the Securities Act, other than an offering pursuant to Form S-8 (or any successor thereto).

"Fixed Charges" means, with respect to any Person for any period, the sum, without duplication, of (i) the consolidated interest expense of such Person and its Restricted Subsidiaries for such period, whether paid or accrued (including, without limitation, amortization of debt issuance costs and original issue discount, non-cash interest payments, the interest component of any deferred payment obligations, the interest component of all payments associated with Capital Lease Obligations, commissions, discounts and other fees and charges incurred in respect of letter of credit or bankers' acceptance financings, and net payments (if any) pursuant to Hedging Obligations; provided, however, that in no event shall any amortization of deferred financing costs incurred in connection with the Recapitalization be included in Fixed Charges) and (ii) the consolidated interest expense of such Person and its Restricted Subsidiaries that was capitalized during such period, and (iii) any interest expense on Indebtedness of another Person that is Guaranteed by such Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such Person or one of its Restricted Subsidiaries (whether or not such Guarantee or Lien is called upon) and (iv) the product of (a) (without duplication) (1) all dividends paid or accrued in respect of Disqualified Stock which are not included in the interest expense of such Person for tax purposes for such period and (2) all cash dividend payments on any series of preferred stock of such Person or any of its Restricted Subsidiaries, other than dividend payments on Equity Interests payable solely in Equity Interests (other than Disqualified Stock) of the Issuer, times (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state and local statutory tax rate of such Person, expressed as a decimal, in each case, on a consolidated basis and in accordance with GAAP.

"Fixed Charge Coverage Ratio" means with respect to any Person for any period, the ratio of the Consolidated Cash Flow of such Person and its Restricted Subsidiaries for such period to the Fixed Charges of such Person and its Restricted Subsidiaries for such period. In the event that the Issuer or any of its Restricted Subsidiaries incurs, assumes, Guarantees, repays or redeems any Indebtedness (other than revolving credit borrowings) or issues or redeems preferred stock subsequent to the commencement of the period for which the Fixed Charge Coverage Ratio is being calculated but prior to the date on which the event for which the calculation of the Fixed Charge Coverage Ratio is made (the "Calculation Date"), then the Fixed Charge Coverage Ratio shall be calculated giving pro forma effect to such incurrence, assumption, Guarantee, repayment or redemption of Indebtedness, or such issuance or redemption of preferred stock, as if the same had occurred at the beginning of the applicable four-quarter reference period. In addition, for purposes of making the computation referred to above, (i) acquisitions that have been made by the Issuer or any of its Restricted Subsidiaries, including through mergers or consolidations and including any related financing transactions, during the four-quarter reference period or subsequent to such reference period and on or prior to the Calculation Date shall be deemed to have occurred on the first day of the four-quarter reference period and Consolidated Cash Flow and Fixed Charges for such reference period shall be calculated without giving effect to clause (ii) of the proviso set forth in the definition of Consolidated Net Income and shall reflect any pro forma expense and cost reductions attributable to such acquisitions (to the extent such expense and cost reduction would be permitted by the Commission to be reflected in pro forma financial statements included in a registration statement filed with the Commission), and (ii) the Consolidated Cash Flow and Fixed Charges attributable to discontinued operations, as determined in

with GAAP, and operations or businesses disposed of prior to the Calculation Date, shall be excluded and Consolidated Cash Flow shall reflect any pro forma expense or cost reductions relating to such discontinuance or disposition (to the extent such expense or cost reductions would be permitted by the Commission to be reflected in pro forma financial statements included in a registration statement filed with the Commission), and (iii) the Fixed Charges attributable to discontinued operations, as determined in accordance with GAAP, and operations or businesses disposed of prior to the Calculation Date, shall be excluded, but only to the extent that the obligations giving rise to such Fixed Charges will not be obligations of the referent Person or any of its Subsidiaries following the Calculation Date.

"GAAP" means generally accepted accounting principles set forth in the opinions and pronouncements of the Accounting Principles Board of the American Institute of Certified Public Accountants and statements and pronouncements of the Financial Accounting Standards Board or in such other statements by such other entity as have been approved by a significant segment of the accounting profession, which are in effect on the date of the Indenture provided, however, that all reports and other financial information provided by the Issuer to the holders, the Trustee and/or the Commission shall be prepared in accordance with GAAP, as in effect on the date of such report or other financial information.

"Guarantee" means a guarantee (other than by endorsement of negotiable instruments for collection in the ordinary course of business), direct or indirect, in any manner (including, without limitation, letters of credit and reimbursement agreements in respect thereof), of all or any part of any Indebtedness.

"Hedging Obligations" means, with respect to any Person, the obligations of such Person under (i) interest rate swap agreements, interest rate cap agreements and interest rate collar agreements and (ii) other agreements or arrangements designed to protect such Person against fluctuations in interest rates or the value of foreign currencies.

"Indebtedness" means, with respect to any Person, any indebtedness of such Person, whether or not contingent, in respect of borrowed money or evidenced by bonds, notes, debentures or similar instruments or letters of credit (or reimbursement agreements in respect thereof) or banker's acceptances or representing Capital Lease Obligations or the balance deferred and unpaid of the purchase price of any property or representing any Hedging Obligations, except any such balance that constitutes an accrued expense or trade payable, if and to the extent any of the foregoing indebtedness (other than letters of credit and Hedging Obligations) would appear as a liability upon a balance sheet of such Person prepared in accordance with GAAP, as well as all indebtedness of others secured by a Lien on any asset of such Person (whether or not such indebtedness is assumed by such Person) and, to the extent not otherwise included, the Guarantee by such Person of any indebtedness of any other Person. The amount of any Indebtedness outstanding as of any date shall be (i) the accreted value thereof, in the case of any Indebtedness that does not require current payments of interest, and (ii) the principal amount thereof, together with any interest thereon that is more than 30 days past due, in the case of any other Indebtedness.

"Investments" means, with respect to any Person, all investments by such Person in other Persons (including Affiliates) in the forms of direct or indirect loans (including guarantees of Indebtedness or other obligations), advances or capital contributions (excluding commission, travel and similar advances to officers and employees made in the ordinary course of business), purchases or other acquisitions for consideration of Indebtedness, Equity Interests or other securities, together with all items that are or would be classified as investments on a balance sheet prepared in accordance with GAAP. If the Issuer or any Restricted Subsidiary of the Issuer sells or otherwise disposes of any Equity Interests of any direct or indirect Restricted Subsidiary of the Issuer such that, after giving effect to any such sale or disposition, such Person is no longer a Restricted Subsidiary of the Issuer, the Issuer shall be deemed to have made an Investment on the date of any such sale or disposition equal to the fair market value of the Equity Interests of such Restricted Subsidiary not sold or disposed of in an amount determined as provided in the final paragraph of the covenant described above under the caption "--Certain Covenants--Restricted Payments."

"Issue Date" means the date on which notes are first issued and authenticated under the Indenture.

"Lien" means, with respect to any asset, any mortgage, lien, pledge, charge, security interest or encumbrance of any kind in respect of such asset, whether or not filed, recorded or otherwise perfected under applicable law (including any conditional sale or other title retention agreement, any lease in the nature thereof, and any option or other agreement to sell or give a security interest therein).

"Net Income" means, with respect to any Person, the net income (loss) of such Person, determined in accordance with GAAP and before any reduction in respect of preferred stock dividends, excluding, however, (i) any gain (but not loss), together with any related provision for taxes on such gain (but not loss), realized in connection with (a) any Asset Sale (including, without limitation, dispositions pursuant to sale and leaseback transactions) or (b) the extinguishment of any Indebtedness of such Person or any of its Subsidiaries and (ii) any extraordinary or nonrecurring gain (but not loss), together with any related provision for taxes on such extraordinary or nonrecurring gain (but not loss).

"Net Proceeds" means the aggregate cash proceeds received by the Issuer or any of its Restricted Subsidiaries in respect of any Asset Sale (including, without limitation, any cash received upon the sale or other disposition of any non-cash consideration received in any Asset Sale), net of the direct costs relating to such Asset Sale (including, without limitation, legal, accounting and investment banking fees, and sales commissions) and any relocation expenses incurred as a result thereof, taxes paid or payable as a result thereof (after taking into account any available tax credits or deductions and any tax sharing arrangements), amounts required to be applied to the repayment of Indebtedness (other than Indebtedness under the Credit Facilities) secured by a Lien on the asset or assets that were the subject of such Asset Sale and any reserve for adjustment in respect of the sale price of such asset or assets established in accordance with GAAP.

"New Credit Facility" means that certain credit facility, dated as of October 17, 1997, by and among the J. Crew Corp., Holdings, Chase, DLJ and DLJ Capital Funding, as agents and lenders, providing for up to \$70.0 million of term borrowings and \$200.0 million of revolving credit borrowings, including any related notes, guarantees, collateral documents, instruments and agreements executed in connection therewith, and in each case as amended, extended, modified, renewed, refunded, replaced or refinanced from time to time.

"Non-Recourse Debt" means Indebtedness (i) as to which neither the Issuer nor any of its Restricted Subsidiaries (a) provides credit support of any kind (including any undertaking, agreement or instrument that would constitute Indebtedness), or (b) is directly or indirectly liable (as a guarantor or otherwise), and (ii) as to which the lenders have been notified in writing that they will not have any recourse to the stock or assets of the Issuer or any of its Restricted Subsidiaries, including the stock of such Unrestricted Subsidiary.

"Obligations" means, with respect to any Indebtedness, any principal, interest, penalties, fees, indemnifications, reimbursements, damages and other liabilities payable under the documentation governing any Indebtedness.

"Permitted Business" means the design, manufacture, importing, exporting, distribution, marketing, licensing and wholesale and retail sale of apparel, housewares, home furnishings and related items, and businesses reasonably related thereto.

"Permitted Investments" means (a) any Investment in the Issuer or in a Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary) (b) any Investment in Cash and Cash Equivalents; (c) any Investment by the Issuer or any Restricted Subsidiary in a Person, if as a result of such Investment (i) such Person becomes a Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary) or (ii) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, the Issuer or a Restricted Subsidiary of the Issuer (other than a Receivables Subsidiary); (d) any Restricted Investment made as a result of the receipt of non-cash consideration from an Asset Sale that was made pursuant to and in compliance with the covenant described above under the caption "--Repurchase at the Option of Holders--Asset Sales" or any transaction not constituting an Asset Sale by reason of the \$1.0 million threshold contained in the definition

thereof; (e) any acquisition of assets solely in exchange for the issuance of Equity Interests (other than Disqualified Stock) of the Issuer; (f) Hedging Obligations entered into in the ordinary course of the Issuer's or its Restricted Subsidiaries' Businesses and otherwise in compliance with the Indenture; (g) loans and advances to employees and officers of the Issuer and its Restricted Subsidiaries in the ordinary course of business for bona fide business purposes not in excess of \$5 million at any one time outstanding; (h) additional Investments not to exceed \$25 million at any one time outstanding; (i) Investments in securities of trade creditors or customers received in settlement of obligations or pursuant to any plan of reorganization or similar arrangement upon the bankruptcy or insolvency of such trade creditors or customers; and (j) Investments by the Issuer or a Restricted Subsidiary in a Receivables Subsidiary or any Investment by a Receivables Subsidiary in any other Person, in each case, in connection with a Qualified Receivables Transaction, provided, that any Investment in any such Person is in the form of a Purchase Money Note, any equity interest or interests in accounts receivable and related assets generated by the Issuer or a Restricted Subsidiary and transferred to any Person in connection with a Qualified Receivables Transaction or any such Person owning such accounts receivable.

"Permitted Liens" means (i) Liens existing as of the Issue Date to the extent and in the manner such Liens are in effect on the Issue Date; (ii) Liens on assets of Restricted Subsidiaries securing Indebtedness of Restricted Subsidiaries permitted to be incurred under the Indenture; (iii) Liens securing the Debentures; (iv) Liens securing the Issuer's obligations under the New Credit Facility; (v) Liens of the Issuer or a Wholly Owned Restricted Subsidiary on assets of any Restricted Subsidiary of the Issuer; (vi) Liens securing Permitted Refinancing Indebtedness which is incurred to refinance any Indebtedness which has been secured by a Lien permitted under the Indenture and which has been incurred in accordance with the provisions of the Indenture, provided, however, that such Liens (A) are not materially less favorable to the holders and are not materially more favorable to the lienholders with respect to such Liens than the Liens in respect of the Indebtedness being refinanced and (B) do not extend to or cover any property or assets of the Issuer or any of its Restricted Subsidiaries not securing the Indebtedness so refinanced; (vii) Liens for taxes, assessments or governmental charges or claims either (A) not delinquent or (B) contested in good faith by appropriate proceedings and as to which the Issuer or its Restricted Subsidiaries shall have set aside on its books such reserves as may be required pursuant to GAAP; (viii) statutory Liens of landlords and Liens of carriers, warehousemen, mechanics, supplies, materialmen, repairmen and other Liens imposed by law incurred in the ordinary course of business for sums not yet delinquent for a period of more than 60 days or being contested in good faith, if such reserve or other appropriate provision, if any, as shall be required by GAAP shall have been made in respect thereof; (ix) Liens incurred or deposits made in the ordinary course of business in connection with workers' compensation, unemployment insurance or other types of social security or similar obligations, including any Lien securing letters of credit issued in the ordinary course of business consistent with past practice in connection therewith, or to secure the performance of tenders, statutory obligations, surety and appeal bonds, bids, leases, government contracts, performance and return-of-money bonds and other similar obligations (exclusive of obligations for the payment of borrowed money); (x) judgment Liens not giving rise to an Event of Default so long as such Lien is adequately bonded and any appropriate legal proceedings which may have been duly initiated for the review of such judgement shall not have been finally terminated or the period within which such proceedings may be initiated shall not have expired; (xi) easements, rights-of-way, zoning restrictions and other similar charges or encumbrances in respect of real property not interfering in any material respect with the ordinary conduct of the business of the Issuer or any of its Restricted Subsidiaries; (xii) any interest or title of a lessor under any lease, whether or not characterized as capital or operating; provided that such Liens do not extend to any property or assets which is not leased property subject to such lease; (xiii) Liens securing Capital Lease Obligations and purchase money Indebtedness incurred in accordance with the covenant described under "-- Certain Covenants--Incurrence of Indebtedness and Issuance of Preferred Stock;" provided, however, that (A) the Indebtedness shall not exceed the cost of such property or assets being acquired or constructed and shall not be secured by any property or assets of the Issuer or any Restricted Subsidiary of the Issuer other than the property or assets of the Issuer or any Restricted Subsidiary of the Issuer other than the property and assets being acquired or constructed and (B) the Lien securing such Indebtedness shall be created within 90 days of such acquisition or construction; (xiv) Liens upon specific items of inventory or other goods and proceeds of any Person securing such

Person's obligations in respect of bankers' acceptances issued or created for the account of such Person to facilitate the purchase, shipment or storage of such inventory or other goods;
(xv) Liens securing reimbursement obligations

with respect to letters of credit which encumber documents and other property relating to such letters of credit and products and proceeds thereof; (xvi) Liens encumbering deposits made to secure obligations arising from statutory, regulatory, contractual, or warranty requirements of the Issuer or any of its Restricted Subsidiaries, including rights of offset and set-off; (xvii) Liens securing Hedging Obligations which Hedging Obligations relate to Indebtedness that is otherwise permitted under the Indenture; (xviii) Liens securing Acquired Debt incurred in accordance with the covenant described under "--Certain Covenants--Incurrence of Indebtedness and Issuance of Preferred Stock;" provided that (A) such Liens secured such Acquired Debt at the time of and prior to the incurrence of such Acquired Debt by the Issuer or a Restricted Subsidiary of the Issuer and were not granted in connection with, or in anticipation of, the incurrence of such Acquired Debt by the Issuer or a Restricted Subsidiary of the Issuer and (B) such Liens do not extend to or cover any property or assets of the Issuer or any of its Restricted Subsidiaries other than the property or assets that secured the Acquired Debt prior to the time such Indebtedness became Acquired Debt of the Issuer or a Restricted Subsidiary of the Issuer and are not more favorable to the lienholders than those securing the Acquired Debt prior to the incurrence of such Acquired Debt by the Issuer or a Restricted Subsidiary of the Issuer; (xix) leases or subleases granted to others not interfering in any material respect with the business of the Issuer or its Restricted Subsidiaries; (xx) Liens arising out of consignment or similar arrangements for the sale of goods entered into by the Issuer or any Restricted Subsidiary in the ordinary course of business; and (xxi) Liens on assets of a Receivables Subsidiary arising in connection with a Qualified Receivables Transaction.

"Permitted Refinancing Indebtedness" means any Indebtedness of the Issuer or any of its Subsidiaries issued in exchange for, or the net proceeds of which are used to extend, refinance, prepay, retire, renew, replace, defease or refund Indebtedness of the Issuer or any of its Subsidiaries (other than such Indebtedness described in clauses (i), (vi), (vii), (viii), (ix), (x), (xi), (xii) and (xiv) of the covenant described above under the caption "-- Certain Covenants--Incurrence of Indebtedness and Issuance of Preferred Stock"); provided that: (i) the principal amount (or accreted value, if applicable) of such Permitted Refinancing Indebtedness does not exceed the principal amount of (or accreted value, if applicable), plus accrued interest on, the Indebtedness so extended, refinanced, renewed, prepaid, retired, replaced, defeased or refunded (plus the amount of reasonable expenses incurred in connection therewith including premiums paid, if any, to the holders thereof); (ii) such Permitted Refinancing Indebtedness has a final maturity date at or later than the final maturity date of, and has a Weighted Average Life to Maturity equal to or greater than the Weighted Average Life to Maturity of, the Indebtedness being extended, refinanced, renewed, prepaid, retired, replaced, defeased or refunded; (iii) if the Indebtedness being extended, refinanced, renewed, prepaid, retired, replaced, defeased or refunded is subordinated in right of payment to the Debentures, such Permitted Refinancing Indebtedness has a final maturity date later than the final maturity date of, and is subordinated in right of payment to, the Notes on terms at least as favorable to the holders of Debentures as those contained in the documentation governing the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded; and (iv) such Indebtedness is incurred either by the Issuer or by the Restricted Subsidiary who is the obligor on the Indebtedness being extended, refinanced, renewed, replaced, defeased or refunded.

"Person" means an individual, partnership, corporation, limited liability company, unincorporated organization, trust or joint venture, or a governmental agency or political subdivision thereof.

"Principals" means TPG Partners II, L.P., a Delaware limited partnership.

"Purchase Money Note" means a promissory note evidencing a line of credit, or evidencing other Indebtedness owed to the Issuer or any Restricted Subsidiary in connection with a Qualified Receivables Transaction, which note shall be repaid from cash available to the maker of such note, other than amounts required to be established as reserves pursuant to agreement, amounts paid to investors in respect of interest, principal and other amounts owing to such investors and amounts paid in connection with the purchase of newly generated receivables.

"Qualified Proceeds" means any of the following or any combination of the following: (i) cash, (ii) Cash Equivalents, (iii) long-term assets that are used or useful in a Permitted Business and (iv) the Capital Stock of any Person engaged primarily in a Permitted Business if, in connection with the

Subsidiary of the Issuer of such Capital Stock, (a) such Person becomes a Wholly-Owned Restricted Subsidiary and a Guarantor or (b) such Person is merged, consolidated or amalgamated with or into, or transfers or conveys substantially all of its assets to, or is liquidated into, the Issuer or any Wholly-Owned Restricted Subsidiary of the Issuer that is a Guarantor.

"Qualified Receivables Transaction" means any transaction or series of transactions that may be entered into by the Issuer or any Restricted Subsidiary pursuant to which the Issuer or any Restricted Subsidiary may sell, convey or otherwise transfer to (a) a Receivables Subsidiary (in the case of a transfer by the Issuer or any Restricted Subsidiary) and (b) any other Person (in the case of a transfer by a Receivables Subsidiary), or may grant a security interest in, any accounts receivable (whether now existing or arising in the future) of the Issuer or any Restricted Subsidiary and any asset related thereto including, without limitation, all collateral securing such accounts receivable, all contracts and all guarantees or other obligations in respect of such accounts receivable, proceeds of such accounts receivable and other assets which are customarily transferred, or in respect of which security interests are customarily granted, in connection with asset securitization transactions involving accounts receivable.

"Receivables Subsidiary" means a Wholly Owned Restricted Subsidiary which engages in no activities other than in connection with the financing of accounts receivables and which is designated by the Board of Directors of the Issuer (as provided below) as a Receivables Subsidiary (a) no portion of the Indebtedness or any other Obligations (contingent or otherwise) of which (i) is guaranteed by the Issuer or any other Restricted Subsidiary (excluding guarantees of obligations (other than the principal of, and interest on, Indebtedness) pursuant to Standard Securitization Undertakings), (ii) is recourse to or obligates the Issuer or any other Restricted Subsidiary in any way other than pursuant to Standard Securitization Undertakings or (iii) subjects any property or asset of the Issuer or any other Restricted Subsidiary, directly or indirectly, contingently or otherwise, to the satisfaction thereof, other than pursuant to Standard Securitization Undertakings, (b) with which neither the Issuer nor any other Restricted Subsidiary has any material contract, agreement, arrangement or understanding (except in connection with a Purchase Money Note or Qualified Receivables Transaction) other than on terms no less favorable to the Issuer or such other Restricted Subsidiary than those that might be obtained at the time from persons that are not Affiliates of the Issuer, other than fees payable in the ordinary course of business in connection with servicing accounts receivable, and (c) to which neither the Issuer nor any other Restricted Subsidiary has any obligation to maintain or preserve such entity's financial condition or cause such entity to achieve certain levels of operating results. Any such designation by the Board of Directors of the Issuer shall be evidenced by the Trustee by filing with the Trustee a certified copy of the resolution of the Board of Directors of the Issuer giving effect to such designation and an officers' certificate certifying, to the best of such officer's knowledge and belief after consulting with counsel, that such designation complied with the foregoing conditions.

"Related Party" with respect to any Principal means (A) any controlling stockholder or a majority of (or more) owned Subsidiary of such Principal or, in the case of an individual, any spouse or immediate family member of such Principal, or (B) any trust, corporation, partnership or other entity, the beneficiaries, stockholders, partners, owners or Persons beneficially holding a majority (or more) controlling interest of which consist of such Principal and/or such other Persons referred to in the immediately preceding clause (A).

"Restricted Investment" means an Investment other than a Permitted Investment.

"Restricted Subsidiary" means any Subsidiary of the Issuer other than an Unrestricted Subsidiary.

"Significant Subsidiary" means any Subsidiary that would be a "significant subsidiary" as defined in Article 1, Rule 1-02 of Regulation S-X, promulgated pursuant to the Act, as such Regulation is in effect on the date hereof of the Indenture.

"Standard Securitization Undertakings" means representations, warranties, covenants and indemnities entered into by the Issuer or any Restricted Subsidiary which are reasonably customary in an accounts receivable transaction.

"Stated Maturity" means, with respect to any installment of interest or principal on any series of Indebtedness, the date on which such payment of interest or principal was scheduled to be paid in the original documentation governing such Indebtedness, and shall not include any contingent obligations to repay, redeem or repurchase any such interest or principal prior to the date originally scheduled for the payment thereof.

"Subsidiary" means, with respect to any Person, (i) any corporation, association or other business entity of which more than 50% of the total Voting Stock thereof is at the time owned or controlled, directly or indirectly, by such Person or one or more of the other Subsidiaries of that Person (or a combination thereof) and (ii) any partnership (a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are such Person or of one or more Subsidiaries of such Person (or any combination thereof).

"Unrestricted Subsidiary" means any Subsidiary of the Issuer that is designated by the Board of Directors as an Unrestricted Subsidiary pursuant to a Board Resolution; but only to the extent that such Subsidiary: (a) is not party to any agreement, contract, arrangement or understanding with the Issuer or any Restricted Subsidiary unless the terms of any such agreement, contract, arrangement or understanding are no less favorable to the Issuer or such Restricted Subsidiary than those that might be obtained at the time from Persons who are not Affiliates of the Issuer; (b) is a Person with respect to which neither the Issuer nor any of its Restricted Subsidiaries has any direct or indirect obligation (x) to subscribe for additional Equity Interests or (y) to maintain or preserve such Person's financial condition or to cause such Person to achieve any specified levels of operating results; and (c) has not guaranteed or otherwise directly or indirectly provided credit support for any Indebtedness of the Issuer or any of its Restricted Subsidiaries. Any such designation by the Board of Directors shall be evidenced to the Trustee by filing with a Trustee a certified copy of the Board Resolution giving effect to such designation and an officers' certificate certifying that such designation complied with the foregoing conditions and was permitted by the covenant described above under the caption "--Certain Covenants--Restricted Payments." If, at any time, any Unrestricted Subsidiary would fail to meet the foregoing requirements as an Unrestricted Subsidiary, it shall thereafter cease to be an Unrestricted Subsidiary for purposes of the Indenture and any Indebtedness of such Subsidiary shall be deemed to be incurred by a Restricted Subsidiary of the Issuer as of such date. The Board of Directors of the Issuer may at any time designate any Unrestricted Subsidiary to be a Restricted Subsidiary; provided that such designation shall be deemed to be an incurrence of Indebtedness and issuance of preferred stock by a Restricted Subsidiary of the Issuer of any outstanding Indebtedness or outstanding issue of preferred stock of such Unrestricted Subsidiary and such designation shall only be permitted if (i) such Indebtedness and preferred stock is permitted under the covenant described under the caption "--Certain Covenants--Incurrence of Indebtedness and Issuance of Preferred Stock," and (ii) no Default or Event of Default would exist following such designation.

"Voting Stock" of any Person as of any date means the Capital Stock of such Person that is at the time entitled to vote in the election of the Board of Directors of such Person.

"Weighted Average Life to Maturity" means, when applied to any Indebtedness at any date, the number of years obtained by dividing (i) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payments of principal, including payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment, by (ii) the then outstanding principal amount of such Indebtedness.

"Wholly Owned Subsidiary" of any Person means a Restricted Subsidiary of such Person all of the outstanding Capital Stock or other ownership interests of which (other than directors' qualifying shares) shall at the time be owned by such Person or by one or more Wholly Owned Restricted Subsidiaries of such Person or by such Person and one or more Wholly Owned Subsidiaries of such Person.

CERTAIN U.S. FEDERAL TAX CONSIDERATIONS

Exchange of Old Debentures for New Debentures

The following summary describes the principal U.S. federal income tax consequences of the exchange of the Old Debentures for New Debentures (the "Exchange") that may be relevant to a beneficial owner of Debentures that will hold the New Debentures as capital assets and that is a citizen or resident of the United States, or that is a corporation, partnership or other entity created or organized in or under the laws of the United States or any political subdivision thereof, an estate the income of which is subject to U.S. federal income taxation regardless of its source or a trust if (i) a U.S. court is able to exercise primary supervision over the trust's administration and (ii) one or more U.S. fiduciaries have the authority to control all of the trust's substantial decisions.

The Exchange pursuant to the Exchange Offer will not be a taxable event for U.S. federal income tax purposes. As a result, a holder of an Old Debenture whose Old Debenture is accepted in an Exchange Offer will not recognize gain on the Exchange. A tendering holder's tax basis in the New Debentures will be the same as such holder's tax basis in its Old Debentures. A tendering holder's holding period for the New Debentures received pursuant to the Exchange Offer will include its holding period for the Old Debentures surrendered therefor.

ALL HOLDERS OF OLD DEBENTURES ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE U.S. FEDERAL, STATE AND LOCAL TAX CONSEQUENCES OF THE EXCHANGE OF OLD DEBENTURES FOR NEW DEBENTURES AND OF THE OWNERSHIP AND DISPOSITION OF NEW DEBENTURES RECEIVED IN THE EXCHANGE OFFER IN VIEW OF THEIR OWN PARTICULAR CIRCUMSTANCES.

Tax Considerations for Non-United States Holders

The following is a general discussion of certain United States federal income and estate tax consequences of the acquisition, ownership and disposition of Debentures by an initial beneficial owner of Debentures that, for United States federal income tax purposes, is not a "United States person" (a "Non-United States Holder"), but does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase the Debentures. This discussion is based upon the United States federal tax law now in effect, which is subject to change, possibly retroactively, which could affect the continued validity of this summary. For purposes of this discussion, a "United States person" means a holder of a Debenture who is a citizen or resident of the United States, a corporation, partnership or other entity created or organized in the United States or under the laws of the United States or of any political subdivision thereof, an estate whose income is includable in gross income for United States federal income tax purposes regardless of its source or a trust, if a U.S. court is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust. The tax treatment of the holders of the Debentures may vary depending upon their particular situations. U.S. persons acquiring the Debentures are subject to different rules than those discussed below. In addition, certain other holders (including insurance companies, tax exempt organizations, financial institutions, subsequent purchasers of Debentures and broker-dealers) may be subject to special rules not discussed below. In addition, this summary does not describe any tax consequences arising under the laws of any state, locality or taxing jurisdiction other than the United States federal government. In general, the summary assumes that a Non-U.S. Holder acquires a Debenture at original issuance and holds such Debenture as a capital asset and not as part of a "hedge," "straddle," "conversion transaction," "synthetic security" or other integrated investment. Prospective investors are urged to consult their tax advisors regarding the United States federal tax consequences of acquiring, holding and disposing of Debentures, as well as any tax consequences that may arise under the laws of any foreign, state, local or other taxing jurisdiction.

Interest

Interest paid by the Issuer to a Non-United States Holder will not be subject to United States federal income or withholding tax if such interest is not effectively connected with the conduct of a trade or business within the United States by such Non-United States Holder and Non-United States Holder (i) does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Issuer; (ii) is not a controlled foreign corporation with respect to which the Issuer is a "related person" within the meaning of the United States Internal Revenue Code of 1986 (the "Code") and (iii) certifies, under penalties of perjury, that such holder is not a United States person and provides such holder's name and address.

Gain on Disposition

A Non-United States Holder will generally not be subject to United States federal income tax on gain recognized on a sale, redemption or other disposition of a Debenture unless (i) the gain is effectively connected with the conduct of a trade or business within the United States by the Non-United States Holder or (ii) in the case of a Non-United States Holder who is a nonresident alien individual and holds the Debenture as a capital asset, such holder is present in the United States for 183 or more days in the taxable year and certain other requirements are met.

Federal Estate Taxes

If interest on the Debentures is exempt from withholding of United States federal income tax under the rules described above, the Debentures will not be included in the estate of a deceased Non-United States Holder for United States federal estate tax purposes.

Information Reporting and Backup Withholding

The Issuer will, where required, report to the holders of Debentures and the Internal Revenue Service the amount of any interest paid on the Debentures in each calendar year and the amounts of tax withheld, if any, with respect to such payments.

In the case of payments of interest to Non-United States Holders, temporary Treasury regulations provide that the 31% backup withholding tax and certain information reporting will not apply to such payments with respect to which either the requisite certification, as described above, has been received or an exemption has otherwise been established; provided that neither the Issuer nor its payment agent has actual knowledge that the holder is a United States person or that the conditions of any other exemption are not in fact satisfied. Under temporary Treasury regulations, these information reporting and backup withholding requirements will apply, however, to the gross proceeds paid to a Non-United States Holder on the disposition of the Debentures by or through a United States office of a United States or foreign broker, unless the holder certifies to the broker under penalties of perjury as to its name, address and status as a foreign person or the holder otherwise establishes an exemption. Information reporting requirements, but not backup withholding, will also apply to a payment of the proceeds of a disposition of the Debentures by or through a foreign office of a United States broker or foreign brokers with certain types of relationships to the United States unless such broker has documentary evidence in its file that the holder of the Debentures is not a United States person, and such broker has no actual knowledge to the contrary, or the holder establishes an exception. Neither information reporting nor backup withholding generally will apply to payment of the proceeds of a disposition of the Debentures by or through a foreign office of a foreign broker not subject to the preceding sentence.

On October 14, 1997, the Treasury Department published final regulations regarding the withholding and information reporting rules discussed above. In general, the final regulations do not alter the substantive withholding and information reporting requirements but unify current certification procedures and forms and clarify reliance standards. The final regulations will generally be effective for payments made after December 31, 1998 subject to certain transition rules.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules may be refunded or credited against the Non-United States Holder's United States federal income tax liability, provided that the required information is furnished to the Internal Revenue Service.

PLAN OF DISTRIBUTION

Each broker-dealer that receives New Debentures for its own account pursuant to the Exchange Offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of such New Debentures. This Prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of New Debentures received in exchange for Old Debentures where such Old Debentures were acquired as a result of market-making activities or other trading activities. The Issuer and the Guarantors have agreed that they will make this Prospectus available to any Participating Broker- Dealer for a period of time not to exceed one year after the date on which the Exchange Offer is consummated for use in connection with any such resale. In addition, until such date, all broker-dealers effecting transactions in the New Debentures may be required to deliver a prospectus.

Neither the Issuer nor the Guarantors will receive any proceeds from any sale of New Debentures by broker-dealers. New Debentures received by broker-dealers for their own account pursuant to the Exchange Offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the New Debentures or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer and/or the purchasers of any such New Debentures. Any broker-dealer that resells New Debentures that were received by it for its own account pursuant to the Exchange Offer and any broker or dealer that participates in a distribution of such New Debentures may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit on any such resale of New Debentures and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

Starting on the Expiration Date, the Issuer and the Guarantors will promptly send additional copies of this Prospectus and any amendment or supplement to this Prospectus to any broker-dealer that requests such documents in the Letter of Transmittal. The Issuer has agreed to pay all expenses incident to the Exchange Offer (including the expenses of one counsel for the holders of the Old Debentures) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the Old Debentures (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

LEGAL MATTERS

The validity of the New Debentures have been passed upon for the Issuer by Cleary, Gottlieb, Steen & Hamilton, New York, New York. Certain legal matters relating to the New Debentures have been passed upon for the Initial Purchasers by Latham & Watkins, New York, New York.

EXPERTS

The consolidated financial statements of J. Crew Group, Inc. and subsidiaries, as of January 31, 1997 and February 2, 1996, and for the fiscal years ended February 3, 1995, February 2, 1996 and January 31, 1997, appearing in this Prospectus and the related financial statement schedules included elsewhere in the Registration Statement have been audited by Deloitte & Touche LLP, independent auditors as stated in their reports appearing herein and elsewhere in the Registration Statement, and have been so included in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

CHANGE IN ACCOUNTANTS

At a meeting held on October 9, 1997, the Board of Directors of the Company approved the engagement of KPMG Peat Marwick LLP as its independent auditors for the fiscal year ending January 1998 to replace the firm of Deloitte & Touche LLP, effective October 9, 1997.

The reports of Deloitte & Touche LLP on the financial of J. Crew Group, Inc. statements for the past two fiscal years did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

In connection with the audits of the financial statements of J. Crew Group, Inc. for each of the two fiscal years ended January 31, 1997 and in the subsequent interim period, there were no disagreements with Deloitte & Touche LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope and procedures which, if not resolved to the satisfaction of Deloitte & Touche LLP would have caused Deloitte & Touche LLP to make reference to the matter in their report.

The Issuer has requested Deloitte & Touche LLP to furnish it a letter addressed to the Commission stating whether it agrees with the above statements. A copy of that letter, dated February 6, 1998 is filed as Exhibit 16.1 to this Registration Statement.

Notes to Unaudited Condensed Consolidated Financial Statements	F-17

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Stockholders of
J. Crew Group, Inc.

We have audited the accompanying consolidated balance sheets of J. Crew Group, Inc. and subsidiaries as of February 2, 1996 and January 31, 1997, and the related consolidated statements of operations, stockholders' equity and cash flows for each of the three fiscal years in the period ended January 31, 1997. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such consolidated financial statements present fairly, in all material respects, the financial position of J. Crew Group, Inc. and subsidiaries as of February 2, 1996 and January 31, 1997, and the results of their operations and their cash flows for each of the three fiscal years in the period ended January 31, 1997 in conformity with generally accepted accounting principles.

As discussed in Note 12 to the consolidated financial statements, in 1995, the Company changed its method of accounting for catalog costs to conform with the provisions of Statement of Position 93-7, "Reporting on Advertising Costs," and changed its method of accounting for merchandise inventories.

J. CREW GROUP, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FISCAL YEARS ENDED FEBRUARY 3, 1995, FEBRUARY 2, 1996 AND JANUARY 31, 1997

1. NATURE OF BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Principles of Consolidation--The accompanying consolidated financial statements include the accounts of J. Crew Group, Inc. and its wholly-owned subsidiaries (the "Company"). All significant intercompany balances and transactions have been eliminated in consolidation.

b. Business--The Company, which operates in one business segment, designs, contracts for the manufacture of, markets and distributes men's, women's and children's apparel, accessories and home furnishings. The Company's products are marketed through catalogs and retail stores primarily in the United States. The Company is also party to a licensing agreement which grant the licensees exclusive rights to use the Company's trademarks in connection with the manufacture and sale of products in Japan. The license agreement provides for payments based on specified percentages of net sales.

The Company is subject to seasonal fluctuations in its merchandise sales and results of operations. The Company expects its sales and operating results generally to be lower in the first, and second quarters than in the third and fourth quarters (which include the back-to-school and holiday season) of each fiscal year.

A significant amount of the Company's products are produced in the Far East through arrangements with independent contractors. As a result, the Company's operations could be adversely affected by political instability resulting in the disruption of trade from the countries in which these contractors are located or by the imposition of additional duties or regulations relating to imports or by the contractor's inability to meet the Company's production requirements.

c. Fiscal Year--The Company's fiscal year ends on the Friday closest to January 31. The fiscal years 1994, 1995 and 1996 ended on February 3, 1995 (53 weeks), February 2, 1996 (52 weeks) and January 31, 1997 (52 weeks).

d. Cash Equivalents--For purposes of the consolidated statements of cash flows, the Company considers all highly liquid debt instruments, with maturities of 90 days or less when purchased, to be cash equivalents. Cash equivalents, which were \$9,700,000 and \$1,968,000 at February 2, 1996 and January 31, 1997, are stated at cost, which approximates market value.

e. Accounts Receivable--Accounts receivable consists of installment receivables resulting from the sale of merchandise of Popular Club Plan, Inc. Concentrations of credit risk with respect to trade accounts receivable are limited due to the large number of customers comprising the accounts receivable base. Finance charge income, which is included in other revenues, for the fiscal years 1994, 1995 and 1996 was \$9,700,000, \$9,354,000 and \$9,095,000.

f. Merchandise Inventories--Merchandise inventories are stated at the lower of cost (determined on a first-in, first-out basis) or market. The Company capitalizes certain design, purchasing and warehousing costs into inventory. (See Note 12.)

g. Catalog Costs--Catalog costs, which primarily consist of catalog production and mailing costs, are capitalized and amortized over the expected future revenue stream, which is principally from three to five months from the date catalogs are mailed. The Company accounts for catalog costs in accordance with the AICPA Statement of Position ("SOP") 93-7, "Reporting on Advertising Costs." SOP 93-7 requires that the amortization of capitalized advertising costs should be the amount computed using the ratio that current period revenues for the

catalog cost pool bear to the total of current and estimated future period revenues for that catalog cost pool. Deferred catalog costs, included in prepaid expenses and other current assets, as of February 2, 1996 and January 31, 1997 were \$40,743,000 and \$41,191,000. Catalog costs, which are reflected in selling and administrative expenses, for the fiscal years 1994, 1995 and 1996 were \$112,979,000, \$132,566,000, and \$135,633,000. (See Note 12).

h. Property and Equipment--Property and equipment are stated at cost. Buildings and improvements are depreciated by the straight-line method over the estimated useful lives of the respective assets of twenty years. Furniture, fixtures and equipment are depreciated by the straight-line method over the estimated useful lives of the respective assets, ranging from three to ten years. Leasehold improvements are amortized over the shorter of their useful lives or related lease terms.

The Company receives construction allowances upon entering into certain store leases. These construction allowances are recorded as deferred credits and are amortized over the term of the related lease.

i. Other Assets--Other assets consist primarily of debt issuance costs which are amortized over the term of the related debt agreements.

j. Income Taxes--The provision for income taxes includes taxes currently payable and deferred taxes resulting from the tax effects of temporary differences between the financial statement and tax bases of assets and liabilities, in accordance with Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes."

k. Revenue Recognition--Revenue is recognized when merchandise is shipped to customers. The Company accrues a sales return allowance in accordance with its return policy for estimated returns of merchandise subsequent to the balance sheet date that relate to sales prior to the balance sheet date.

l. Store Preopening Costs--Costs associated with the opening of new retail and outlet stores are expensed as incurred.

m. Financial Instruments--The following disclosure about the fair value of financial instruments is made in accordance with the requirements of SFAS No. 107, "Disclosures About Fair Value of Financial Instruments." The fair value of the Company's long-term debt, including current portion, is estimated to be approximately \$93,500,000 and \$89,100,000 at February 2, 1996 and January 31, 1997, and is based on management's estimate of the present value of future cash flows discounted at the current market rate for financial instruments with similar characteristics and maturity. The carrying amounts of long-term debt are \$87,329,000 and \$87,092,000 at February 2, 1996 and January 31, 1997. The carrying amounts reported in the consolidated balance sheets for cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short-term maturity of those financial instruments. The estimates presented herein are not necessarily indicative of amounts the Company could realize in a current market exchange.

The Company from time to time enters into forward foreign exchange contracts as hedges relating to identifiable currency positions to reduce the risk from exchange rate fluctuations. Gains and losses on these contracts are deferred and recognized as adjustments to the bases of those assets. Such gains and losses were not material.

At February 2, 1996, the Company had a forward foreign exchange contract outstanding with J. P. Morgan to deliver 230 million yen on March 29, 1996. At January 31, 1997, the Company had a forward foreign exchange contract outstanding with J. P. Morgan to deliver 235 million yen on March 31, 1997. These contracts are hedges relating to foreign licensing revenues. The fair value of these contracts approximated carrying value due to their short-term maturities.

The Company is exposed to credit losses in the event of nonperformance by the counterparties to the forward foreign exchange contract, but it does not expect any counterparties to fail to meet their obligation given their high-credit rating.

n. Use of Estimates in the Preparation of Financial Statements--The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

o. Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed of--In March 1995, the Financial Accounting Standards Board (the "FASB") issued SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed of." SFAS No. 121 requires that long-lived assets and certain identifiable intangibles to be held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable, and is effective for fiscal years beginning after December 15, 1995. The adoption of SFAS No. 121 did not have an effect on the Company's financial position or results of operations.

p. Reclassifications--Certain items in prior years in specific captions of the consolidated financial statements and notes to financial statements have been reclassified for comparative purposes.

2. OTHER CURRENT LIABILITIES

Other current liabilities consist of:

	February 2, 1996	January 31, 1997
Customer liabilities.....	\$18,827,000	\$22,968,000
Accrued catalog and marketing costs.....	9,191,000	10,734,000
Taxes, other than income taxes.....	7,235,000	9,093,000
Other.....	23,990,000	20,143,000
	-----	-----
Total.....	\$59,243,000	\$62,938,000
	=====	=====

3. LONG-TERM DEBT

	February 2, 1996	January 31, 1997
Senior Notes(a).....	\$85,000,000	\$85,000,000
Industrial Development Revenue Bond, bearing interest at 73.33% of prime rate (8.25% at January 31, 1997); due in monthly principal payments of \$19,737 from January 1, 1987 through December 1, 2005(b).....	2,329,000	2,092,000
	-----	-----
.....	87,329,000	87,092,000
	-----	-----
Less payments due within one year.....	(237,000)	(237,000)
	-----	-----
Total.....	\$87,092,000	\$86,855,000
	=====	=====

(a) In June 1995, the Company issued privately to institutional investors \$85,000,000 of 8.1% Senior Notes (the "Senior Notes") due December 15, 2004. Interest on the Senior Notes is payable semiannually on June 15 and December 15. The Senior Notes are payable in annual installments of \$4,000,000 in December 1998 and \$13,500,000 from December 1999 through December 2004. The proceeds of this private placement were used to prepay \$58,000,000 principal amount of senior notes then outstanding and for general corporate purposes.

The provisions of the note agreement and the credit agreement (see Note 4) include (i) requirements that the Company maintain minimum levels of tangible net worth, fixed charges coverage, current ratio and funded debt as a percentage of tangible net worth; and (ii) limitations on liens, sale and leaseback transactions, funded debt, payment of dividends and repurchases of capital stock, acquisitions, investments and sales of assets, among others.

- (b) Property with a net carrying value of approximately \$3,400,000 is encumbered as collateral under the Industrial Development Revenue Bond as of January 31, 1997 and February 2, 1996.

The maturities of long-term debt required during the next five fiscal years are:

Fiscal Year	Amount
1997.....	\$ 237,000
1998.....	4,237,000
1999.....	13,737,000
2000.....	13,737,000
2001.....	13,737,000

4. LINES OF CREDIT

In March 1995, the Company entered into a \$125 million syndicated revolving credit agreement (the "Credit Agreement") with a group of seven banks with J. P. Morgan as agent. The Credit Agreement provides for commitments for direct borrowings of up to \$75 million and letters of credit of up to \$125 million. Borrowings under the Credit Agreement are unsecured and bear interest, at the Company's option, at the base rate (defined as the higher of the bank's prime rate or the Federal funds rate plus .5%) or the London Interbank Offering Rate plus .5%. The Credit Agreement expires on March 31, 1998.

During fiscal 1994, 1995 and 1996, maximum borrowings under revolving credit agreements were \$25,900,000, \$49,000,000 and \$55,000,000, and average borrowings were \$6,600,000, \$25,500,000 and \$31,200,000. There were no borrowings outstanding under the Credit Agreement at February 2, 1996 or January 31, 1997.

Outstanding letters of credit issued to facilitate international merchandise purchases at February 2, 1996 and January 31, 1997 amounted to \$25,850,000 and \$37,800,000.

5. STOCKHOLDERS' EQUITY

The Company has authorized 1,000,000 shares of common stock, \$1 par value; 20,000 shares of 6% noncumulative preferred stock, \$100 par value; and 10,000 shares of 8% cumulative preferred stock, \$100 par value. The common and preferred stock have the right to vote, with each share entitled to one vote.

The holders of the 8% cumulative preferred stock shall be entitled to receive cash dividends when, as and if declared by the Board of Directors, at the rate of 8% per annum on its par value in priority to the payment of any dividends for other classes of stock during any year. Such dividends shall be cumulative from the date of issue, so that if applicable dividends for any past dividend period shall not have been paid thereon or declared and a sum sufficient for payment not set apart, the deficiency shall be fully paid or set apart, without interest, before any dividend shall be paid or set apart for any other class of stock.

The Company has agreements with its stockholders requiring the stockholders to offer preferred or common shares to the Company at prices computed in accordance with the agreements before disposing of these shares to others. The Company may, at its option, redeem shares of preferred stock at a price equal to the par value of the preferred stock.

At January 31, 1997, the Company had 34,925 shares of common stock, 6,455 shares of 6% noncumulative preferred stock and 2,495 shares of 8% cumulative preferred stock held in treasury.

6. COMMITMENTS AND CONTINGENCIES

a. Operating Leases--As of January 31, 1997, the Company was obligated under various long-term operating leases for retail and outlet stores, warehouses and office space and equipment requiring minimum annual rentals. These operating leases expire on varying dates to 2012. At January 31, 1997 aggregate minimum rentals in future periods are as follows:

Fiscal Year	Amount
-----	-----
1997.....	\$27,949,000
1998.....	28,766,000
1999.....	26,591,000
2000.....	24,000,000
2001.....	22,003,000
Thereafter.....	116,438,000

Certain of these leases include renewal options and provide for contingent rentals based upon sales and require the lessee to pay taxes, insurance and other occupancy costs.

Rent expense for fiscal 1994, 1995 and 1996 was \$25,902,000, \$27,366,000 and \$29,852,000, including percentage rent of \$2,470,000, \$2,197,000 and \$2,850,000.

b. Employment Agreements--The Company is party to employment agreements with certain executives which provide for compensation and certain other benefits. The agreements also provide for severance payments under certain circumstances.

In connection with an employment agreement, the Company was obligated to pay to an employee a bonus based upon a predetermined formula, payable in shares of common stock at fair value and cash. In connection with the agreement, the Company issued 5,033 and 2,898 treasury shares during fiscal 1994 and 1995.

c. Litigation--The Company is involved in various legal proceedings, both as plaintiff and as defendant, which are routine litigations incidental to the conduct of its business. The Company believes that the ultimate resolution of these matters will not have a material effect on its financial position or results of operations.

7. EMPLOYEE BENEFIT PLAN

The Company has a thrift/savings plan pursuant to Section 401 of the Internal Revenue Code whereby all eligible employees may contribute up to 15% of their annual base salaries subject to certain limitations. The Company's contribution is based on a percentage formula set forth in the plan agreement. Company contributions to the thrift/savings plan for fiscal 1994, 1995 and 1996 were \$1,325,000, \$1,478,000 and \$1,680,000.

8. LICENSE AGREEMENTS

The Company has a licensing agreement through January 1998 with Itochu, a Japanese trading company. The agreement permits Itochu to distribute J. Crew merchandise in Japan. The Company earns royalty payments under the agreement based on the sales of its merchandise. Royalty income, which is included in other revenues, for fiscal 1994, 1995 and 1996 was \$3,269,000, \$3,975,000 and \$3,817,000.

9. INTEREST EXPENSE--NET

Interest expense, net consists of the following:

	Fiscal 1994	Fiscal 1995	Fiscal 1996
Interest expense.....	\$7,145,000	\$9,548,000	\$10,613,000
Interest income.....	(180,000)	(198,000)	(143,000)
Interest expense--net...	<u>\$6,965,000</u>	<u>\$9,350,000</u>	<u>\$10,470,000</u>

10. INCOME TAXES

The Company accounts for income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". This statement requires the use of the liability method of accounting for income taxes. Under the liability method, deferred taxes are determined based on the difference between the financial reporting and tax bases of assets and liabilities using enacted tax rates in effect in the years in which the differences are expected to reverse. Deferred tax expense represents the change in the deferred tax asset/liability balance.

The provision for income taxes consists of:

	Fiscal 1994	Fiscal 1995	Fiscal 1996
Current:			
Federal	\$9,100,000	\$(5,131,000)	\$9,384,000
State and local	2,187,000	500,000	600,000
	<u>11,287,000</u>	<u>(4,631,000)</u>	<u>9,984,000</u>
Deferred	(987,000)	8,331,000	(1,184,000)
Income taxes before tax effect of extraordinary item and cumulative effect of accounting changes	10,300,000	3,700,000	8,800,000
Extraordinary item--current	--	(1,200,000)	--
Cumulative effect of accounting changes--deferred .	--	1,800,000	--
Total provision for income taxes	<u>\$10,300,000</u>	<u>\$4,300,000</u>	<u>\$8,800,000</u>

The difference between the provision for income taxes based on the U.S. Federal statutory rate and the Company's effective rate is due primarily to state income taxes.

	Fiscal 1994	Fiscal 1995	Fiscal 1996
Federal income tax rate	35.0%	35.0%	35.0%
State and local income taxes, net of Federal benefit	5.8	5.1	6.2
Effective tax rate	<u>40.8%</u>	<u>40.1%</u>	<u>41.2%</u>

The tax effect of temporary differences which give rise to deferred tax assets and liabilities are:

	February 2 1996	January 31, 1997
Deferred tax assets:		
Allowance for doubtful accounts...	\$1,979,000	\$1,769,000
State net operating loss carryforwards	1,100,000	1,300,000
Other	1,177,000	3,155,000
	<u>4,256,000</u>	<u>6,224,000</u>
Deferred tax liabilities:		
Prepaid catalog costs and other prepaid costs	(17,995,000)	(18,779,000)
Net deferred income taxes	<u>\$(13,739,000)</u>	<u>\$(12,555,000)</u>

11. EXTRAORDINARY ITEM

In June 1995, the Company prepaid \$58 million principal amount of senior notes and recorded an extraordinary loss of \$1,679,000 (net of an income tax benefit of \$1,200,000), consisting of the write-off of deferred financing costs and redemption premiums related to the early retirement of debt.

12. ACCOUNTING CHANGES

Effective February 4, 1995, the Company changed its method of accounting for catalog costs to conform with the provisions of the SOP 93-7. SOP 93-7 requires that the amortization of capitalized advertising costs should be the amount computed using the ratio that current period revenues for the catalog cost pool bear to the total of current and estimated future period revenues for that catalog cost pool. Prior to fiscal 1995, such costs were amortized on a straight-line basis over the estimated productive life of the catalog. The cumulative effect of applying this change in accounting on prior periods was a decrease in net income of \$1,600,000 (net of an income tax benefit of \$1,000,000).

Effective February 4, 1995, the Company modified its inventory accounting practices to include the capitalization of certain design, purchasing and warehousing costs. Prior to this change, these costs were charged to expense in the period incurred rather than in the period in which the inventories were sold. The Company believes this change is preferable because it provides a better matching of revenues and costs and improves the comparability of operating results and financial position with those of other companies. The cumulative effect of applying this change in accounting on prior periods was an increase in net income of \$4,210,000 (net of income taxes of \$2,800,000).

The effect of these changes on fiscal 1995's results, excluding the cumulative effect, was to increase net income by \$1,000,000. The pro forma effect of these changes on net income in fiscal 1994 would not have been material.

J. CREW GROUP, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

FORTY WEEK PERIODS ENDED NOVEMBER 8, 1996 AND NOVEMBER 7, 1997

1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements include the accounts of J. Crew Group, Inc. ("Holdings") and its wholly-owned subsidiaries (the "Company"). All significant intercompany balances and transactions have been eliminated in consolidation.

Prior to the Recapitalization, Holdings owned all of the stock, directly or indirectly, of its various operating subsidiaries. In connection with the Recapitalization, Holdings formed J. Crew Operating Corp. and immediately prior to the consummation of the Recapitalization, Holdings transferred substantially all of its assets and liabilities to J. Crew Operating Corp.

The consolidated balance sheet as of November 7, 1997 and the consolidated statements of operations and cash flows for the forty week periods ended November 8, 1996 and November 7, 1997 have been prepared by the Company and have not been audited. In the opinion of management, all adjustments, consisting of only normal recurring adjustments, necessary for a fair presentation of the financial position of the Company, the results of its operations and cash flows have been made.

Certain information and footnote disclosure normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. These financial statements should be read in conjunction with the financial statements and notes thereto included in the Consolidated Financial Statements of Holdings for the fiscal year ended January 31, 1997.

The results of operations for the forty week period ended November 7, 1997 are not necessarily indicative of the operating results for the full fiscal year.

2. RECAPITALIZATION TRANSACTION

Holdings, its shareholders (the "Shareholders") and TPG Partners II, L.P. ("TPG") are parties to a Recapitalization Agreement dated July 22, 1997 as amended as of October 17, 1997 (the "Recapitalization Agreement") which provided for the recapitalization of Holdings (the "Recapitalization"). Pursuant to the terms of the Recapitalization Agreement, Holdings purchased from the Shareholders for an aggregate purchase price of approximately \$316,688,000 all of the outstanding shares of Holdings' capital stock, other than a certain number of shares of Holdings' common stock held by existing shareholders which represented 14.8% of the outstanding shares of Holdings' common stock immediately following consummation of the Recapitalization. The purchase of such outstanding shares of capital stock was financed by, among other things, (a) issuing to TPG, its affiliates and other investors shares of common stock of Holdings for approximately \$63,891,000 and shares of preferred stock of Holdings for \$125,000,000 and (b) consummating the transactions described below in Notes 4 and 5.

The Recapitalization Agreement was accounted for as a recapitalization transaction for accounting purposes.

The following costs incurred in connection with the Recapitalization have been expensed in the forty week period ended November 7, 1997:

Management bonuses	\$ 12,084,000
TPG financial advisory fee	5,550,000
Legal and accounting fees	1,028,000
Consulting Fee	1,000,000
Other	189,000
Total	\$ 19,851,000
	=====

3. LINES OF CREDIT

On October 17, 1997, in connection with the Recapitalization (as defined below), the Company entered into a syndicated revolving credit agreement of up to \$200.0 million (the "Revolving Credit Agreement") with a group of banks with The Chase Manhattan Bank, as administrative and collateral agent (the "Administrative Agent"), and Donaldson, Lufkin & Jenrette Securities Corporation, as syndication agent. The Bank Facilities may be utilized to fund the working capital requirements of the Company's subsidiaries, including issuance of stand-by and trade letters of credit and bankers' acceptances. Borrowings under the Bank Facilities are secured by a perfected first priority security interest in all assets (except for the accounts receivable of Popular Club Plan, Inc.) of the Company's direct and indirect domestic, and to the extent no adverse tax consequences would result, foreign subsidiaries and bear interest, at the Company's option at a base rate equal to the Administrative Agent's Eurodollar rate plus an applicable margin or an alternate base rate equal to the highest of the Administrative Agent's prime rate, a certificate of deposit rate plus 1% or the Federal Funds effective rate plus one-half of 1% plus, in each case, an applicable margin. The Revolving Credit Agreement matures on October 17, 2003. The Revolving Credit Agreement replaced the Company's previous revolving credit agreement which provided for commitments in an aggregate amount of up to \$200.0 million, of which up to \$120.0 million was available for direct borrowings.

During the forty week periods ended November 8, 1996 and November 7, 1997, maximum borrowings under the revolving credit agreements were \$55,000,000 and \$104,000,000, and average borrowings were \$34,500,000 and \$66,700,000. Borrowings outstanding under the Revolving Credit Agreement were \$47,000,000 at November 7, 1997.

Outstanding letters of credit issued to facilitate international merchandise purchases at November 7, 1997 amounted to \$37,400,000 million.

4. LONG TERM DEBT

The \$70.0 million term loan is subject to the same interest rates and security terms as the Revolving Credit Agreement. The term loan is repayable in quarterly installments of \$4.0 million from February 2001 through November 2001 and \$6.75 million from February 2002 through November 2003. See Note 3, "Lines of Credit."

The \$150.0 million Senior Subordinated Notes are unsecured general obligations of J. Crew Operating Corp. and are subordinated in right of payment to all senior debt. Interest on the notes will accrue at the rate of 10-3/8% per annum and will be payable semi-annually in arrears on April 15 and October 15. The notes will mature on October 15, 2007 and may be redeemed at the option of the issuer subsequent to October 15, 2002 at prices ranging from 105.188% in 2002 to 100% in 2005 and thereafter.

The Senior Discount Debentures were issued in aggregate principal amount of \$142.0 million at maturity and will mature on October 15, 2008. These debentures are senior unsecured obligations of Holdings. Cash interest will not accrue prior to October 15, 2002 and the principal amount of the debentures will accrete at a rate of 13- 1/8% per annum and will be payable in arrears on April 15 and October 15 of each year. The Senior Discount Debentures may be redeemed at the option of Holdings on or after October 15, 2002 at prices ranging from 106.563% to 100% in 2005 and thereafter.

5. SECURITIZATION

In connection with the Recapitalization, a facility was entered into to securitize certain consumer loan installment receivables of Popular Club Plan, Inc. on a revolving basis. This securitization involved the transfer of receivables through a special purpose bankruptcy remote subsidiary to a trust in exchange for cash and subordinated certificates representing undivided interests in the pool of receivables and the subsequent sale by the trust of certificates of beneficial interest to third party investors. The Company has no obligation to reimburse the trust or the purchasers of beneficial interests for credit losses. This transaction has been accounted for as a sale in accordance with the provisions of Statement of Financial Accounting Standards No. 125 and accordingly the accounts receivable and the corresponding obligations are not reflected in the consolidated financial statements as of November 7, 1997. At November 7, 1997, \$42.0 million of proceeds were received from the sale of accounts receivable and a loss on sale of \$400,000 has been recognized in the statement of operations.

6. CAPITAL STOCK

Holdings' restated certificate of incorporation authorizes Holdings to issue capital stock consisting of:

- (a) 100,000,000 shares of common stock; par value \$.01 per share;
- (b) 1,000,000 shares of Series A cumulative preferred stock; par value \$.01 per share (the "Series A Preferred Stock"); and
- (c) 1,000,000 shares of Series B cumulative preferred stock; par value \$.01 per share (the "Series B Preferred Stock" and together with the Series A Preferred Stock, the "Preferred Stock").

In connection with the Recapitalization, Holdings issued 55,000 shares of common stock, 92,500 shares of Series A Preferred Stock and 32,500 shares of Series B Preferred Stock.

The Preferred Stock has an initial liquidation value of \$1,000 per share. The Preferred Stock accumulates dividends at the rate of 14.5% per annum (payable quarterly) for periods ending on or prior to October 17, 2009. Dividends compound to the extent not paid in cash. On October 17, 2009, Holdings is required to redeem the Series B Preferred Stock and to pay all accumulated but unpaid dividends on the Series A Preferred Stock. Thereafter, the Series A Preferred Stock will accumulate dividends at the rate of 16.5% per annum. Subject to restrictions imposed by certain indebtedness of the Company, Holdings may redeem shares of the Preferred Stock at any time at redemption prices ranging from 103% of liquidation value plus accumulated and unpaid dividends at October 17, 1997 to 100% of liquidation value plus accumulated and unpaid dividends at October 17, 2000 and thereafter. In certain circumstances (including a change of control of Holdings), subject to restrictions imposed by certain indebtedness of the Company, Holdings may be required to repurchase shares of the Preferred Stock at liquidation value plus accumulated and unpaid dividends.

7. STOCKHOLDERS' EQUITY (DEFICIT)

Stockholders' equity (deficit) decreased by \$296,718,000 from \$102,006,000 at January 31, 1997 to \$(194,712,000) at November 7, 1997. A reconciliation of this decrease is as follows:

Balance as of January 31, 1997	\$ 102,006,000
Net loss for the forty	
weeks ended November 7, 1997	(28,598,000)
Proceeds from the issuance	
of common stock	63,891,000
Preferred stock dividends	(1,005,000)
Costs incurred in connection with	
the repurchase of capital stock	(14,318,000)
Repurchase of capital stock	(316,688,000)

Balance as of November 7, 1997	\$(194,712,000)
